BASEBALL CANDIDATES ARE CUT FOR THE SECOND TIME
SQUAD NOW CONSISTS OF ABOUT FIFTY MEN. WHO REPORT DAILY.

Coaches are Still Doubful of Developing a Winning Team from the Material Which Is at Hand.

With a list of more than fifty candidates remaining as a result of a cut in the squad yesterday, Head Coach Blakesley, of the baseball team, is still blue over the prospects for a victorious campaign this year.

It seems that, although the number of candidates is large enough, the coaches are forced to cut them frequently in order to give the players of ability an opportunity to make a favorable showing. This fact was made quite evident yesterday afternoon when thirty men were dropped from the list and that they need all the work they can get to improve themselves.

The efforts to increase the number of candidates by holding a mass meet

ning have been quite unsuccessful, but few men of real college ability have reported within the last two weeks. Therefore nothing has been gained in the way of bringing in new talent. The present squad is quite satisfactory, but few men of good ability have reported in the last two weeks.

The Chicago team is made up of Wampeter, Hand, Crane, Quirke and

more Borsman. The polo team is: Koehn, Laughin, Alldrick, Boyd, Da

nian and Haley.

In the 26 yards the local men are expected to have tricks pretty much

the same as in the dash of last week. The Quakers will have to do much

better in the event than the Harvard team did last week to win. The

Chicago team in their meet at Columbia averaged 19.93.

Pennsylvania's Playing Team.
A communication from Mr. Edward W. Wood in today's issue shows the attitude of the Christian Association toward the idea that the public should be excluded from Houston Hall audi- toriums. It is obvious when a large number of students is likely to be present. This position seems to be entirely fair towards the undergrad- uates.

The problem of excluding all the University faculty and students is a difficult one to solve, and the Christian Association may have unpleasant experiences in carrying out any plans they may make to this end. It is represented that there are students who are usefully connected with the University, even those who do not contribute to the support of the Sunday services and, even though they certainly have a right to attend. Even though, as Mr. Wood says, the fund that pays for these services is supported by those who would not be able to attend if the Boynton offering which is devoted to the Settlement work, might not be practicable for the students to undertake to support this fund themselves, and thus show their right and claim to procedure on all occasions.

It is known how many men and women who are usefully connected with the University (a fact that pays for the liberal service and, even these certainly have a right to attend. Even though, as Mr. Wood says, the fund that pays for these services is supported by those who would not be able to attend if the University Commons would be a very valuable institution if it could be run as a profit-making scheme, but would have to be established merely to benefit the non-pensioners, as it is a difficult one to solve, and the Christian Association may have unpleasant experiences in carrying out any plans they may make to this end. Freshman Adopt Honor System.

To introduce the honor system into the Freshman class of the Wharton School a meeting of the class was held yesterday in Logen Hall. After telling the purpose of the meeting President Hummer introduced Professor Wilmer, who spoke at length on the advantages of the system. He said in part:

"The honor system was adopted last year by the three upper classes. After some opposition the idea was carried through, and has been enforced ever since, and has worked admirably. We are convinced that it is a good thing, and we should like to see the Freshman class partake in the advantages set forth by this principle. We believe the reason it has not succeeded so far in the Freshman class is because the seriousness of the violation has not strongly been impressed upon the minds of the underclassmen. The mid-year examinations given under the honor system were given entirely on the professors' responsibility, and we have no power to correct the violation, but we would like to see such violations eliminated from the Wharton School. In putting a man on his honor more work is gotten out of him than could otherwise be obtained, and by the time he graduates his moral character will be as well formed as if no one were to doubt his honesty or integrity."

Walter C. Neely, Secretary of the Wharton Association, said: "We think a Freshman's honor is as good as an upperclassman's and that he should be allowed the privilege of this system, but we do not want to force it on you. If you have anything to say against it, now is your chance."

After some discussion the Freshman class unanimously adopted the honor system, making it uniform throughout the Wharton School.

An election for Freshman representative on the honor system board was then held, and Money defeated Daily by a close vote.

Architectural Smoker.

Nearly two hundred men of the Architectural Department attended a smoker last night, at which the dress rehearsal of the architectural play was given. The smoker was held in the studio at Thirty-sixth and Spruce streets, named for the present "Grib Street Theatre."

The play was an entire success, being well acted and interspersed with song and dance specialties. The "knocks" at the members of the Architectural Faculty were heartily applauded by the professors in the audience.

Coming Attractions at the Grand.  Miss Devee will be seen in the Jamie role in 'The Vanderbilt Cup,' which comes to the Grand in March.

N. W. and Billy B. Van, both prime favorites of Philadelphia theatergoers, will return to the Grand in March. In the early spring.

"Punch Wheeler," who enjoys the distinction of being the funniest man on the stage, is the advance representative of "Lev Rockstoker's Minstrels," which Manager G. A. Wragg, founder of the Grand Opera House, has booked for a week's engagement, beginning February 25th. Mr. Wheeler is also an author. His latest work is a satire on theatricals, bound book form. Every celebrity of stage and picture is pictured on its pages, but no thought was given to the attachment of the correct names. Under the picture of Marie Denvier is the name, "One of the Cherry Sisters," and vice versa.
