Faithful to Old Penn for Eighteen Years—Born in England, Where He Took Training—Two Men Two Years Ago.

George D. Turner died at the University Hospital at 2:30 o'clock yesterday morning. His death closely followed an operation.

H. D. Turner was admitted to the hospital on January 9th suffering from a gangrenous foot, aggravated by diabetes. He was well enough to be tramping for almost a year, and it is not known what was the original cause of the infection.

The foot incapacitated him from his duties as a first class runner, and being unable to take any active part in track, the Alpha Ulvanista's championship team last spring, nor was he able to officiate as starter in the intercollegiate games at Harvard University, the condition of the foot became rapidly worse, and with an additional attack of diabetes he was taken to the hospital. Here were received the combined attention of the entire hospital staff, including Drs. White, Wood and Frazer.

In the hospital his condition grew steadily worse, and Sunday it was decided to operate as a last resort to save his life. The operation was performed at 16:30 o'clock Sunday evening by Dr. Martin, former Director of Health and Charities. Turner never recovered consciousness.

At the time of his death his wife and two children, William H. Turner, who live with him at 2351 living street, were at his bedside. The boys are, however, left without a head of the household by this death. They were accompanied by a daughter, Mrs. Lulinda W. White.

A funeral will probably take place tomorrow afternoon at his daughter's residence, 2406 Wharton street, at 3 o'clock. The service will be held after the undergraduate body of the University, including former captain Jones, Captains Carrell and other members of the track teams with whom he was closely associated. The services will be conducted by Dr. Holle, of the Fourth Presbyterian Church. Thursday and Walnut streets.

George Turner was born in York County, England, September 24, 1856, and came to America about thirty years ago. He was a specimen of the finest type, and known throughout America as an honest and efficient reformer and statesman. His death is a serious loss to the country. He was known to every undergraduate and was most popular with them. He was an excellent student and was a scholar as well as a racer. The University and the intercollegiate cross-country teams have lost a creditable member, and Grant, A. C. Bowen, Lloyd Jones and Gay Hawkins.

Two years ago he took John Taylor and Harry Hyman to England and beat the best men there. He has been a starter in the I. C. C. A. for many years, and also the other colleges previous to becoming such a prominent member of the country. The excellent condition of Frank Phillips as head of the track proved the superiority of the new track.
University Loses at “Beczer.”

The University “saver” team played an excellent game last Saturday at St. Martin’s and lost to Philadelphia Cricket Club on their home ground by the narrow margin of one goal to zero. During the first half of the game the home team with a strong wind in its favor seemed to have the better of the contest; but it was not able to score more than once through Jennings.

This game is the first that the Pennsylvania has played in the first division Cricket Club League. The other members of the league, first division, are Merion, Philadelphia and Reading Athletic Association, Germania, Bellmont, Haverford College and Franklin. Line up:

Philadelphia Cricket Club—Patterson, goal; Cottrell, right full-back; Fullard, left full-back; Sheppard, right half-back; Johnson, centre half-back; Barter, left half-back; Jennings, outside right; Tilden, inside right; Har ris, centre; W. A. Evans, centre half-back; Weiser, inside left; Beattie, outside left.

Pennsylvania—Krieger, guard; Marx, right half-back; Morris, left half-back; Wood, right full-back; Crowell, centre half-back; Wieser, left half-back; Pyle, outside right; Reed, inside left; Dinsmore, outside left.

Addis was referee and Dinsmore and Frayley were linesmen. The time of half was twenty-four minutes.

The Pennsylvania requests undergraduates to remember that this paper is expected to give voice to student sentiment, and if it does not do so it is the fault of the students themselves and not of the board of editors.

We have tried from time to time to encourage those who had any cause to express complaint, criticism or commendation to do so through these columns, which are open at all times to communications as contributions. All letters in order to be published must be accompanied by the writer’s name and address merely as a sign of good faith, but the name will not be published if it is so desired.

We ask that not only undergraduates but anyone having anything of interest to the University to discuss or to present an opinion upon will do so without hesitation. We want our readers to get all the ideas upon subjects that interest us and to make honest complaint where they think it is proper. The entire University has profited by the features of The Pennsylvania in the past two years, and we hope that it will do so now more than ever before.

TO PENNSYLVANIA MEN.
A Personal Word from the President.

The college men who obtain the best temporary or permanent posi- tions in July are usually the ones who start looking for them early in the year. Before you get entangled with any expensive or inefficient employment agency or before you start on a more or less aimless individual search for the position you desire, it will be worth your while to learn about our Cooperative Membership. We are an organization of college men. We can save you time, travel, trouble and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when out of college. There are no involved con- tracts, no costly commissions, no red tape, no strings attached to our ser- vices. We think we solve and prevent a new and better way. Will you let us prove it to you? Just write for particulars, stating your needs.

The Cut and the Quality.
In the choice of a suit cut the cut
is the first consideration, of course.
It may be the jaunty, slightly
rounded front of our "Columbia" or
the straight and slyly "Acme," or
some of our several variations of
these models.
The certain thing, however, is that
not only are our suits correct in cut,
but in choice of patterns and elegance
of finish they represent the best
achievements of today in tailoring.
