WHO WON SOPH-FRESH GAME?

OFFICIALS DECLARE CONTEST WAS FORFEITED TO 1911.

1910 Players Score a Touchdown While Penalty is Called and Leave the Field Before Time Is Up.

The annual football contest yesterday afternoon for supremacy between the Sophomores and Freshmen was a stalemate. Offensive work was almost impossible, the ball being too slippery to be handled. Repeated fumbles by both sides caused constant feebly fought skirmishes for possession.

Receiving the kickoff, the Freshmen started the ball to the centre of the field, where it remained all during the second period. The Freshmen fumbled twice, neither side was able to carry the ball more than half the length of time over the other's territory.

During the second half the play was more or less non-contentious. Frequently the Sophomores were within scoring distance, but it was only after the regular fifteen-minute half had been played that they succeeded in crossing over the goal for a touchdown.

True to the old custom the team attempted to make away with their opponents and uncharacteristically the Freshmen carried the ball to their opponents' nine-yard line. There, barricaded by foiled doors, they stood off the exceptionally large hand of disappointed Sophomores.

Down by the east goal, entered by the ball, the two-inch white line, ten officials declared that the touchdown did not count, as the team was penalized for slugging. As the Sophomore team had lost the field, the game was declared drawn.

At present nothing definite is known of plans for the Sophomore football team. It is said by one of the doctors as saying later that the Sophomores won. The Sophomore claim in the regular nine-game season was being played by special agreement.

Under the circumstances the game immediately ended when either side scored. They did this. Thereafter the Sophomores won, 5-0.

The Freshman team claims the victory over the Sophomore owing to a decision made to refer to the referee of the field—that the 1910 team withdrew before time was called. The final score was 0-0.

HOLLENBACK ELECTED CAPTAIN

FULL-BACK CHosen TO LEAD THE 1908 FOOTBALL TEAM.

Big Bills" Wonderful Work for Three Seasons Well Rewarded—Huey R. Scartlet Dominated but Withdrawn.

At a meeting of the regular members of the 'Varsity football team, held yesterday noon, William Hollenback was elected captain for next year. Hollenback has played Varsity football for three years, playing substitute and half-back his first year and filling the position of fullback during the last two seasons.

"Big Bills" playing was the feature of the Michigan game, and it was through his beautiful end running that the touchdown against Cornell was made possible. Notwithstanding the loss of Paulsen, Greene and Ziegler, last year's team under the leadership of Hollenback should be very strong. Not only is the new captain one of the most recent football players in the country, he is one of the Indianans against whom the most serious charges were made.

Excellent

The second annual dance

established as a sport has

has been steadily increasing in popularity

for several years, the number of men

who have reported to Captain Wendell

is smaller than has been the case for

a number of seasons.

This year the team is greatly hand-

icapped by the fact that but one man

of last year’s squad has returned to

college, and, unless more report

than have already done so, the chances of

turning out a team which will be able

to capture the intercollegiate champi-

onship at New York are not espe-

cially bright.

It is intended this year to make

fencing a greater sport in the Univer-

sity than it has ever been before, and,

with this in view, the squad has

been practicing steadily for the last

few weeks. The men are being gradu-

ally whipped into shape in prepara-

tion for the intercollegiate meets,

which will start some time next month.

It is the intention of the instructors

to hold a series of meets, probably bi-

weekly, among the members of the

squad during the entire season, and

in this way to get a line on the work

the men are doing and to make each

man’s position on the team one which

he will hold only as long as his work

continues to warrant it. In addition

to these regular meets, at which

prices will be awarded, there will

probably be try-outs prior to each meet

with outsiders, in order that only the

best men can make the team.

By this method a man is never sure

of his position on the team, and it is

only by steady work that he will be

enabled to retain it. This method

also has the advantage of allowing a

man who was unable to make the

team at the start to improve and be

given a place on it before the end of

the season.

The present fencing instructor, Mr.

Louis M. Termes, is one of the best

masters of the art in this country and

has turned out many of the best fenc-

ers that Pennsylvania ever produced.

He has been known for years to fence

ers throughout the country, and was

last year granted a medal by the Ital-

ian Government in recognition of his

work at Pennsylvania and elsewhere.

Contrary to the prevailing idea, it is

not necessary for a man to have had

previous instruction in fencing in order

to make the team. There have

been several cases in the last few

years where men who have never had

any fencing experience at all have

made the team in their first season

and some of them have been on a par

with men who have been fencing for

three or four years.

The fall season’s instruction in fencing

will begin next Monday, being but ten

days after the opening of the term,

and Wednesday afternoons, from five
to six o’clock, with an opc-

tional hour on Friday evenings

from eight to nine o’clock.
