Mtg. 15 E.
To the party of undergraduates looking forward to this morning, we wish the best of success. We are sorry that more men are not able to take the trip to cheer the football team. We know, however, that the West will be impressed, even as it is, with the strength and spirit of Pennsylvania.

The entire student body is glad that the scrub team will be able to go to Ann Arbor. Their hard work has earned for them the trip, not as a reward, but as their due. No reward was looked for while the scrubs were receiving the hard knocks of our city. But it should now come to them as the proper recognition of their University spirit.

It is unfortunate that the Medical School has taken no interest in seeing that the scrub team in enrolled to go to the game to-morrow and sit on the side lines in their uniforms. That department of the University is represented in football as well as in other sports. We would not have believed it possible that only five dollars would have been subscribed out of so large a number. It has often been said that the professional schools possess J University spirit than the College Department. It is a natural inference, but the Law School, where the entire movement was started, deserves no credit therefore as compared with the other professional departments.

It is said that the rest of the scrubs may go to the game if the Medical School will wake up and show some interest in sending them. The money may be advanced to the scrubs if the Medical School will undertake to refund it.

PAY YOUR SUBSCRIPTIONS.

After today's subscription rates will be raised to three dollars. Those who have already subscribed should therefore pay the business manager to-day if they wish to receive the paper at the special rate of two dollars and a half, offered until November 15th. If subscriptions are not paid at once, the paper will no longer be sent.
Swimming News.
Coach Klitter reports progress among the University swimmers. E. D. Hopkins has been improving his form in plunging and will give the a chance for a place on the Varsity team. Many new candidates have reported, and the outlook, to say the least, is most promising.

The second meet of the year will be held next Friday evening, November 16th. By that time it is hoped that the Intercollegiate schedule will be ready for publication. Brown has withdrawn from the Intercollegiate League this year, and the University of New York entered.

On November 25th there is a meet at Central Park, New York. Stylemaster has entered the one hundred yards event and hopes to carry off the first of three prizes. Other events of the evening are fifty yards and two hundred and fifty yards and a water-polo match. All amateur swimmers are eligible. The entries close on November 16th.

Sharswood Prize Increase.
At a meeting of the board of managers of the Society of the Alumni of the Law Department, held on October 26th, the following resolutions were adopted: "Resolved, That the amount of the Sharswood prize be fixed at not less than $500 and that the society appropriate annually an additional sum of fifty dollars toward the expense of printing the essay of the student taking the prize;" and "Resolved, That this information be brought to the attention of the student body either by printing in the catalogue or in some other way that the Dean of the Law School may believe desirable."

District of Columbia Club.
The second meeting of the District of Columbia Club was held last night in Houston Hall. The meeting was addressed by Dr. E. F. Smith, who traced the growth of the University and explained the part played in it by local clubs. Plans for a smoker and a dance in Washington during the Christmas holidays were discussed. The next meeting of the club will be held on Thursday evening, November 21st, in Houston Hall.

Sophomore Debate Committee.
President Fargum, of the Sophomore Class, has appointed the following to serve on the 1910 debate committee for this year: C. F. Marriott, R. Kleeswater, and E. Rosenbaum, chairman. The Sophomore-Freshman debate will be held on January 5th, and it is expected that the topics will be chosen by the second or third week in December.

Camera Club Exhibition.
The exhibition of photographs by members of the Camera Club, which was opened in the reading room of Houston Hall yesterday afternoon, contains almost no new work. The greater part of the exhibit is composed of повторялые pictures from recent intercollegiate exhibitions.

A Matter of Common Sense.
We take it for granted that no wise and honest man believes that he is getting something for nothing when clothing is offered him—for whatever pretended reason—at less than its value. Under its true colors it is worth all it costs. We believe that the clothing made by Bowing, King & Company is as fine as it is made. We'll leave it to the judgment of any well-informed man.
