SWIMMING TEAM HAS RETURNED

Easily Defeat Chicago University

Philadelphia, April 29, 1908

The swimming team, by defeating the University of Chicago team, which held the Western championship, will be up for the national collegiate championship. This is the outcome of the Western trip.

The best meet, with the Chicago Athletic Association on April 25th, held at by a score of 25 to 15, because of the unfamiliarity of the team with the Western rules and because the pool was only sixty feet long.

In this meet Hopkins, Penn, and the other well known university teams were defeated. The team had a very active presence at the meet.

The team will be up for the national collegiate championship.

FEAST AT WEST END

The Freshman baseball practice yesterday afternoon was postponed, owing to a few members being ill. On Friday the last team will meet Lawrence College and on Saturday afternoon the Columbia freshman will be played on Franklin Field. The game should prove the meeting of the Columbia freshman team and will be played on Franklin Field. The game will be finished with the meeting of the Columbia freshman team. The game will be played on Franklin Field.

The Penn team will play against the University of Chicago team.

History of Central High School.
The University Library has received a book from Franklin Spencer Edmunds, which he has just written, called "The History of the Central High School." This book should be of much interest to the students who have come from that school. It gives a clear and concise manner the history of this great institution of learning from the time of its founding to the present date. It contains a list of its faculty and officers, past and present.

The annual spring outdoor gymnastic exhibition on Franklin Field tomorrow will again demonstrate the value and practicability of compulsory physical education at Pennsylvania and bring before our minds the great good accomplished in bodily development among students of the University.

Dr. McKenzie has brought to a high stage of efficiency the exercises that are expected to increase physical health and vigor. There has been a noticeable improvement in the physique of hundreds of undergraduates, who, although not qualified for an athletic team, are nevertheless in need of systematic exercise, and can take considerable pleasure in the class work as conducted at the gymnastic under Dr. McKenzie's supervision.

It is Pennsylvania's place to prove that physical education has a place in the normal development of every man that is as important as the intellectual, for without it mind is as important as the intellect, for without it mind is useless.
