PRINCETON LETTER.

Princeton, N. J., January 29th.—The University fencing team defeated Yale in a dual meet held in Princeton on Saturday, by winning five out of the nine bouts. At the end of the eighth bout the two teams were tied, each having won four bouts, and the last bout was decided by a draw at the end of the regular time, but at the end of the extra period the Princeton fencer was declared the winner of the bout, thus winning the match. The members of the New York Turn Verein fencing team acted as judges, and remained for some informal bouts with members of both teams. The Judges and members of the Yale team were allowed entertainment at the Princeton hotel.

The basketball team played two games last week but lost, both to Yale and Harvard, in close and well-contested matches.

TRACK MEET WITH CORNELL.

A Relay Team is Entered in the Col- lumbia Indoor and Outdoor Meets.

In regard to the reported four-mile relay meet which George Orton, the famous ex-Pennsylvania track champion, is arranging for Washington's birthday between Cornell and Penn, and will be held on the west side of the city, the members of the Princeton team are responding in full force.

Two more enthusiasm cannot be laid on the necessity of developing a first-class man. Before the cross-country run at Princeton, Coach Murphy said that we had three men better than any three men in the country, and so it proved. Had our fourth man, Rayton, who finished fourth instead of seventeenth, we would have won the meet as well as individual firsts.

The University swimming team will probably take place early in February. On February 15th the first deal match with Columbia will be held in the inter-collegiate series. The Chicago Athletic Club will be our opponents at Northwestern University on Tuesday, February 19th. On the following Friday the team will be east for home.

An extensive Western trip, to take place during the Eastern holidays, has been arranged. The University swimming team and water-polo squad, consisting of about ten men, will travel to Chicago to meet successively the Chicago Athletic Club team in a return match, the Chicago University team, the Illini Yacht Club, the Pennsy lania Engineering College team, the Indiana Athletic Club, and probably one or two other teams, with whom negotiations are pending.

The Varsity basketball team has just returned from a very tedious trip through the New England States. On this trip they played and defeated the leading teams of M. C. A. team and that of Brown University in both cases by the best of team work. Their first game of the trip was with Dartmouth at Hanover, N. H., to whom they lost. Their second game was with the Wm. and Mary, but they did not score a single point, but in this case the team was justified for playing under its usual form if it ever was. Owing to poor train service they were obliged to ride to the previous night. And owing to heavy snows and a delay of two hours and a half had to ride to Hanover in snow, and were consequently very much fatigued. They arrived on the floor at 1 P. M., and played without having eaten anything since noon.

Last night at eight o'clock they played Swarthmore at Swarthmore. The usual position of the university in view of the condition of the team after its hard trip and its game with Swarthmore tonight. It is very doubtful if they will be given any more practice this week, owing to the game with Yale on the Gymnasium floor on Friday.

By the NYU Jewish Chautauqua Circle, there will be a meeting of the Jewish Chautauqua Circle in Room 12 of the Chemistry Building on Wednesday.

TUESDAY, JANUARY 22, 1907.

The number of candidates reporting for the battery positions on the Varsity baseball team must surely have disappointed both Coach Judd and Coach Blakey. Although Freshmen candidates are not eligible for Varsity teams and have not been called out, the students aspiring to be pitchers or catchers should be many times the number to report yesterday.

Baseball at the University has been in a slumber for the past few seasons, and the underclassmen, although they by far come out ahead of candidates for the Mask and Wig Club house this Tuesday between 8 and 10 o'clock, will be held in suspense until the final date of the annual pictures at Gillett's, 1535 Chestnut street, has been extended to Saturday, January 20th. The assessement of $1.50 for the insertion of the picture in the Record must be paid by the above date.

1907 College Record Notice.

Owing to the bad weather of the past week the time limit for the taking of the pictures at Gillett & Benton's, 16th and Chestnut street, has been extended to Saturday, January 20th. The assessment of $1.50 for the insertion of the picture in the Record must be paid by the above date in one of the following committee:

Dennis, Maxmillan, Van Bopay or Dole. If the above date will be in the Houston Club trophy room each day during the week between 12:30 and 2 o'clock. No student's picture will be inserted in the Record unless he has fulfilled the above requirements.

