COMMUNICATION.

FOOTBALL MEN REPORT APRIL 14

CAPTAIN HOLLENBACK PLANS SPRING WORK FOR CANDIDATES.

Early Practice to Consist of Handling the Ball—Board of Coaches Decides Large Number of Men to Report.

Captain Hollenback has announced that he will call out all official material in the University for the annual spring practice on April 14. The work will continue as long as the weather will permit. Because of the recent changes in the football rules the board of coaches are anxious to have as many candidates as possible report. Field Coach Metzger will have charge of the men, and he will be finishing his plans ahead of schedule.

Mr. Moore Addresses Socialists.

On Saturday afternoon in Houston, March 25th, the anniversary of the death of Carl Marx, Mr. H. D. Moore, a prominent Philadelphia economist, lectured to the Study Club of the Socialist Laborite Society on "Economics: Theory and Practice." There was a large attendance present. The lecturer showed the manner in which a people makes its living—the prevailing mode of production and distribution. And upon the method of production depends the whole social foundation.

Mr. Moore is a well known and respected economist and he has been a constant contributor to the London Economist. At the Labor Lyceum on Sunday morning, March 26th, the anniversary of the death of Karl Marx, Mr. H. D. Moore, treasurer of the society, is to give a further lecture on "Economics: Theory and Practice." The lecture is also a part of the program.

Preparing Tennis Courts.

The University tennis courts, which are located in the rear of the Law School, are rapidly being graded and placed in position for practice. The committee in charge hopes to have them in the best condition within the month. The old courts have been torn up and new ones from the foundation are being constructed. Members of the University only are to be admitted to the courts after 2 p.m. to you to know that not ten percent of our receipts is received from the student body at the present time.

During the past four years effective measures have been taken by the men for the

(CONTINUED FROM FIRST PAGE)

argument to keep tickets out of the hands of speculators. We cannot prevent patentees from turning over their patentees' cards to ticket brokers. It has become a habit among some of the patentees who do not care to go to the trouble and expense of paying some one to stand in line to turn over their patentees' cards to ticket brokers, who arrange these matters for them. We cannot prevent the speculator, if he has patentees' cards in his possession, from standing in line or paying some one else to stand in line. Last year the first man of many who were placed in line by the speculators was No. 41 or thereabout. The club members, both graduate and undergraduate, are allowed to apply for twelve tickets each, which tickets are selected prior to the patentees' sale. As there are about one hundred members of the club, this means that there are about twelve hundred tickets lifted before the sale commences for the eight performances. As the capacity of the first floor and balcony of the Chestnut Street Opera House is between one thousand and eleven hundred faces, this means that out of approximately eighteen thousand five hundred desirable tickets, twelve hundred are picked before the sale commences. This is certainly not an excessive number.

Your statement that no show can succeed without the cooperation of the undergraduates is quite correct, but your further statement that many of the best men in the University will not be induced to undertake for performances, if speculative measures are not adopted, is, we think, entirely unwarranted, for we venture to believe that the difficulties of existing conditions are fairly well understood by that section of the undergraduates interested in the functions and purposes of the Mask and Wig Club. We protest, as proof of this statement, the fact that far more candidates than ever before in the history of the organization made application for positions in the cast and chorus of the forthcoming production.

In conclusion we wish to say that we have the demand for tickets greater than the supply, dissatisfaction is bound to exist. That is not only true of our own club, but of every other organization similarly placed. It is a very easy matter for any of us to criticize.

Yours very truly,
HOWARD K. MOHR,
Business Manager.

This week we will make you a suit to order for $12.75 and $14.75.

THE NATIONAL CLEARING HOUSE FOR SCHOLARS AND INFORMATION.
General Offices, Washington, D. C.

A Personal Word from the President.
The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Before you get entangled with any expensive or inefficient employment agency or before you start on a more or less at random individual search for the position you desire, it will be worth your while to learn about our Cooperative Membership. We are an organization of college men. We can save you time, travel, trouble and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when out of college. There are no involved contracts, no costly commissions, no red tape, no strings attached to our service.
We think we solve and problem in college, There is a new and better way.

University News.
