JUNIOR COLLEGE CREW WON ITS SECOND CHAMPIONSHIP

DEFEATED THE SENIORS AND SOPHOMORES YESTERDAY.

Carraway of 1908, although handi-

abused by A. Sheerman

in Their Boat, were Winners.

In the annual fall regatta, held yesterday, the championship of the season went to the Junior Class Crew. The Sophomores finished second, a length and a half behind the third-year man, with a lead of two and a half lengths on the Seniors.

The eighties left the boat house at 2:30 o'clock and were accompanied by the leaping waves of the Jordan Ward, Dodge, and Clay, timekeeper. At the one-mile post of the Harlem course the crews were lined up for the start with the Senior's in the middle, the Juniors on the east bank, and the Sophomores on the west. Coach Ward stationed himself at the head of the line.

All of the crews started even and kept these relative positions until the four-mile mark. Keenah has now practically recovered from the bruised hand, which Coach Murphy thought better to rest.

FOOTBALL PRACTICE IMPROVED

Dr. Charles Wharton on the Field for the First Time This Season.

With weather conditions ideal and everybody in good condition, despite the hard game, on Monday afternoon. The Jefferson Squad, although the first day, was put through a practice session in preparation for the big game.

Keenah has now practically recovered from the bruised hand, which Coach Murphy thought better to rest.

THERE ARE 52 MEN WHO PASSED THE EXAMINATION FOR THE BOARD OF DIRECTORS OF THE PENNSYLVANIA SOCIETY TO MEET IN VETERINARY HALL THIS EVENING.

Veterinarian Medical Society to Meet

The Veterinary Medical Society will hold a meeting in the Veteran's Club Hall this evening at eight o'clock.

FIRST MASS MEETING TO-NIGHT

Several New Songs to Be Rehearsed in Preparation for the Big Games.

Tonight, at 7:30 o'clock promptly, the first mass meeting this year will be held in the Student Union, with the custom the song and cheer leaders will assemble with the students on the stage at the memorial clock, for practice in singing and cheering for the big games.

For the benefit of the Freshmen it may be stated that when the cry starts of the "one out for all" to-night, every man in the dormitories will do his share. The upper-classmen were particularly well represented last year at these meetings, and in account of their familiarity with the songs, is invaluable. Let them all come out and make a first meeting a good one.

Last year the Seniors, armed with the harmonium and manifestly benefited by practice, rather led us in the single-verse way, but this year we will win out vocally as well as athletically.

Printed copies of the songs will be distributed and several new songs will be the order of the day sheet and will assist in getting every man out.

Glee Club Divided Into Squads.

The fifty-two men who passed the examination for the board of directors have been divided into two squads, one practicing Tuesday and the other Thursday nights and both together on Friday nights.

At the first rehearsal of the Thursday night squad, held last evening, President Toklas, of the Combined Medical Clubs, read a letter from Mr. Arthur Church, thanking the members for their attendance at the Engineering dedication exercises.

There will be two good trips, one beginning on January 12th, with a concert at the Woman's Home and ending on January 15th, with a concert in the Cains Hall, and the other on January 17th and the other Thursday and the other on Friday nights.

A deposit of $10 will be required from every member, and each $1 will be taken for each concert cut, fifty cents for each rehearsal cut, and twenty-five cents for every lateness unless previously excused.

Architectural Society.

The Program Committee of the Architectural Society announces that the second problem for the members of the society will be a "contest lodge to be a private estate on the outskirts of Philadelphia. The drawings will be judged by Professors Osborne and Dillon, and will be due Thursday, November 1st.

player is a good thing, and should be rehearsed until perfect.

But the singing is the main drawback. The students have not coered with the leader in the proper manner. This may be due to the fact that the songs are not known to the undergraduates. The marching song has failed several times, due to our belief in the fact that the students were not familiar with the words and time. This should be mastered to-night, and the appearance of song sheets will leave no excuse with the undergraduates for feeble support. The mass meeting to-night demands the attendance of everyone, and is far the double purpose of learning songs and stirring up enthusiasm.

