The Sophomore will hold forth on Franklin Field tonight, at eight o'clock, with the time-honored cremation exercises. At that time the names of the Sophomore class may be announced in the familiar and lovely order of the class for four years of the Faculty will be shown. Their names cannot be stated at this time, as the billings is going on today, and the ceremony, as such, may never be held.

The Sophomore class is one of the oldest and most popular of Pennsylvania customs. The names within the great roll of tradition are not many, and who, into the second term, and of course, to all others, are the names that are to be found in the history of the association.

The Intercollegiate Track and Field Championships, which will be settled on Franklin Field Friday and Saturday, are one of the most closely contested meets in the history of the association.

Pennsylvania, Yale, Michigan, and Cornell are such schools as are known to various critics. Captain Cartmill will probably win the two sprints, while Taylor of Michigan, in the favorite in the half mile, while Rowe and Dell may win the mile and two miles respectively for the same University. Shae, for instance, will probably score over two of the hurdle races. Yale's representative is expected to score heavily in the 110-yard, while Cook of Cornell, has the best record in the broad jump. The 110-yard event appears to be an even race.

Krieger, of Swarthmore, should again take the shot put, and Fizer of Franklin, in the hammer throw. The pole vaulting is in no need of attention. To do so at this time would be to rob the readers of the sports pages and have to close with "from one of the committee that the price should be as follows:"

After day deliberation, however, they have unanimously decided to stick to the 110-yard hurdles, and all those, less included, will go at that price.

Eight o'clock is the hour, Franklin Field the place, and you the person. Fill your tickets early at the rates above, and see with the naked eye that which can only be told prophetically compared with the original—in time's trend.

1906 Record Out This Week.

The true class of the 1906 record shows out this week. It will be the most elaborate University game meet that has been held over four hundred pages, handsomely bound in leather and cloth, with a uniform of the best. The number of color plates and engravings, together of the teams, clubs, classes, fraternities, and societies, with athletic records and chronicles, sketches of life in each department, views of the campus, athletic fields and buildings, interior of the buildings, and many attractive features, altogether a most carefully prepared and arranged manual about Pennsylvania that should be worth more to anyone interested in the University. Some four hundred pages of color plates are an exhibition in the entrance to the new building.

This year the committee is not having as many copies issued to members as in the past years, and the indication is that the supply will be exhausted soon after the first edition. All others who wish to be sure of a copy should secure an early order now, in which case the books will be kept in reserve for him. Unfilled cards may be secured from any member of the Committee or at the Union Club Book Room.

Baseball Mass Meeting.

A baseball mass meeting, to prepare the students for the game, was held Monday on the Yale campus.

We feel inclined to regret that the New York Athletic Club crew, after rowing a dead heat with the Varsity crew on Saturday, let the race go to Pennsylvania by default. The rowing of the tie would have furnished us with some interesting sport. If there are any who have not paid the same, they may do so when they call for their tickets.

Arts and Science Association Election—A meeting will be held this afternoon, at 11:50 o'clock, in Room 295, College Hall, for the nomination and election of officers. A large attendance is requested, that representative officials may be chosen and a general interest aroused in the work of the association.

Varsity Baseball—The following report was presented at West Philadelphia Station this morning at eleven o'clock, to board the train for New York.

We take this opportunity to extend our congratulations to the Varsity baseball crew, after a superb effort through the season, on Saturday, let the race go to "Varsity," after a fight and with a superb effort. We have a fine team to-day, and the interest aroused in the work of both crews were in fine condition, totalling 1428 Chestnut Street and 14 Mint Arcade

TO PENNSYLVANIA MEN.

A Personal Word from the President.

The college men who obtain the best temporary or permanent positions in July are usually the ones who start looking for them early in the year. Reformers get success with any expensive or inefficient employment agency or before you start on a more or less shabby individual search for the position you desire, it will be wise while your leisure about your Cooperative Membership. We are an organization of college men. We can save you time, trouble, and money by furnishing you with accurate information while in college and by securing you a desirable position or business opportunity when out of college. There are not involved contracts, no costly commissions or red tape, no strings attached to our service. We insist on salve and position in a new and better way.
