GUY HASKINS LEAVES COLLEGE

Famous Runner Will Not Represent the Red and Blue on the Track.

Guy Haskins has left the Department of Dentistry and will not compete in any track meet this spring at the Pennsyl-

vania varsity. His record has been a glorious one and his honors have been well merited. He is a capable performer and will be represented, clums and "rare specimens" will supply the amusing element, and the gymnastic and pyra-

mids teams will perform the serious part.

Officers to serve the remainder of the term were also elected. They are: President, W. O. Yorse; Vice-President, A. H. Miller; secretary, L. C. Blishoff; treasurer, J. B. Red.

Dr. Charles Lewis to Lecture.

Tomorrow, at eleven o'clock, in the Marshall Hall lecture room, the course in medical missions for first-year medical and veterinary men will begin with a talk by Dr. Charles Lewis of W. M. University, who has made trips to that country. This will be followed on Monday and Wednesday by lectures on social service from the foreign field. Such a course offers an exceptional opportunity to become acquainted with the conditions and work Dr. Joe McCracken is doing far away from the confines of the American Missionary field. It is also interesting to any medical student on account of its epidemiological bearings.

A free forum for free speech prevails in the Chinese medical schools, where students, without hindrance, are free to discuss the problems of their country.

Witching Way

The Art Club in a recent statement to the Press, representing the student wishes of the student body, has made a call for an art lecture by Mr. Pohlung, of the Philadelphia Orchestra. A free forum will take place there on Wednesday afternoon.

Glee Club Notice.

There will be no concert tonight at the Glee Club. A free forum in the form of a debate will take place there on Wednesday afternoon.

FRESHERS WIN IN SWIMMING MEET

Last week the Haverford Student held its annual Freshman swimming meet in a pool of the Freshman swimming team in a pool of the Freshman swimming team on Saturday afternoon. The Haverford team won the meet, the score of 52-15. The biggest event was the last heat, the 200-yard dash. The only race which was as interesting as the last was the 200-yard, in which the three first contestants were nearly a foot apart at the finish. The fastest time was made by the first place in every event. The best the visitors could do was to win the 100-yard, third place in the 200-yard, and first place in the 440-yard. The race for distance--Win by Pennsyl-

vania; second, Haverford; third, Bradford. Time, 5:25-3:5:0.

Lecture on Esperanto.

On Tuesday next Mr. Edmund Privat, the celebrated Swiss Esperantist, gave a lecture on the international language. He said in part: "There is a very prevalent idea that a tongue is to be spoken over the whole world is impossible because of the diversity of pronunciation. This is an error. At the annual conferences of Esperantists people come from every part of the globe. Half of them knowing only their own language and Esperanto, yet it is very difficult to tell from the accent what countries they come from. On these occasions most enjoyable plays are produced by the contestants. If they should attempt to give the play in English for instance, the pronunciation would be "something off," if that is a correct expression."

To illustrate the case with which Esperanto is understood he told a story in the language with a word of English here and there. A trim on every face in the audience testified that the story was well understood.

After the lecture it was decided to commence a free class in the language, to meet every Saturday at two o'clock, with Professor Griffin as instructor. On account of University Day the first meeting will be held on Friday evening, February 23rd, at seven o'clock.

Baseball Candidates Report To-Day.

The common at two o'clock all candidates who have not played on Varsity or Freshman baseball teams are expected to report at the indoor cage in the gymnasium to Captain Penzel for preliminary baseball practice.

This season the material has been divided into three groups. The first reports today, the second group a week from to-day, and the third on Monday, March 5th.

Owing to many games on the schedule this year outdoor practice will start as soon as the weather permits, and the first game will be played in the latter part of March.

A rousing smoker, at which refreshments will be served, will be given by the Empire State Club on Tuesday, February 25th, at three o'clock, in Rooms 2 and 12 of Houston Hall. All men from the Empire State are urged to be present and bring other New Yorkers with them. Dr. Maurice S. Smith will deliver an interesting address. Signed: T. A. McDonald, president.

The Increase of Student Trade

That we have made in the past season, has far exceeded our expectations.

Just now we have reduced our entire stock. It will be worth while to pay us a visit.

Our hutch is always open to the Penn, man.
TO PENNSYLVANIA MEN.
A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Before you get entangled with any expensive or inefficient employment agency or before you start on a more or less aimless individual search for the position you desire, it will be worth your while to learn about our Cooperative Membership. We are an organization of college men. We can save you time, trouble and money by furnishing you with accurate information while in college and by securing for you a desirable position or business opportunity when out of college. There are no obligations or contracts, no costly commissions, no red tape, no strings attached to our service. We think we have a problem in a new and better way.

Freshman Crew Practice.
The irregularity of the way in which the candidates for the Freshman crew are reporting for practice is becoming a source of great dissatisfaction to Coach Ward. When the call for candi-dates for the first-year crew was issued sixty-six appeared in their names. Out of these sixty odd men but thirty-two are reporting faithfully every day. Coach Ward is pleased with the Freshman material—as much as he can do—and hopes for a fast eight. Unless the rest of these sixty report at once, the chances for a successful crew will not be as bright.
