DETAILS OF MICHIGAN TRIP ARRANGED BY THE COMMITTEE

RAILROAD AGREES ON RATE OF $31 FOR ENTIRE JOURNEY.

Party to Leave for Ann Arbor Friday, November 15th, and Will Return to Philadelphia on Sunday.

The Michigan trip committee, composed of J. B. Dbow, E. J. Walex and C. A. Moore, were mostly agreed on all necessary arrangements.

As a result of their efforts the railroad management has consented to fix the rate for the trip, including all the expenses incurred, when six hundred are en route, at thirty dollars per person.

It is hoped that a large number of students will make the trip, in order to clear the town as well as fulfilling the expense of the trip. All under-graders attending to go to Ann Arbor for the game should give their names to a member of the committee at once.

The party is entirely separate from the one to be personally conducted by the Athletic Association, and is purely an undergraduate affair.

Tickets must be purchased and leave here at twelve o'clock on Friday and returning arrive at 11:30 P. M. on Sunday.

From present indications the number of students taking this journey will be even larger than was at first expected. Subscriptions are coming into the committee in great numbers, and it may be necessary to provide accommodations for a much larger number than the original contract with the railroad will permit.

The return of the team to its old form has induced many to go who had not expected to go before, and if Saturday's game is won by a gap, a team of larger number will probably be augmented.

Botanical Society.

A change has been made in the Botanical Society's meeting. It is to be held Thursday, on the thirtieth day of this month. Dr. McFarland will lecture in the place of M. H. Newton Harper. His subject will be "The Adder's Tongues and Morewoods." Mr. Newton will give his lecture some time later. The lecture is to be in Biological Hall.

From 2:30 to 3 o'clock the members will come together to mount specimens of the above and final arrangements. The members will be divided into the following classes: the members of the society will be divided into the classes of native and exotic ferns.

DORMITORIES ENDANGERED BY FIREWORKS LAST EVENING.

ROMAN CANDLE IN HANDS OF PARADER ENTERS WINDOW.

Shaving fire and blazing with red lights several hundred roman candles and skyrockets came perilously near setting fire to the dormitory last evening.

The fireworks were carried by a jubilating crowd of Harry C. Mackey's Freshman Republican committee, hailed by early election returns indicating a victory throughout the state for the entire Republican ticket.

Leadership Organization Mackey ordered out his followers to participate in a grand parade throughout to Reppubli- can headquarters at Eleventh and Market streets.

Precipitated by a brass band of forty pieces the procession was headed along way down Woodland avenue. When opposite to the dormitories a too zeal- ous celebrant carelessly turned his blazing skyrocket toward Lippincott House.

An open window afforded admission to the building, and the burning ball, after striking the ceiling of the room, fell upon the draperies of a easy corner. The tapeatrea quickly ran to the reference. Several fire extinguishers were at once called into play and the flames extin- guished. What at one time threat- ened to become a serious conflagration was soon quickly prevented by the prompt action of many undergraduates.

Although the damage to furniture resulting was comparatively small, it is owing to the possibility of severe damage to the dormitory structure, temporarily caused great anxiety, the student in whose room the blaze occurred was absent at the time. He was unable last evening to estimate his exact loss and requested that his home be not made public.

The procession, ignorant of the danger caused because of its carelessness, continued down Woodland avenue. A hail was made at the Twenty- seventh District Police Station.

The procession was held to the tune of "Hall! Hall! The Gang's All Here." The procession passed through the University of Pennsyl- vania in contact during the two hours.

North Carolina Debate Agreement.

One week from today the Philomathean Society debating team will leave for Chapel Hill, N. C., to debate the university of that State. A small delegation of Philomatheans will accompany the team, which is composed of Frank W. Melvin, '08 C., captain; Alvan Walter Scott, '08 C., and Frank Albert Paul, '08 C.

The debate will take place on Friday evening, November 15th, upon the question, "Resolved, That the tariff shall not be reduced at the next session of Congress." Philo defends the affirmative, and her team is working hard upon the subject.

Slight difficulties have been encountered in the matter of securing judges. North Carolina has been a strong free trade State for nearly one hundred years, and it has been somewhat difficult to obtain judges free from pronounced anti-tariff bias.

The debate agreement is as follows:

1. The literary societies of the University of North Carolina and the Philomathean Society of the University of Pennsylvania do hereby agree to hold a series of two public debates, the first in the college year of 1907-'08, the second in the college year 1908-'09, under the following conditions:

2. The first debate shall be held at Chapel Hill, N. C., on the evening of November 15, 1907. The debate in 1908 shall be in Philadelphia.

3. The Philomathean Society shall submit a question to the Debating Union of the University of North Carolina on or before May 14, 1907, and the choice of sides shall be made within two weeks; in 1908 the union shall submit the question and the Philomathean Society shall have two weeks in which to make a choice of sides.

4. The visiting society in each case shall pay for its transportation; the home society shall bear the rest of the total expenses.

5. The judges of the debate shall be chosen by the societies of the University of North Carolina and the Philomathean Society, but no one shall be a judge who is an alumnus of either institution or who is officially connected therewith.

6. Each contesting party in the debate shall select two representatives, each to be a member of one of the affirmative societies, but no one shall represent either party who is not a bona-fide student.

7. Each debater shall be allowed twenty-five minutes, to be divided into two speeches, as he may prefer, provided the second speech shall not be more than ten minutes in length, and provided further that the second speech shall be used only for rebuttal.

It is worthy of note that in conformity with Southern debating customs each team is composed of only two speakers and one alternate.

After the debate a short step will be made by the Philomathean party at the Jamestown Exposition.

Football Practice.
Yesterday's football practice was one of the best which has been held on Franklin Field this year. The men played a quick and snappy game and showed much improvement over former practices.

All the Varsity men with the single exception of Greene, whose Coach Murphy is allowing an extra-long rest in preparation for the games with State, Michigan and Cornell, were present, and seemed to have fully recovered from the effects of the Lafayette game last Saturday.

Some time was spent by the coaches in thoroughly drilling the men in the forward pass, both in offense and defense.

The rain event, however, was the game between the Varsity and Freshmen, in which both sides scored twice. The Varsity making one touchdown and kicking a goal from the field while the Freshmen succeeded in crossing the opening goal line for two touchdowns.

Minter, Johnson and Course put up the best game for the Freshmen.
