MUSICAL CLUBS HOUSE AGAIN

Have had a successful New England Trip—Legally Welcomed by Alumni.

The Musical Clubs are back again, after a most successful New England tour. The trip was very enjoyable and satisfactory to every point of view. The alumni in all the towns visited found the clubs well represented. The hotels were those at Springfield, Boston and Middlebush, the attendance averaging about eight hundred at each place. The speakers at Boston and the Music of the Waterbury, given to the members of the club, were very pleasing and entirely successful. The trip brought out the enthusiasm of the alumni and aroused them to renewed activity for the benefit of Pennsylvania.

Without question this season's clubs have been the best the University has ever had. The newspapers all along the route were imprinted in their praise of the quality of the performances. That the clubs could get such commendable results is a credit to all the fine brass to their excellence, for which they deserve the heart's support of the whole university.

MUSIC MEETING IN GYMNASIUM

To arouse interest in the Medical School in Canton.

Robert E. Sper, J. Campbell White and W. B. Smith will speak—Meeting under auspices of M. A. C. and A. S. A. of Pennsylvania.

A mass meeting will be held in Wean union hall tonight, at seven o'clock, to arouse interest among the students in the work of the University Medical School at Canton. It is the policy of the school to give as much medical instruction as possible to the regular medical students in the schools as well as the medical students in the regular medical schools.

In its aim, this organization is to make the Pennsylvania looks most successful in its efforts to interest interested in its mission. In medical practice and research.

The speakers to be heard at the meeting will be the following: Mr. R. K. Stecher, '99, of C. K. Chalmers, '08, W. B. Smith Will Speak—Meetings under auspices of the University School of Pennsylvania, on which the graduates of the school will be able to work at the medical schools.

The great advantage of this plan is that the Chinese took the class as soon as possible on their own race. They will be the only people can do so after the medical student.

As its aim indicates, the school is interested in them and not interested in the Pennsylvania men enrolled under the direction of the Medical School at St. C. and A. and is this association that has been organized this evening's meeting. Robert E. Sper, a sophomore who is interested in missions in New York, Mr. J. Campbell White, of the Armenian Mission, and W. B. Smith, '09 C, of the Student Volunteer movement will address the gathering. Those present will be the future prospect of the University of Canton, to be provided. These speakers will tell the present condition of the medical and all the other plans of Dr. McVean for the future development of the project.

University Debate Committee.

Much routine business was transacted at the meeting of the third floor, Robert Johnson, '00, to the debate committee, all of the sub-committees reporting substantial progress. The election of D. H. Parke and E. H. Richardson as captains respectively of the affirmative and negative teams was unanimously ratified. The previous decision of the committee—"To award the Varsity letter in the form of a gold foil only to the speakers" was confirmed after a thorough discussion. It was felt that the alternates have all the other recognitions incident to debating, but that "the P," should be reserved exclusively for those who actually represent the University on the rostrum, just as the regular athletic "P" is awarded only to actual party leaders and not to substitutes.

Swimming Team Notes.

Hereafter the water polo practice will be held on Mondays, Wednesdays and Fridays, and on the intervening days all the men are to report for swimming practice at 3:15 o'clock. The Freshman team candidates are working hard for the final meet with Haverford school, which will be held on Saturday afternoon. The team has not yet been definitely decided upon, but will depend upon the number of the men do this Freshman meet is expected with Haverford, and some close contests should result.

Mass in Gymnasium.

TRIP LOCALLY WELCOMED BY ALUMNI.

The trip locally was welcomed by the alumni in all the meetings held yesterday, with Dr. P. R. G. Worth, the trip leader.

A. and Georgetown and enters University team in the Annual Relay Carnival at Philadelphia.

TO PENNSYLVANIA MEN.
A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Before you get entangled with any expensive or inefficient employment agency or broker, start on a more or less artificial individual search for the position you desire. It will be worth your while to learn about our cooperative leadership. We are an organization of men. We can now give you travel, trouble and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when out of college. There are no involved contracts, no costly commissions, no red tape, no strings attached to our service. We think we solve and problem in a new and better way. Will you let us prove it to you? Just write for particulars, stating your wants.
