Gymnasium Classes Will Be Concluded This Week

Last Opportunity for Students to Make Up "Cuts"

A Review of the Year's Work—Plans for Next Winter's Instruction. Diplomas to Be Awarded.

For the benefit of those in the Gymnasium classes who do not engage in track or in intercollegiate sports, it has been rather hard, indeed, to make up some of the jumping and vaulting facilities in the gymnasium in which they can be used for broad and high jumping and vaulting. Any of these who are interested are urged to take care of this opportunity given to them by the officers of the organization.

The note book can be obtained at the door.

This is the last week for making up "cuts." Classes being held at 12:30 and 12:45 o'clock and officers will be on hand to admit in case of absence in the character of work done thus far.

Mr. Mason will give a course of science in July at the Harvard Summer College for Teachers on the subject of "Education of Methods of Physical Training" in College and High School.

Plans are being made to put the compulsory Gymnasium work for next year on as much better understanding of gymnasium and physical education on "Methods of Physical Training." The classes will be taken in by the regular courses in the gym as a separate course will be graded and considered as part of the regular course of "gymnastics".

This graduation will be made by preliminary examination and examinations to be given at the close of the year.

It is the intention of Dr. McKenzie and Mr. Swan to give a course in the nutrition of the athlete and the development of ability in all lines of physical activity, which will lead to a diploma for the Department of Gymnastics.

This is to overcome the idea of physicalism and to encourage the development of, rather than any one subject, but the whole of physicalism.

The necessary arrangements have been made, and the following list of names has been arranged:

- Varsity Track Team.
- Freshmen Track Team.

The Freshman track team has disbanded for the year.

The Freshman track team will meet Swarthmore in a dual track meet tomorrow for their final try-out before the intercollegiate championships on May 31st and June 1st at Cambridge. A meet has been arranged with a number of minor colleges for to-morrow, but the Maine team alone decided to compete. The Prawthawich fields include several probable intercollegiates in the points winners in Kreszow, and will be shot put and hammer throw, Baker in the half mile, and jersey in the quarter mile. Krupen won the shot put at the relay races, and last Saturday at Antwerp he put the shot over forty-four feet.

Competing Crews in Town. Cornell men, composing their second Varsity eight, which will enter the races of the American Rowing Association, to be held on the Schuylkill River tomorrow afternoon, arrived at the "Normanite" yesterday morning and were sent over the course, followed by the "Ben Franklin." Although the Harvard and Yale crews are now in the city, they have not yet been on the river. The Yale men, a second Varsity crew, are quartered at the University Barge Club. Harvard has not sent a second Varsity crew, as was intended, but a Freshman crew, which will enter the Junior collegiate event. They are now at the Philadelphia Barge Club.

The withdrawal of the Harvard second Varsity will take that college's representation from the Stewards' Cup race and the second Varsity eight event, in both of which they had entries. This will leave in the Stewards' Cup race the Pennsylvania first Varsity, Yale's second Varsity, Bachelor's Barge Club, Naamsa Boat Club, and the New York Athletic Club. With two college crews and the strong Bachelor Club eight entered, this race will be of great interest.

In the junior collegiate eight-oared shell the University second eight will compete against the Cornell and Georgetown second "varsity" eights and the Harvard freshmen. Pennsylvania freshmen are scheduled to meet the Yale University second eight and the Quaker City Barge Club in the second Varsity eight event; while the second four-oared shell will be entered with but one opponent, the Staten Island Club.

Lyric—Next Week. "The White Hen." Louis Mann, one of the most popular of German dialect comedians, will come to the Lyric next week to begin an engagement in "The White Hen," a new musical comedy by Rosette C. Penfield and Gustave Kerker. Mr. Mann and his company will come here direct from a successful run of four months at the Casino in New York. "The White Hen" is in two acts and the scenes show the office of a matronal hotel in Vienna and "The White Hen Inn" in the Austrian Tyrol. Mr. Mann has the character of "Herman Blumhirt," a role which from all accounts gives him plenty of opportunity to display his peculiar talent as a comedian. The supporting company numbers B受de Raimond, Letta Faust and Louise Cunning.

In a few days we will jump from cool spring days into hot, humid weather. In a few weeks exams will be here. What is to be worn this season?

The above question is now frequently asked us, and in reply would say that fifteen minutes talk with us and an inspection of our stock (largest ever) will satisfy you in every detail.

As leaders in the College trade it is our business to keep thoroughly posted, and we certainly try, and judging from the business given us, we have made a notable success in our endeavors.

Advanced Vaudeville.

The special cquisite feature of this week's wonderful bill of alliter featu

ures in Shaw and Erlanger's ad

vanced vaudeville at the Chestnut

street Opera House, Philadelphia, is

in the first local appearance of Miss

Alice Lloyd, the most famous of flag

lisk singing comedians. Miss Lloyd

has a winning personality, a ringing

voice and a dainty way of rendering

her songs, which places her in a class

quite her own. Her songs are all new

and of the most taking description.

and among the great hits is the in-

escapable cockney ditty "Never Inter-

duce a Bloke to Your Lady Friend."

Miss Lloyd's success has been so com-

plete and instantaneous that Messrs.

Shaw and Erlanger have been able to

secure her for next week also which

will positively be her last appearance

in America, as she returns at once
to fail Moscow again. This week's

bill is the greatest and the conten-
test yet offered in the remarkable

programs presented in Advanced

Vaudeville and the crowds swarming
to the Chestnut Street Opera House

are greater than ever. Among this

week's many other bandit-like features

are James J. Corbett, the noted ex-

champion pugilist, who gives an orig-

inal and most amusing monologue of

cutteng stories; Willy Zimmer-

man, the great English impersonator

engaging life portraits of famous musicians:

the Clements Brothers, England's

foremost comic musicians; George M.

Cohan's breezy musical farce, "The

Governor's Son," with Bobbi Barry

Stella Tracey and a company of
twenty singers and comedians, kept

from last week by popular request;

W. C. Fields, the marvelous eccentric

tightrope walker, the McNaughtons,

the greatest.

and among the great is the In-

spiring sketch, "The Military

side-splitting

and among the greatest is the In-

concert, Shakespeare, the greatest

of the greatest, and the grea-

est of the great's is the In-

cessful musical comedy "The Mayor

of Laughland" with a clever bunch of

comedians and vocalists as has ever

been seen here, while the chorus is

sure to prove a standard by which

choruses in the future will be tried.

They not only have voices and figures,

but are ready to a funny chorus.