The following reported for the Sophomore Banquet Committee.

Dennis, Maxmillan, Van Bopay or Dole. If the above date will be in the Houston Club trophy room each day during the week between 12:30 and 2 o'clock. No student's picture will be inserted in the Record unless he has fulfilled the above requirements.

The Record Committee.

Sophomore Banquet Committee. The following men have been appointed for the Sophomore Banquet Committee:

Junior Class Canes.

The first lot of the Junior Class canes arrived yesterday. They have dark-grained sticks with the University seal on the silver top. The class numerals, 1908, are inlaid in silver on the side of the stick.

Special Glee Chorus Notice. All of the thirty-two men whose names appeared in yesterday's Pennsylvania were reported at the Mask and Wig Club house this Tuesday afternoon. Their appearance, for the first time, will be heard of the special glee chorus this evening.

Junior Banquet Committee Meetings. At a meeting of the Junior Banquet committee yesterday the final date of the annual class banquet was set for Tuesday, March 14th. Arrangements are being made to hold the banquet at the Roosevelt, 2507 Chestnut street.

Montgomery County Club. The Montgomery County Club will hold a meeting for reorganization this evening at eight o'clock, on the third floor of Houston Hall. Dr. E. F. Smith will address the members of the Club.

PRINCETON LETTER.

(Continued from First Page.)

Commander Robert E. Peary delivered the third Track lecture in Alexander Hall last week. Commander Peary shortly before leaving on his last expedition was presented by Professor Edward Drinker Cope, a Princeton flag, which he carried with him across the Arctic Ocean and unfurled at the point farthest north. His attractive personality and excellent delivery, combined with his flow of humor and sentiment, made the lecture one of the most interesting ever delivered here.

The University hockey team defeated Harvard in a close and exciting game Saturday evening at the St. Nicholas Rink by the score of 4 goals to 3. The play throughout was fast and aggressive and unusually exciting, the score being tied three times. Princeton won the game principally through the heavy checking abilities of the team and its low and accurate work of the forwards. Princeton led at the break in the intercollegiate series with a record of three games won and none lost.

Mr. Spalding to Play Before King.

The Herald's European edition publishes the following from its London correspondent: "Albert Spalding, a young American violinist, has been selected to play at the next smoking concert of the Royal Amateur Orchestra Society at Queen's Hall, February 14th, the Prince of Wales being in the chair. I may mention also, though the matter is being kept very secret, as King Edward is adverse to having his name published as being a patron to any entertainment, that he will be present, occupying a seat at the right hand side of his son, just as a principal guest would be the place of honor beside the chairman at any assemblage. The program to which Mr. Spalding has been invited to contribute will include such great names as Sarasate, Miecha and Elman Kreisler."

$5,000 Given by Unknown Donor.

A donor who will not allow his identity to be divulged has given $5,000 for the expedition to Alaska of Dr. George Byron Gordon, instructor in Anthropology. Dr. Gordon will start for Alaska early in April, and will pursue the investigations which he initiated on his last expedition, summer before last. He is engaged in a study of the racial characteristics of the Eskimos, their civilization and their relations with allied peoples. Although he gathered many valuable specimens on his last trip and secured many interesting pictures, he does not expect to be able to publish the complete result of this investigation for several years. He has already visited many places never before reached by a white man.

Philomathean Society Committees.

M. H. Hicken, moderator of the Philomathean Society, has appointed the following committees for the ensuing term: Appeals—Gifts, chairman; Roebel, Goodwin, Krantz and Whitefield; Admissions—Ingh, chairman; Keesey and Richardt. Library—Pransen, chairman; Elliott, Miller, Fauset and Kleebrink; Yearlings—Wanger, chairman; Paul, Holland, Barker and White. Friece Debate—Elliott, chairman; Wanger and Pransen.

"Soccer" Game in February.

The "soccer" game with the Meion Cricket Club, which was not played on Saturday because of the poor condition of the field, will take place some time in February. Manager A. R. Montgomery has not been able to arrange for an exact date.

Next Saturday afternoon the team will meet the Philadelphia and Reading Y. M. C. A., and on February 9th will play the Haverford team.
