NO IMPROVEMENT IN VARSITY WORK OF THE SCRUB WAS THE ONLY REDEEMING FEATURE.

Coaches Concerned Themselves with the Weak Points in the Line. Some Changes Were Made.

The varsity practice yesterday was again held behind closed gates. The efforts of the coaches were spent in showing the various players on the fine points of their positions. Bb-Captain Beasley was on the field looking after Shibley's kicking, while ex-Captain Demorest coached his men to Hendricks at centre.

Lavin was the only open practice centre while Roberts replaced Searlett at end. Searlett playing quarterback.

Just as dusk the varsity lined up against the Scrub for a half hour scrimmage. The ball was started in the middle of the field and slowly worked to the Scrub territory for a touchdown after much opposition from the Scrub. The ball was then taken over by the Scrub's 20 yard line and again carried over the goal by all players except one who was injured.

The practice showed that 'Varsity played a rugged game while the Scrub were much improved. The line up:

Varsity. Scrub.

Oranski, left end. . . . Stone
Levens, left end. . . . Newmiller
Gallagher, left tackle. . . . Anderson
Shibe, right tackle. . . . Plaster
Bennett, centre. . . . Deschamps
Beasley, right guard. . . . Richters
Johnson, left guard. . . . Lavin
Lavin, centre. . . . Deschamps
Beasley, right guard. . . . Richters
Grindle, right tackle. . . . Plaster
Searlett, quarterback-back. . . . Lavin
Longwell, left half-back. . . . Hines
Dangerous, right half-back. . . . Purchas
Greeley, full-back. . . . Towanda

Arrangements have been made to have bands, and other entertainments. More men are needed however—men suitable for coxswains of the freshman boat are especially wanted.

By yesterday afternoon, in preparation for the Interclass Championship, which come at the end of the month.

The men are turning out well, and Captain Beasley expects to have the squadron in a good frame of mind by tomorrow.

More men are needed however—men suitable for coxswains of the freshman boat are especially wanted.

Albino DeAngelo, who was a member of the varsity last year, and who is now prominent in the lines for which they played, is now abroad at work for his degree, and who is now attending the University of Cambridge. De Angelo is now abroad at work for his degree.

Maryland Club Starts Year's Work.

The first State club meeting of the year was held last night, when the Maryland Club met in Houston Halle.

A meeting of the men of the Wharton School on Tuesday night, with a discussion of the athletic associations at the various schools.

SMOKING IN COLLEGE HALL.

Everyone has its price, and a due consideration students will agree that smoking on the upper floors of College Hall is out of place and utterly unnecessary. To light a pipe or cigarette as soon as class is over is possibly a necessity for some few students, but the majority can surely refrain from this enjoyment until they reach the basement. It does not beft the dignity of the building, nor is it without danger, for students to gather in the first and second floor halls and smoke before and after classes.

DISCIPLINE COMMITTEE.

The Discipline Committee, while especially in its certain worthy effec­
tions, has overlooked the Fresh­

men and the Sophomores to some extent, at least this year. There are points upon which both classes need instruction, and from the Discipline Committee this instruction should come.

Something that has not happened for many years, if ever before, was an unpleasant feature of the poster fight last week. This was the regardlessness with which the 1909 class posted their posters—wherever they saw a vacant spot in a conspicuous place. These posters should have been placed on the front doors of College Hall is deplorable. Although the University is no doubt intended for all undergraduates,

to enjoy, there is no reason why it

should be enjoyed in a way that dam­
ages the appearance of the build­
ings. There should be a certain code of rules governing the poster fight, which limits not only the place where the proclamations shall be posted, but also the area in which the fight shall take place. This year's fight was the best in many years, and it was an

edged because it took place within a comparatively small confine, both classes showing great spirit. We would recommend that the Discipline Committee regulate this important fight as they have already regulated the campus rush, so successfully that it is improved one hundred per cent. This action should be considered be­

fore the Freshmen post their reply proclamation.

The discipline Committee is also reminded that all the Freshmen are not wearing their black caps. There are times when Freshmen are assembled in large numbers, such as in chapel, or class meeting, or in the Harrison Laboratory. They should be

informed what the rule is. Many evi­dently do not know it.

The Discipline Committee is an ex­
cellent institution, and the Freshmen

and Sophomores should never be per­

mitted to forget that this committee

exists for a sacred purpose.

Although the University is no

doubt intended for all undergraduates,
CROSS-COUNTRY FOR TRACK MEN

This Work Will Be Used By All Men Excepting the Sprinters.

All candidates for the track and cross-country teams will report at Franklin Field on Monday, October 19th, at three o'clock. Signed: J. D. Williams, captain; R. E. Martin, manager.

A number of candidates for the track team have already reported to Coach Murphy for fall practice. The cross-country candidates are reporting daily at five o'clock. All new men will report at that time if possible, to obtain the training which is so necessary in this race.

For years Dutchess has been developing strong track teams from the preliminary cross-country work, in which everyone engages. Such work will be emphasized at Pennsylvania this year, as it is being everywhere. All track men except the sprinters will do a certain amount of cross-country work. To stimulate interest, the prizes at the fall games this year will be especially desirable. Caps will be given for first places and steins for second places.

The following men have been awarded their seniors, 1909. They are to leave the store of their caps in the training room at the gymnasium at once:

News of the College World.

—Eugene L. Morse, of New York, whose son is manager of the Brown track team, has offered to build a new athletic field house for the University.

—Captain Foster, of Harvard, complains that Harvard thus far reporting for football is too light, and that the number of candidates is also too small.

—A track and field club has been organized to promote track and field sports at Harvard. It is hoped that competition may develop between residents of the dormitories and classes.

—The Cornell Athletic Association has arranged for a twenty-mile cross-country Marathon race, to be run next month. A prominent alumni has offered a cup, valued at $150, for the University champion cross-country runner.

Push Ball Rush Next Tuesday.

A push ball rush has been decided upon by the Undergraduate Committee, to take place of the old football rush, which has proved unsatisfactory. The football rush was Inaugurated last year to take the place of the old ball rush, which the increasing number of students rendered too dangerous. An order for a push ball has been sent to New York, and if it comes in time, the light will be held on Franklin Field on next Tuesday. In case a push ball cannot be secured, the committee will arrange for some other sort of light.

Tutoring.

Tutoring—Ancient and modern languages and the English branches; Pennsylvania graduate, 1905; experienced; Address the Pennsylvania office.

Found—Money in Bills.

Found, on floor of the Dorm's office, a considerable sum of money in bills. Loser can have same by mail, prepaid. At once, J. R. Hunt, McVey's Book Store, 1229 Arch Street.

University Text-Books

Both cases and second-hand, for all departments, to be had at McVey's Book Store, 1229 Arch Street.
