**PRIESTLEY CHEMICAL SMOKER**

An Interesting Program Offered at Last Night’s Meeting of the Club.

**WET FIELD RENDERS THE PLAYING OF BOTH TEAMS BLOCK.**

The final game in the interclass football championship series was played yesterday between the Seniors and Sophomores, and resulted in a tie score, 4-4. Both scores were made in the second half, Halkett and Brown kicking goals from the field. Brown kicked his goal from the thirty-yard line with but fifty seconds to play, while Halkett was made world in the half from the forty-yard mark.

The first half was mainly a kicking contest, in which both teams were evenly divided between Shible and Brown. In the second half the Sophomores’ playing improved over that of the first half, and Townsend and Halkett were made to make large gains over the previous game.

After Halkett had kicked his goal the Seniors scored the ball and Dyre missed a delayed pass from which Shible carried the ball to the ten-yard line. The Seniors failed to score in the three downs, and Shible punted. The ball was run back again to the thirty-yard line where Brown kicked his goal from the field. Meanwhile the Sophomores had objected to Timekeeper Le-"sine, so Trainer “Blue” Murphy took the watch.

The Sophomores challenged the Seniors for another game, to be played next Saturday, and the utter arrangement was made: Line up:

**Subjects of the Debate.**

Seniors—R. D. Hawley, captain, left wing; H. R. Bryans, left end; J. D. Thompson, left guard; W. H. Hawyer, right guard; A. S. Carter, right tackle; J. W. Townsend, Jr., right end; R. S. left half-back; C. C. Brown, right half-back; C. D. & Y; right end; F. C. Rogers, left end; J. W. Walton, left half; F. W. Beb- lings, left guard; March, centre; H. E. Ochs, right guard; J. V. Hoffecker, right tackle; Weidinger, right end; L. R. Garrison, A. B. Freeman, half-back; W. A. Halkett, half-back; Wears Holmes, quarter-back; S. Townsend, full-back.

Time of halftime—15 minutes.

**Haverford School Club Meets.**

The Haverford School Club met yesterday in College Hall and elected the following officers: President, L. Lee; vice-president, J. D. Esterly; secretary, A. A. Green; treasurer, J. A. McCusky.

**Freshman Basketball Notice.**

The following men have been elected to the game tonight with Northeast Manual:

Few men have reported to Captain Muhlenberg for the swimming team.

**Phonograph Dance Committee.**

The Sophomore Dance Committee yesterday heard the reports of the sub-committees. The date for the dance has been fixed for February 1st.
The subject of the William H. Bald
win Prize Essay Competition is an
nounced today. It is "The Relation
of the Municipality to Its Water Sup-
ply." The object of this competition, for
which a prize of $150 is offered, is
to promote the study of municipal
problems among college students all
erover the United States. Last year it
was awarded to a student at the Uni-
versity of Illinois. Undergraduates of
this University should take a particu-
larly keen interest in this subject this
year. Not only is there better ma-
te" and conditions for study right
here in one of the finest colleges we see a a University; where a special depart-
ment devotes considerable of his time
to the study of civic problems. There
is also a civic government club here.
Among all these sources of inspiration
someone should be found able to util-
ize his advantages and give Pennsyl-
vania the honor of winning this prize.

The interscholastic football champi-
nship is still undecided. In yesterday's
game between the Seniors and Sopho-
moses both teams were so evenlj
balanced that it was impossible to judge which was superior. All
class teams seem to be equally
good, even though the Freshmen have all year been coached to have the
greatest gridiron aggregation because of
their victories over the Carroll Fresh-
men and other teams outside known to be good; but they have been de-
fated by the Sophomores 6-0.

Strangely enough the Seniors beat the
Juniors by the same identical score.
In the present state of affairs it seems
as though the class championship
should be decided definitely, and for
this reason it appears advisable for
the Seniors to play a deciding game
with the Sophomores as soon as pos-
ible. It would also be interesting to
have a game between the Juniors and
the Freshmen for the consolation prize.

