Red and Blue Win Put Up a Fast Fighting Game But Is Not Able to Hit the Opposing Pitchers

"Soph's" VICTORIOUS in FIRST HALF, FRESHMEN in SECOND

By Skillful Tactics Second-Year Men Succeeded in Capturing Bowl Man Although Outnumbered by 1911,

One of the one-spirited bowl fights this season was waged yesterday between the Sophomores and Freshmen on the field of battle. Heavy spectator view the contest from the north and south stands and frequently rose to the ear to with concentrated

On 1:30 this week about two hundred Sophomores bosed forts in a long-coming line from the south end of the line the schools bw the Fred fighting equipment gave the class the respect of a new year's parade. They then formed in a composite mass in the eastern end of Franklin Field. The Sophomores, grasping the stand at an approximate dis-.

Another little later the Freshman cane pouring out from the northern wing of the gymnasium and, judging by the wanton roar, made to hurry them to come on, they numbered three hundred or more. The 1911 classmen were assembled and the 1913 men on the eastern end of the field. A new idea was displayed by the Freshmen in order to avoid confusion in recognizing their men. Each man had 1911 painted on his somewhere with a hankie. In former years the Freshmen, on account of not being sufficiently aware of the Sophomor's characteristics, often fought against each other. The tactics used this year were, with the exception of the 1913s, the same.

The big line of bowl workers in the freshmen's company caused some confusion in the minds of the managers. It was not easy to get back to the field which was not impossible.

The Freshmen's second time out was against the Freshmen of Penn. The majority of the men who had attended the first game were unable to stick it out for the second because of the usual "bowl fever" amongst the college students. It was a matter of value between the first and second halves. Thus número de men in the second made two beautiful long drives, one of them a home run.

Horace Binney Alumni to Meet.

The regular monthly meeting of the Alumni Club will be held at the Binney Building at eight o'clock tomorrow night.

The annual spring meeting of the Intercollegiate Basketball Association will be held tomorrow evening in the Tavern on the Round Hill Hotel, New York City.

An important question was that which came for discussion is the matter of the present rules. A great number of the universities, and especially Yale, contented that too much emphasis is being indulged in, thus making the playing of the game so serious. The present rules of basketball are not re- stricted, and so players may work the ball anywhere in the streets without coming into collision with another pair of players. Moreover, a certain number of claims should be entirely done away with, for in recent years the roughness of the sport has increased to the point that the game becomes more of a football game. Another fault found is in the scoring. Many claim that the value for goal from foul is too great, while the true goal is overbalanced, because some of the ordinary teams have an accurate basket thrower from the foul line and are enabled to win from a better team with much skill. The Freshmen had twenty hands on the bowl and the Freshmen forty-

As both classes had won one half the other day, the light was against the winning men fainted and all were more or less exhausted by the strenuous efforts of the other class, who was seriously injured.

Chess Match — First Draw

Another draw seems the probable result of the annual college exchange chess match. As both sides are well fought, the outcome is expected to be closely contested again.

TO PENNSYLVANIA MEN.
A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. We are an organization of college men. We can save you time, trouble and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when you leave college.
