Cerulo Francus Entertains.

New members of the Cerulo Francus were entertained in the third floor of the Hotel Club last night. An unusually large number of men enjoyed the club's hospitality.

Over seventy-five men were present.

President Humphrey introduced Professor Vargue as the first speaker.

He reviewed the object of the club and showed reasons why the club should attract a large number of students to its ranks. He closed with a suggestion that French songs be sung at the monthly meetings of the club.

At this point, Dr. Crawford contributed to the discussion and suggested that illustrated lectures be given at the meeting.

After further business was transacted, the club broke its fast and portion of a bonfire was prepared.

The next meeting of the club will be held Thursday evening, December 12, in Room 212, College Hall.

Hockey Club Organized.
A number of men whose homes are principally in or around Pittsburgh met yesterday in Houston Hall to form the University Hockey Club. Dashi was elected temporary president and he appointed a committee of Worrell and Hoffman to confer with the Athletic Association and make arrangements for affiliating with the same. As more or less arrangements can be completed indoor practice will be held in the gymnasium until the ice forms on the ponds about the city, then practice will probably be held in Lamont.

The main reason why men of Pittsburgh and the vicinity are asked to report is from the fact that there are unsavved facilities for holding meets there because there are several indoor skating rinks in that city. It is proposed to arrange meets with Yule, Princeton, and Carnegie Tech in Pittsburgh, since all these colleges have teams composed of men who live in Pittsburgh and who hold meets during the holidays.
Campbell was elected temporary captain and Worrell was elected temporary manager. The following report was received:—

Botanical Society.
A change has been made in the Botanical Society's program for tomorrow afternoon. At three o'clock Dr. McFarland will lecture in the place of Mr. E. Newton Harvey. His subject will be "The Adder's Tongues and Moonworms." Mr. Harvey will give his lecture some time later. The lecture is to be in Biological Hall.

From 2.30 to 3 o'clock the members will come together to look at specimens of the above species for their own use and method of nature printing will be demonstrated by some of the members. This is the first of a series of class meetings to be held during the winter, when specimens of our native ferns will be collected by the members. This is the first of a series of class meetings to be held during the winter, when specimens of our native ferns will be collected by the members. The total number to be given out will be about thirty-five in all, and will make a good nucleus to start with in the collection of our native and exotic ferns.

French Lecture.
The attention of students generally and of those belonging to the Cercle francais especially is called to the lecture to be given in French in Houston Hall at 4.30 o'clock this afternoon. The lecturer is Professor Edmund Rousset, of the University of Lausanne, Switzerland. His subject will be "Les idees suisses d'Amerique et de revolution Francaise." Such lectures give a good opportunity to secure practice in understanding spoken French and to become acquainted with eminent men connected with the universities, as well as to hear the particular views expressed.

Empire State Club.
The first regular meeting of the Empire State Club of the University will be held on Tuesday evening, November 12th, at 7.30, on the third floor of Houston Hall. Dr. Edward Smith will deliver an interesting talk, after which the rest of the evening will be spent in a social way. You are cordially invited to attend. Thomas A. McCloud, secretary.

Senior Photographs. Individual photographs of the members of the Class of '88 C. must be taken by February 1st. In order to insure uniformity in these photographs the committee has made arrangements with Messrs. Gilbert & Bacon, 1121 Chestnut street. The cost of one photograph plus the expense of having a half-tone made for members of the Holker Class will be two dollars, which must be paid to Gilbert & Bacon on the day the photograph is taken. No individual record can be printed in the "88 Class Record" unless it is accompanied by a photograph. Therefore every 1888 College man will at the earliest convenience please present himself at Messrs. Gilbert & Bacon for a sitting. The committee has approved in making an arrangement with Gilbert & Bacon under which each Senior desiring to do so may secure an extra dozen regular eight-dollar photographs for three dollars. This is an opportunity to get some flexible photographs very cheap before Christmas. Signed, Paul Killiam, business manager.

District of Columbia Club. The students from the District of Columbia met in the Houston Club last night and organized a district club. The following officers were elected: President, N. Klopfer, '08 C; vice-president, M. A. Weller, '09 C; secretary and treasurer, R. Newbold. A constitution committee was appointed by the president which will report at the next meeting of the club, Thursday night, November 14th.
