BASEBALL AT OTHER COLLEGES

Pennsylvania, Columbia and Harvard's Prospects Good.

Coney, Princeton's Star Pitcher, Has Graduated—Deshan, Cornell's Wonderful Twirler, Will Not Be On Slab.

The of the dozen teams of the big college baseball public, classification for this season on the basis of last year's schedule is making a good showing this season. Brown and Cornell, which were of champion caliber last season, have been more or less depleted this year by graduation, while Pennsylvania, Columbia, Harvard and Yale seem likely to come forth as leaders of their respective elopes.

Cornell has suffered a great loss by the graduation of Deshan, the wonderful South American pitcher, but of the nine returning members five have been returned. The team is composed of war veterans and first base, Helber, second base, Hellman, shortstop, Ebering, right field, Bingham, centre field.

Pennsylvania's entrance as far as the baseball public, classification for this year is a question of the largest importance. In every game in this year's schedule the team should result. As Pennsylvania's men are in form, they are confident of carrying away the pennant which Lehman is regarded as the great favorite in the varsity teams. The judgements who are on the list are: Robert Stahl, of the Allentown Y. M. C. A., and several others.

The following will report at the meeting to be held in the University gymnasium on Saturday evening. This meet brings out all the varsity teams of the many preparatory schools in and about Philadelphia. The list of entries for the contest is larger than ever before.

Gymnastics meet with Lehigh.

The University gymnastic team jouets a strong team this season, and a well-contested meet should result. SPECIAL REMITTANCES RECEIVED.

Trip—Took Action on Draper Case.

At a meeting of the faculty committee on athletics, held yesterday afternoon in Harrison Labrotary, many important questions were discussed, and in every case a definite settlement effected.

It was decided that the baseball team might be allowed to make the proposed Western trip provided each member secured the permission of the head of his department to absent himself from classes for the time required to make the trip. The baseball committee considered that the trip should be allowed to represent Pennsylvania on the gridiron after October 1st of this year.

The question of allowing Fredericks to represent the University on the soccer team was brought up and the final decision given that they might do so on condition that the two very important committees at the university Pennsylvania's team will meet should first be consulted and their consent given.

Two very important rules were passed by the committee. First, as regards the training table it was ruled that before any man may represent the University in any branch of sport or even practice with the team for which he is a candidate, he must discharge his total indebtedness to the training table.

The committee considered the question of indoor track meets in which the University track team has staked. It was ruled that in the future every meet and every entry for that meet be submitted to the committee at least three weeks before the meet in order to place the question of sanction of meets to be decided. This ruling seemed necessary, owing to the several feeling that Pennsylvania has taken part in too many indoor meets of late. The approval of the committee for being made absolutely essential now, the number of meets will probably be considerably smaller. Both this ruling and the one regarding the training table go into effect at once.

The committee approved the schedule of the football baseball meetings. Matters were discussed. In particular the question of Port's eligibility by reason of low standing was raised and allowed to go on until a thorough examination of his work could be made.

Intercollegiate Bowling.

The opening game of the Intercollegiate Bowling League will be played by Pennsylvania's team against Harvard College at Saturday evening at 5:30 o'clock. The following will be the team from West Philadelphia Station at 7:25 that evening: Holban, captain; Woold, Bob, Earl, T. V. V. Schmick, Horst, Camp, Schenck.

University Debate Committee.

Meeting of the University debate committee this afternoon, at 1:30 in room 201, will be held at the Hotel Windsor. Signed: C. A. Hong, chairman.

115 names, 4272 students, 204 special evening School students, 131 members of the teaching force, 143 administrative officers (including trustees, manager, directors, etc.), and 165 of the principal employees, such as assistant librarians, stenographers, bookkeepers, college assistants, engineers and janitors of buildings. An effort has been made to arrange the list so that it will be possible to instantly find the address of any person connected with the University, with the chief or undergraduate capacity, that is, in the full name, the position, class, department, course, line address and Philadelphia address. The list will be of invaluable service to the many who have occasion to look up names but concerning University members. The book is one which everyone connected with the University should possess.

Circyle François Notice. The monthly meeting of the Circyle François, which was to be held this evening, has been postponed on account of the failure of the committee to secure slides. Signed: L. P. Franks, president.

The Pennsylvania 3

TO PENNSYLVANIA MEN.

A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Before you get entangled with any expensive or inefficient employment agency or before you start on a more or less aimless individual search for the position you desire, it will be worth your while to learn about our Cooperative Membership. We are an organization of college men. We can save you time, travel, trouble and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when out of college. There are no involved contracts, no costly commissions, no red tape, no strings attached to our service. We think we solve an important problem for college men who obtain the best temporary or permanent positions.
