The Freshman Class Wins Bowl Fight by 26 Hands to 22.

1910 is first entering class to win contest since 1903.

Miller was Bowl Man—Conditions ideal for Fight, Which Was Successful from Every Standpoint.

The annual Bowl Fight between the Sophomore and Freshman Classes was held yesterday afternoon on Franklin Field and resulted in a distinct victory for the first-year men. At every standpoint the fight was a success, and the holding of the fight in the fall instead of the spring has proved to be a gain. Both halves were well cooked up, the only feature that stood out was the contest being the large number of Sophomores who “poked it” after forty-five minutes of football. The Freshmen on the field evidenced the 1909 men fully to their cost. A large registration there is no such disparity in numbers between the two classes.

The fight was a clean one and spectacular. A large crowd of spectators occupied the north stand. The field was quite muddy, but this served only to make individual contestants more picturesque and the game was general. The Freshmen secured the contested being the large number of Sophomores who “poked it” after forty-five minutes of football. The Freshmen on the field evidenced the 1909 men fully to their cost. A large registration there is no such disparity in numbers between the two classes.

The Sophomore half was to touch the wooden bowl in the first move. When Haverford was permitted to touch the bowl the half lasted a few moments longer. The final score was twenty-six Freshman hands to twenty-two Sophomores. The fight was not as fast as yesterday, but was won by an equally decided margin. The Sophomores enjoyed the distinction of being the first Freshman Class to win a Bowl Fight in history.

The Referee—Russell B. Miller—gave the start. The Sophomore half was successful in winning on the north stand, but was forced back their opponents to the south goal post. The schedule for next week is as follows: Monday—98 vs. ‘98 Tuesday—96 vs. 97 Wednesday—96 vs. Architectural Department, Thursday—98 vs. 96 vs. 98. Games will be called at 3:30 o'clock.

Soccer Team Ties Haverford

The Haverford and Pennsylvania association football teams played a close game which ended in a 10-10 tie yesterday afternoon on Franklin Field. Neither side scored though the ball was in Pennsylvania’s territory most of the second half. Whenever Haverford had a good shot at goal it kept it out of the net. The Freshmen played the game superbly well. At the final whistle, none of the ball’s kicks being very effective when Haverford was on the offensive. Warner was Haverford’s outstanding player. The final score was 10-10.

The City Club to-day holds another of its public meetings in Price Hall, and the attention of all students interested in the cause of good government is directed to the afternoon's affair. This organization has, during the brief period of its existence, done immortal good in bringing speakers of prominence from Philadelphia and vicinity out to the University to discuss current municipal problems. The recent album of the club in making itself permanently non-partisan will meet with the approval of everyone and cannot but increase its measure of influence. The session of the afternoon, Colonel Sheldon Potter, needs no introduction to Pennsylvania men, and it is hardly necessary to again remind him of the hearty welcome which always awaits him at this University.

Both Sophomores and Freshmen are to be congratulated upon the success of the annual Bowl Fight, which was held yesterday afternoon on Franklin Field. The Freshmen are particularly to be congratulated because of their signal victory in the second or crucial half. It was almost to be expected that the first half would end in a draw, as the score stood 0 to 0, because of the conditions under which the half is fought. There was no uncertainty and no fluke about the second half, however, which was won in clean-cut fashion by the entering class. The freshman men have earned the enviable distinction of being one of the few Freshman classes to win this fight, 1906 having been the only other class which in recent years achieved this feat.

The fight, from the spectators' standpoint, was a most gratifying success. There was ample room in the stands for all who wished to see it, while the field itself, with a low stone wall at one end, was admirably suited to such an occasion. The fight, while not as bitter as those of 1904 and 1905, was conducted with great fairness on both sides. One thing is certain—the Bowl Fight has become a fixture for the fall. This date has proved in many ways superior to the April date, when so many members of both classes are invariably kept out of it. The success of yesterday's fight from every standpoint settled the problem, so far as the date is concerned.

Kendal Lecture on James Wilson. "Great lawyer and scholarly master of the science of government," James Wilson held his place in the vanguard of American national and State politics during the efforts of the most powerful of his enemies to pull him down. What Washington did with the army of the budding republic, what Jefferson was to the Declaration of Independence, what Morris was to the country's finance and Franklin to its diplomacy, James Wilson was to the Constitution." The foregoing is in part the estimate of the founder of Pennsylvania's Law School given by Mr. Burton Kendal in his lecture in College Hall on Tuesday.

Rhodes Scholarships.
One of the Rhodes scholarships to Oxford University, England, will expire with the end of this college year, and examinations will likewise be held about the middle of January, 1907, at a place to be announced later.