Lancaster County Club.
A meeting of the Lancaster County
Club was held in the Houston Club
last night. It was decided to hold a
joint smoker with the Juniorduring the
holidays. The smoker will be held in
the Hamilton Club at Lancaster on
Friday evening, December 28th. The
meeting was addressed by Provost
Harrison and Vice-Provost Smith.

Rhodes Scholarships.
Provost C. C. Harrison, who is
chairman of the Rhodes Scholarship
Committee for this State, yesterday
received word from the Rhodes Trust
in London that the next qualifying ex-
amination for the Cecil Rhodes schol-
arships from the United States has been
fixed for January 17 and 18, 1907. The
place where the examination will be
held for the State of Pennsylvania
has not yet been determined. The can-
didates must successfully pass a
qualifying examination. The commit-
tee in charge elects from those who
have thus qualified the fortunate
scholar. The selection of scholars for
1907 will be completed before the end
of March, and the elected scholars will
be placed in residence at Oxford about
October next. It should be clearly un-
dertstood that the examination is not
competitive, but simply qualifying, and
is merely intended to give assurance
that every selected scholar is up to
the standard of the first examination,
which Oxford University demands of
all candidates for the R. A. degree.
Candidates must be unmarried and
must be citizens of the United States.
They are eligible who have passed their
sixteenth birthday, but have not passed	heir twenty-fifth birthday on October 1st of the year in which
they are elected.

Lancaster County Club.
At the recent fall meeting and smoker of the Lancaster County
Club, held in the dormitories, plans
were laid for an informal smoker to be
given at Williamsport during the
Christmas holidays. The date set is
December 22nd. All prospective col-
lege men will be asked to attend the
smoker, which will be given at the resi-
dence of H. P. Braddock, '10 C.
A. L. Smith, the Freshman football
coach, will be present to give one of
his stirring talks. At Easter Dr. E.
Smith and T. B. Donaldson will be
in Williamsport to address a formal
reception, held by the club for the
same purpose.
The following were initiated at the recent
meeting of the club: H. P.
Braddock, '10 C; A. A. Miller, '10 C;
T. Crooks, '10 C; D. Reemer, '10 M.
all of Williamsport, and A. E. Barton
'19 M., of Jersey Shore. The follow-
ing officers were elected for the en-
ing year: President, L. H. Way,'10 C;
vice-president, C. R. Seaby, '10 C;
treasurer, D. Reemer, '10 M.; sec-
retary, G. L. Brown, '10 C.

Lyric—"The Belle of London Town."
By their production of the comedy
with music, "The Belle of London
Town," the vehicle in which Camille
D'Arville, the comic opera star, re-
turned to the stage, the Shubert firm
have shown that their resources in the
field of musical comedy were by no
means exhausted. "The Belle of Lon-
don Town" is the production at the
Lyric this week. It is one of the
most pretentious and artistic produc-
tions ever made by the Shuberts. "The
Belle of London Town" was a
prominent factor in society during the
dramatized age of the house of Hanover.
The atmosphere of that foppish period
in England has been carefully pre-
served, and the court costumes and
uniforms are historically correct, hav-
ning been designed from specimens in
the British Museum.

Musical Clubs Concert.
The Combined Musical Clubs will
give their second musical concert at
the Spring Garden Street M. E.
Church, Twenty-fifth and Spring Garden
streets, this evening at eight o'clock.

1906 Executive Committee.
Meeting of the Executive Commit-
tee of the Junior Class, College, at
1:30 this Friday afternoon in the lobby
of the University Hotel. Members:
H. W. Palmer, vice-president.