**UNIVERSITY LIBRARY.**

We have been notified that at least nine reference books are missing from the University Library. Whether this is an act of vandalism on the part of some undergraduate student or whether some undergraduate has associated himself with the book temporarily the result is the same. It is not so much the intrinsic value of these books as it is the inconvenience that the entire student body undergoes from their disappearance.

We sincerely believe that the person or persons guilty of this misdemeanor will rectify the mistake by speedily returning the books to their proper places.

**Track Games To-morrow.**

At eleven o'clock to-morrow on Franklin Field, the annual fall meet novice games will be held. All first-year men or those who have never won a prize at the University are eligible to compete. The following are the events:

- Two-mile run, 129 yards dash, 100 yards run, 1,000 yards run, 129 yards hurdle, 220 yards hurdle, high jump, and broad jump. Running clothes will be awarded to the winners.

**Evening Meeting to Give Smoker.**

At a special meeting of the Evening School Association last evening it was decided to give a smoker to the Club of 1909 Friday evening, November 9th. The committee in charge consists of R. E. Benner, chairman; Thomas E. McKiel, vice chairman; Henry B. Myers, treasurer. In the inviting for fourth place on the Executive Committee to break the tie between Joseph J. Brown, Arts, and Stanley, Arts, Brown was elected.

**Chess and Checker Club to Meet.**

The Chess and Checker Club will hold a meeting to-night, at 1:15, in the Houston Hall, and all students interested in chess or checkers are requested to attend. Signed: J. Henry Smythe, president.

**MASE MEETING TO-NIGHT.**

The mass meeting to-night is the first of the season, and is most needed. Although the cheering this year has been very good, we feel that there is still room for improvement. The cheer leaders have performed their work in a very capable manner, but the students need to have more bearing in the new arrangement of cheers. For example: If nine Pennsylvania are to be followed by three long hurrahs, let every student know this, and practice it always that way. The cheering for an individual

Seven Reasons

COMMUNICATION COLUMN

The Pennsylvania invites all members of the University to contribute to this column, but is in no way responsible for the sentiments expressed.

"Punch Bowl" Candidates Wanted.

To the Readers of The Pennsylvania:

Mere candidates are needed for the "Punch Bowl." Co-ed and art men as well as candidates for the business department. It is a physical impossibility to expect candidates or three men to produce as successful a comic paper in twelve weeks as the men could produce. Not many months ago the "Punch Bowl" was at least the peer if not the superior of the Harvard "Lampoon," the Yale "Record," the Princeton "Tiger," and almost any of the other big college comic periodicals. The "Punch Bowl" was but a partial success last year because the work gradually fell upon the shoulders of two or three men, already overworked with Mask and Wig and other undergraduate interests. A determined effort will be made this year to restore "Punch Bowl" to its former pre-eminent position, and with proper student support this can be done. The first call for candidates is brought out less than fifteen times; twice as many are more needed, and the others will be glad to meet all editorial candidates in this account, and last call today, at 1.15, in the Law School.

The Pennsylvania board has our sincere gratitude for their courtesy in allowing us to reach the student body through their columns.

An Entering Man. Mr. Tony Moscatello, one of America's most distinguished tonsorial artists, began his career at this University four years ago in the Houston Club. With enough luck to keep himself busy at that time, he realized that there was a large field for ultimate success. Always taking close attention to details in management, cleanliness and quality of work, he attracted the attention of both students and faculty. The Pennsylvania Shop, at 2643 Woodland avenue, of which Mr. Mos- catello is proprietor, has been newly redecorated, and is now the best equipped tonsorial and manning parlor in this section of Philadelphia. Beginning this week he will offer the first time in the East the Plain- eston House service of Milwaukee, Wis, a service which requires all the barber's work alike—shave barber and greater expense.
