Decision is rendered only after long deliberation. Helton and Paul excel for their respective teams in the debate.

For the most Indiscriminate situation in the form of allied groups of students will not be permitted to inaugurate a new custom—Mr. Clayton F. McMicheal, president of the class of 1907, has received the acceptance of the College Seniors' fence, the members of the fourth-year class to return their etherization cards to the office as soon as possible.

The ten-mile and ten-mile hurdle—The forty-two plants, including the twenty public and twenty-one private, will compete in the next season.

For the Oral time Milo season the Freshman drawing room—19, 2nd, 9.15-10.15; 527, Monday, June 10th, 2.15-3.15; 9.15-10.15; 505, Friday, June 11th, 9.15-10.15; 1.16. The following will take the 12.45 o'clock train from West Philadelphia Station for New York to play the 1 hour, 10 minutes, 1.16.

The Freshman baseball team will play the first of a series of games with Cornell this afternoon on Franklin Field. The game will be called immediately after the track meeting, and it promises to be one of the best interscholastic games played this season.

In Denison the Ichibans have one of the best places that ever represented them on the diamond and their work in today's game will be closely watched. About a month ago they pitched a fourteen-inning game and lost it by his own batting.

In all probability Bradford will oppose him. The latter's work in the Yale game Saturday stumps him as a pitcher of the first class.

Last year in an intercollegiate game Cornell won by the close score of 2 to 0, the result for the season up to this moment.

This line up will be practically the same as it was last Saturday. Both Brown and Thomas have recovered from their injuries and will play their regular positions.

The results of games played by the two teams to date show that they are very evenly matched. However Cornell dropped a game to Columbia in the face of strong opposition.

The line up and batting order:

Cornell—Hollant, shortstop; Edelheit, second base; Sleeth, first base; Brown, third base; Hatchets, catcher; Fliss, first base; Higus, centre field; Desson, pitcher.

Pennsylvania—Henry, centre field; Webb, right field; Judd, first base; Robinson, third base; Higus, shortstop; Wilson, left field; Coriran, shortstop; Brokaw, second base; Brady, pitcher.

Cricket To-Day with M.C.C.

The cricket team meets the Motion Cricket Club eleven at Haverford this afternoon. This game is an important one owing to its bearing on the final make up of the team. From the form shown by the men to-day a final selection of those who will tour England this summer will be made. The selection will be announced on Monday. The schedule is now nearly complete. Several additional games have been arranged with teams in Ireland.

The following will take the 12.45 o'clock train from West Philadelphia Station for New York to play the 1 hour, 10 minutes, 1.16.

The Van Lew's bassoon will hold its last rehearsal and business meeting for the current season this evening at 7.30. It will be sharp, in the Houston Club. This is an important meeting, and it is desired that every member shall be present. Signed: R. J. Brown, business manager.

The 'Van Lew's will meet this afternoon on Diamond Park.

Either Brady or Simpson will be in the Box—Both games last season were won by the Ichibans.

Examination Time!

In a few days we will jump from cool spring days into hot weather. In a few weeks examination time will be here. Do you realize how much easier it would be to prepare for your exams if you had an ELECTRIC FAN in your study? You could keep cool and comfortable, you could pass better examinations, and the cost would be far less than employing a tutor.

"What is to be worn this season?"

The above question is now frequently asked of us, and in reply we would say that fifteen minutes talk with us and an inspection of our stock (largest ever) will satisfy you in every detail.

As leaders in the College trade it is our business to keep thoroughly posted, and we certainly try, and judging from the business given us, we have made a notable success in our endeavors.