Interclass Bowling Tournament.
The 19 C bowlers took two games
out of three from the 19 J team yest-
day in the interclass tournament.
Xmas Gifts
Are you thinking of giving your room-mate a Christmas gift? If you live in the dormitories or in a "frat" house where electricity is used, nothing would be more acceptable than an Electrical Shaving Cup, or Chaffing Dish. Cigar Lighter or French Coffee Urn.
A late Supper or early Breakfast would be a matter of five minutes preparation, if you used Electrical Appliances.
See the Electrical Establishment at Wannamaker’s and Gimbels Bros,’ stores—Housekeeping Department, or call on THE PHILADELPHIA ELECTRIC CO.
Xmas Gifts

Mr. Brazer’s Method.
A novel as well as an effective demonstration of the efficiency of an air-cooled cylinder engine is being given on Broad Street on November 26th by H. Bartol Brazer in a Marmon car. Herefore it has been established that the cylinders of air-cooled automobiles would become overheated in climbing long hills, which operation would of course necessitate the car going at low speed, and in order to discover this statement, Mr. Brazer, who represents the Marmon in this city, negotiated fifty miles on Broad Street, using only the idle speed. By mutual agreement Frank B. Rutherford, secretary of the Pennsylvania Society for the Prevention of Cruelty to Animals, locked Mr. Brazer’s speedometer on the low gear that Sefov the start was made and retained the key until the half century run had been completed. The car traveled at the rate of about six miles an hour. The strain to which the engine was subjected can be imagined when the fact is taken into consideration that they averaged 90 revolutions a minute. The Marmon Automobile is said to be the only car in the world which has made a tent like this, and Mr. Brazer, who drove the car, received many congratulations for its success.

The superiority of air-cooled cars over those of the water-cooled variety has long been a bone of contention among automobile people, but this severe test made by the Marmon has justified the philosophy of the air-cooling method in their claim to merit. Mr. Brazer has long desired to prove that this car could stand the severest test, and, judging from the performance of November 26th, it seems that he has demonstrated the unusual merits of the Marmon car in the satisfaction of the most skeptical.

Mr. Brazer intends to exhibit his car in the Philadelphia Automobile Show. It will be shown, he viewed with considerable interest by automobilists from all over the country.

Mr. Brazer is a mechanical engineer from Cornell, and having many friends in the University, is often seen at Psi Upsilon Chapter House, of which on the campus were often in the be a member.

**

Grand—"Girls Will Be Girls." What the "Toronto World" said about "Girls Will Be Girls," Tuesday, November 6th. The same company will be seen at the Grand Opera House during this week.

"A laugh, a barrow, a scream, is the best way to describe the musical comedy, Girls Will Be Girls," at the Grand Opera House. It is an electric meditation for those tired feeling. Last night everyone enjoyed the production. The comedy is clever and refined, not allowing one dull moment. Al Leech was just a bit braver than usual. His eccentric dancing, his character portrayal of the game-loving professor, and his singing, have earned him the title of "the great dancer." But the greatest moment of the evening was the scene between two late night stars, when the curtain was down and the lights were up, and the actors were free to unplugged singing voices. Meninas will be on Tuesday, Thursday and Saturday at the usual popular prices of $4 to $10 per pupil than their "best" compositions.

The Marmon—

Demonstrates Superiority of An Air-Cooled Cylinder with Gears in Low Speed

A fifty-mile run up and down Broad Street, with the lever locked at low speed, was the first performed November 24, 1906, by the Marmon Air-Cooled Car. This test is the newest to which an air-cooled car could be put, and it was proved that the cylinders of a Marmon engine will remain cool when the car is geared at low speed, no matter how steep the hill to be climbed. The strain to which the engine was put could be imagined—they averaged 860 revolutions a minute.

THE MARMON IS THE ONLY CAR IN THE WORLD WHICH HAS SUCCESSFULLY MADE THIS TEST.

Mr. Frank R. Rutherford, Secretary of the Pennsylvania branch of the R. P. C. A., locked the lever in low speed gear before this run was started.

AN 8 CYLINDER MARMON MACHINE, THE ONLY 8 CYLINDER CAR IN THE COUNTRY, WILL BE EXHIBITED AT THE PHILADELPHIA AUTOMOBILE SHOW. WATCH FOR IT!
