We appreciate the energy of the crew manager and his efforts to notify all available candidates of their duty to report today in the Gymnasium; but we criticise his method of posting and tacking the signs on all available and undesirable places. It was only a short time ago that The Pennsylvanian waged a campaign against obnoxious signs on the campus, and only for consistency must again voice our sentiments against the free method of placing attention notices around the grounds. There are plenty of places in the different halls where these posters can be placed without any extra signs on trees and fences, that mar the beautiful appearance of our campus.

We feel that the manager has allowed this to happen through carelessness and thoughtlessness, and that the same thing will not need any further comment.

The Pennsylvania with a large host of candidates in view can usually look forward to a fairly successful 'Varsity crew, but this year all minds must agree that Coach Ward will have a hard task to develop a winning combination. In aquatics the best knowledge and strongest qualifications for a good eight are mainly acquired by practice. The prospects last June were very bright, for with the return of the last of last year's crew, who are sure of winning this spring, there will in all probability prevent his rowing from an attack of typhoid that he reached latitude 87 degrees, 6 minutes north, and will deliver the second-act comedy by Lablache on Friday afternoon in the Theatre.

In addition to the game with Pennsylvania on Thursday the University basketball team played another game just past week. This was with the United States Military Academy at West Point on Saturday afternoon, and resulted in a victory for the University team by the score of 29 to 27. The score when time was called at the end of the second half was 27 to 27, so that a third period had to be played. The winning basket was made by Hagenbuch on a fine shot from the middle of the floor. The work of the University team was superior to any that has been displayed during the season.

Commander Robert R. Peary, C. E., U. S. N., the famous Arctic explorer, will deliver the third of the series of Pioneer lectures in Alexander Hall next Friday. Commander Peary will speak on the results of his "Farthest north" expedition in which he reached latitude 87 degrees, 6 minutes north, and will illustrate his remarks with stereopticon views.

The French Club is now holding trials for positions on the cast of the play which it will act some time next spring. The play, which has been selected is a two-act comedy by Lablache entitled "La Poudre aux Yeux." Indoor track has been held daily during the week, as have also the regular practices of the gymnastics, wrestling and fencing teams. On Saturday the fencing team held an exhibition meet with the Tata Verdi of New York City in the fencing room of the Gymnasium. No decisions were given for the bouts, which were practiced.

Professors Hanski and Borthwick are very busy for the future under his guiding hand. We wish Captain Enni a successful season, and hope the undergraduates will realize their duty and respond in numbers.

PRINCETON LETTER.

The University hockey team defeated the Dartmouth team at the St. Nicholas Rink, New York, on Wednesday evening by the score of 3 to 2. The match was a very close one during the greater part of the game, and it was only until near the end of the second half that the superior team work of the University team came into evidence.

The wrestling meet for novice open to all men not members of the University wrestling team was held in the Gymnasium Tuesday evening. Silver cups were awarded to the following men for winning twice in their respective weights: T. N. Hinds, '97, middle weight; E. D. Reinitz, '97, middle weight; R. H. Flesher, '97, heavy weight.

News of the Basketball Squads

The basketball practice held in the Gymnasium last night was very fast and encouraging. All the 'Varsity men were out and many of the seniors. The Freshman practice was also good. The Freshman basketball team has developed into a smart and strong combination, having won the three games it has played 1-2. Good work and fast shooting. They have defeated Northeast Manual by the score of 14-12, Brown Preparatory by the score of 17-3, and last Saturday defeated the high school undefeated Swarthmore Preparatory team easily winning 24-6.

The following is the official schedule for the remaining games; other games are pending.

The team, composed of seven men and Manager Foster, will leave tomorrow for Hannover, N. H., where they will play Dartmouth on Thursday night. Friday the team plays in Pittsburg, Mass., and on Saturday at Providence with Brown University. Fordham is played in New York on February 24th.
