The play, which is to be given this year in both Lafayette and Martin, two famous French writers of comedy, "Le Voyage de Mr. Perrichon" has become a nationwide classic.

NEGATIVE SPEAKERS ARE READY FOR PUBLIC DEBATE.

Pennsylvania's negative debating team has held its last debating conference of the season last night in the Law School. The meetings today and tomorrow will be brief and devoted chiefly to the refining and polishing of the argument. The teams will have on Friday afternoon on the 1.14 o'clock train to West Philadelphia. The delegation of the Central Pennsylvania will meet at the Adelphi Theatre.

No word has been received from Columbia on the identity of the judge, although many names were submitted to the New Yorkers on Monday afternoon. Although the Columbia team, which though well prepared has not finished its debating, will have an argument as well as the negative, will continue its full evening conferences to-night and to-morrow. Of Pennsylvania's team only Richardson, '19, L., was born in 1865 at Burrell, Pa. He took the full academic course at Princeton, 1903-1904. He is a member of the debating team and was principal of the Burrell High School and was also connected with a New York business firm.

Joseph A. Dolan, '98, L., was born in Burrell, Pa., in 1890. He took the full collegiate course at St. Joseph's, and was an extraordinary student debating and oratory. He was a speaker on the last year's debate team but this year was omitted from the second place in the annual Fraternal prize contest.

Frank A. Paul, '89, L., was born in Williamsport, Pa., in 1878, and prepared at Central High School. He is the first debater to speak on three consecutive years, having been on the 1896 and 1907 teams against Cornell. He is also the first debater to make all three undergraduate publications.

Pennsylvania's order of speaking will be Richardson, Dolan and Paul in both rounds. Columbia's order will be Kanzel, Paul and Jacobsen, and in the last round Kanzel and Paul will probably be changed in rebuttal. Bi- graphs of Pennsylvania's affirmative team will appear in Friday's Pennsylvania Daily.

VEREIN PICTURES TO BE TAKEN.

The German Verein, with the pupils of the German classes, is to take a trip to New York on Thursday, May 23. The Verein pictures are requested to report at the entrance to College Hall this afternoon at 1.15 o'clock, when the Verein pictures will be retaken.

Florida Club to Meet.

A meeting of the Florida State University Club will be held this evening at 8 o'clock on the third floor of the College building. Signed: J. Yorke, secretary pro tem.

COLUMBIA GAME THIS EVENING.

VARLET BASKETBALL TEAM WILL HAVE GAME THROUGH SCHEDULE WITHOUT A SINGLE DEFEND IF IT WINS THIS TIME.

The deciding game in the Intercollegiate basketball League will be played this evening at the Varsity baselines under Columbia in New York. This will be the hardest game the Varlets have played this season, for it means much to Columbia, and they will fight to the last to secure a victory. If Columbia should win it would mean second place for them, and if an unexpected defeat were sustained by Pennsylvania at the hands of Cornell, which is very unlikely after the excellent play of the Pennsylvania team last week, then Pennsylvania and Columbia would be tied for first place.

But on either hand if Pennsylvania wins she is without question the intercollegiate champion, as none of the other teams could come up to her record of six victories, and the possibility of a one-up on Saturday night with Cornell.

Another reason that it is important for Columbia to win is to keep Pennsylvania from finishing the intercollegiate schedule with the second place of not having lost a game. Up to this time only two teams have succeeded in doing this, both of them representing Columbia in the seasons of 1903-04 and 1904-05. Since then, however, the Columbia game is played with more speed, and should Pennsylvania win her next game now, the honor would be more just.

Kenneth, who had his shoulder injured by colliding with a player in the Cornell game on last Friday night, will again report to the floor, as well as all the other regular players. The floor will be taken along as usual.

The line up will be as follows:

Columbia, Pennsylvania.

McMillin forward... . Fitzpatrick forward
Kehoe center... . McNeil center
Kimbrell guard... . McCracken guard
Kiefaber guard...

to a number characteristically artists the Architectural Society last evening unified the dress rehearsal of "The Three Twins" as an opportunity to entertain their friends as a smoke. There are many features about the efforts of this organization that are unique. First to consider the annual play has been developed from one of the most original and charming events of the college year. The Jumel, the main element in the amusement, are the work of an organization of the department, and as such mean the interest of the University in addition to the real work of the performance itself.

The play is given in aid of the department, the proceeds being used in increasing the architectural library. The department, as it was founded some ten years ago with an enrollment of a handful of students, has steadily increased, until today it stands at the head of the architectural schools in the country in point of numbers as well as its reputation, which is far more important, this school now being considered the best on this side of the water.

The activities of the Architectural Society in the interests of their school will be copied in other departments.

TO PENNSYLVANIA MEN.

A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Rejection then entangled with any expensive or inefficient employment agencies is likely to cost you more in the long run than it would have been possible to find out of college. There are no involved contracts, no costly commissions, no recrimination or action attached to our service. We think we solve and prevent a new and better war.
