SOPHIS WIN FOOTBALL GAME

DEFEAT THE FRESHMEN ELEVEN BY SCORE OF 7 TO 0.

Junior Team Was on the Field Ready to Play Either Class—1910 Secures the Pigskin After the Contests.

After a great deal of discussion and much talk by all sides as to who should play the Juniors for the College championship in football, it was finally decided that the Sophomores and Freshmen play their game over in two well-played halves yesterday afternoon on Franklin Field the Class of 1910 defeated the Class of 1912 by the score of 7 to 0.

From beginning to end the game was well contested and closely played. Both teams played their best, and it was only after the hardest kind of a game that the Sophomores could claim a victory.

By the first half the Freshmen had the best of the argument but the tables were turned during the latter part of the contest, for it was then the Sophomores made the winning score.

The Freshmen slowly worked their way up to 1904's four-yard line, mainly on the work of Benonie. After their progress was stopped and the ball went to their opponents, Sommers' punt was blocked behind the goal line by Lindsay, and Burdick fell on the ball for a touchdown. Benonie failed at the goal. Shortly after this the Sophomores had the first-man on their team on the Freshmen's eleven line.

COMMUNICATION.

Editor of The Pennsylvania.

Dear Sir,—Early in the fall there was a movement on foot advocating the eight o'clock changed hour, in order that all departments might participate more freely in University activities. This matter was discussed, I believe, by the undergraduate committee, and a whole-hearted decision was reached. It was decided to work the matter up among the classes. While something may have been accomplished, results are not apparent. The Dean expressed himself as being in sympathy with the movement and declared his willingness to introduce this little experiment at any time the sentiment of the student body seemed favorably disposed toward it.

The advantages of the change appear:

(1) More men would be enabled to become candidates for the various teams.

(2) The student body as a whole could take a more active interest in the progress of athletics.

(3) The general health of the undergraduates would be greatly improved, as many men who now take convalescent exercise would be able to enjoy an hour in health-giving amusement.

(4) The College spirit would be fostered, because men who now must rush home immediately at the conclusion of hours, in order to arrive on time for dinner, would have a chance to spend a profitable hour about the campus with their classmates.

The only argument against this seems to be the fact that students must arise earlier. No true Pennsylvanian would advance this if they considered the benefit which would be derived from the change by the University organizations.

It is due to the supporters of this movement that a definite announcement concerning it be given out by the undergraduate committee. Let the matter be taken up at the class meetings and the sentiment of the student body obtained.

Yours for quick action.

Change in Debating Schedule.

An important change in the Varsity debating schedule was announced by the committee yesterday, when it was stated that Pennsylvania would meet Cornell in Philadelphia next February, instead of Columbia, as was agreed upon in the Tri-College Debating League meeting in New York last March. Pennsylvania's affirmative team will meet the Ithaca team in Houst ton Hall while the negative team will debate Columbia in New York City. This change has necessitated a shift all around the circuit, Columbia and Cornell meeting at Ithaca instead of in New York.

No provision as yet has been made for the year 1908-09 or will be made until after the league meeting this winter which is altogether likely, however, that Pennsylvania will entertain Columbia in Pennsylvania, and seed a negative team to Ithaca. The change in the schedule was made after negotiation which was carried on by mall, L. R. Goodrich representing Cornell, Walter B. Woodbury, Columbia, and F. A. Paul, Pennsylvania.

This year is the fourth during which Pennsylvania has met Cornell and Columbia, being the first year of the second triennial agreement. By the end of the year, therefore, Pennsylvania will have met Columbia in Philadelphia in 1905 and 1907 and Cornell in 1906 and 1908. This change, therefore, makes the schedule far more symmetrical than it would have been before.

Pennsylvania is the only one of the three universities to have a triangular pact which is taking on an additional debate during the year. The Red and Blue challenges to Virginia, which will probably be accepted, means that twelve debates of Varsity calibre will have to be turned out this year.