Candidates must be citizens of the United States, and between the sixteenth and twenty-first years of age. All must have reached the end of their Sophomore year in a regular college or university.

Candidates of course, must come from the arts or classical course in college, as Latin and Greek are the chief subjects of the examinations. Partial information regarding the examinations and the scholarships can be secured from President C. C. Herxen, who is the chairman for the Committee of Selection for the State of Pennsylvania.

Candidates may apply for the scholarship either in the class in which they hold residence or that in which they have attended college. The examinations which are held are not intended to be competitive, but merely qualifying. All candidates passing them will stand on an equal footing; the Scholar will then be selected from their number by the Committee of Selection in accordance with the provisions of the Rhodes will. These provide that, in the choice of a Scholar, "regard shall be had to (1) his literary and scholastic attainments, (2) fondness and success in outdoor sports, and the various qualities of manliness, and (4) his exhibition during school days of normal force of character and of instinct to lead and take an interest in his schoolmates."

The first scholarship, which was open three years ago, was secured by Thomas Ellis Robinson of the Class of '94. C. Robbins was prominent in scholarship, debating, college newspaper work, and in Drama, both Mark and Wig, and proved an ideal candidate. The following year Pennsylvania had no candidate, and a student of the Western University of Pennsylvania secured the honor.

"Wuthering Heights" of Emily Bronte... "The Jungle" is the production at the Walnut Street Theatre this week. The novel has been dramatized by Margaret Mayo and Upton Sinclair and produced by the Jugl Theatre Company, Incorporated. George H. Breenan, manager. The story of "The Jungle" has its inspiration in the conditions at Chicago stockyards and packing houses, and is a vivid life history of a Lithuanian family. The conclusion is a sequel to the published story, giving a happy closing scene on a farm. The human interest centered in Jurgis and Ona, rather than in the Packingtown expose, has been made the keynote for the stage construction. Jurgis and Ona, young Lithuanians, are married in the first scene in this back country town of a ramshackle saloon. The quaint characters appearing in this scene afford an opportunity for dramatic color, which is both pathetic and humorous. Jurgis obtains employment in one of the packing houses and is discharged and blacklisted, with his entire family, by an unscrupulous "boss" foreman who uses every means secretly to force attendance upon the pretty young wife. When Jurgis discovers the cause of all his sufferings he seeks the foreman and seizes him into the slaughter pens, to be trampled to death. Jurgis is sent to prison for five years. His family in the meantime is sent by a farmer to his cousin, where Jurgis at length joins his wife and children.

THE PENNSYLVANIAN
The Marnon—
Demonstrates Superiority of An Air-Cooled Cylinder with Gears in Low Speed

A fifty-mile run up and down Broad Street, with the lever locked at low speed, gave the test performed November 24, 1906, by the Marnon Air-Cooled Car. This test is the severest to which an air-cooled car could be put, and it has proved that the cylinders of a Marnon engine will remain cool when the car is geared at low speed, no matter how steep the hill to be climbed. The strain to which the engine was put could be imagined—they averaged 800 revolutions a minute.

THE MARMON IS THE ONLY CAR IN THE WORLD WHICH HAS SUCCESSFULLY MADE THIS TEST.

Mr. Frank R. Rutherford, Secretary of the Pennsylvania branch of the S. P. C. A., locked the lever in low speed gear before this run was started.

AN SCYLLYD MARMON MACHINE, THE ONLY SCYLLYD CAR IN THIS COUNTRY, WILL BE EXHIBITED AT THE PHILADELPHIA AUTOMOBILE SHOW. WATCH FOR IT!

The same company that bring you the "Toronto World" said about "Girla Will Be Girls." Tuesday, November 6th. The same company will be seen at the Grand Opera House during the week.

"A laugh, a hurrah, a scream, is the best way to describe the musical comedy, 'Girla Will Be Girls,' at the Grand this week. It is a splendid medicine for that tired feeling. Last night everyone enjoyed the production. The comedy is clear-cut and refined, not allowing one dull moment. At least it was just a hit funnier than usual. His sarcastic nosing. His characteristic portrayal of the game-loving professor, and his singing, have secured him to the audience. ** * The Sprout Sisters, or Rosencrants, are a revelation, and they show conclusively what can be done by dressing. Maud Gray, a soprano; Charlotte Tovey, who helps, and Lily Dean Hart, also assisted in keeping the best possible spirits. ** * The chorus possess delightful singing voices."

Maitlin will be on Sunday, Thursday and Saturday at the usual popular prices of 25 cents throughout the entire house, every seat reserved.
