FEW OUT FOR MASS MEETING
ENTHUSIASM AROUSED BY WORDS OF GRIDIRON VETERANS.

The largest football mass meeting held in years formed last night in the Triangle and marched to the Training House, where the football stars from as far back as the class of 93, to the present students were seated, and twelve points were made for the American Legion against Bucknell, two of which were made against the Gettysburg eleven this right tackle, Pike, right guard; Marks, quarter-back; Raffoak, left half-back; Hollenback, left guard; Aldiguer, centre; Kennedy and Price, '85 C, both of the Princeton Freshmen to a Ua score.

The Gettysburg eleven, which recently brought the season to a close with the Harvard team, was allowed, and the afternoon was spent in signal practice with the candidates for the captain-ship of the eleven. There was a decided improvement over last Saturday's exhibition in this respect. Smith did very good work, and should prove an excellent substitute at quarter-back. All the candidates for the quarter-back position were given a try-out by Assistant Coach McGeoan. Coach McGeoan instructed the half-backs as to the different formations, and the line men were put through a severe charging drill by Coach Whorton and Terry. These ends were given practice in the use of the forward pass.

Thirty men reported yesterday for the Freshman team, and a second equipment was organized for the first time. The Freshmen team has a short scrimmage with the Varsity, in preparation for today's contest with Lawrenceville.

The line up for today will be as follows: McGeoan, left end; Gill, centre; left tackle; Ford, left guard; Gassen, right end; centre; right tackle; Van Haussen, right tackle; Haydock, right end; Hatchman, quarter-back; Smith, left half-back; Beal, right half-back; Harcourt, full-back.

FEW OUT FOR MASS MEETING

A mass meeting of those interested in football was held in the Houston Club Auditorium yesterday afternoon. The assembly numbered some fifty men, and was under the leadership of F. A. Child, of the English Department. Vice-President Smith, Dr. Langlet, and Professor Herrick, of Central University, were also present.

The keynote of their speeches was the great benefit which derives from his interest in debating.

Professor Herrick said in part: "There is no activity in which a college man can participate which will give so much service when he comes to stand in the world as debating." He said that speech was the value of debating, and Dr. Smith then gave a long talk on the lack of interest which exists in such matters, when at one time debating was a leading interest of the students at the University. He urged everyone to take part in this activity, in football or other contests of the athletic field.

Plans for forming a debating union were discussed and a great deal of interest was shown in the game. With the new men taking an active hand, it is hoped that Princetonians will more and more be able to carry off the intercollegiate championship, as he has done for the past three years.

Camera Club Smoker.

The first meeting of the Camera Club for the present college year will be held this night, at eight o'clock, in Room 3, Houston Club. There will be a speaker and recognition for new members, to be followed by discussions and a display of pictures for the plans of the coming year. Everyone at all interested in photography, no matter how limited their experience has been, is asked to attend this evening's meeting. All members were necessary, as the present is much important.

The purpose of the Camera Club is to encourage the development of artistic merit in photography. Anyone who desires to become more interested in the art of photography will here find an opportunity which he ought not to neglect. As some of the best of last year's men are no longer members, new members are needed from whom to pick material for the Inter-collegiate Photographic Exhibition, which occurs in April at Pennsyl vania. It is to be victorious this year, as she has been in the past three years. A good proportion of every photographer in the University will be necessary at all events.

Phi Chooses Debating Team.

The Phi Delta '08 debates of the Philadelphia chapter of the British Association to Meet.

The Beta Gamma chapter of the Phi Delta Debating Team of the college year was selected, and the following question was assigned: "Resolved, That the pooling of inter-state railroad traffic and rates should be practiced, and the following trials then the following were made: The committee of three:

Junior and Sophomore Classes Elect Officers for the College Year.

Duncan Worrell was yesterday elected President of the Junior Class. College, securing an overwhelming majority over the three previous years' candidates for the presidency and between A. F. Smith and Kiefer for the vice-presidency.

The Class of 97.

Previous to the balloting Chairman Lewis, of the Sophomore Dance Com- mittee, submitted his final report, which was accepted and the committee which was dissolved with the thanks of the class for the success they had attained. Chairman Coalition, of the Junior Dance Committee, also presented his report, which showed an approximate deficit of forty dollars. For the affair, The May Day Committee has not yet settled all details nor has the Cremation Committee. The chairman of the latter committee expressed the opinion that they would come out better.

A large and enthusiastic meeting of the Sophomore Class was held in the Harris Theatre the last night of the fall term, and entertainments for the coming year resulted from the hands of the following: President, Ray Smith; Vice-President, J. R. Skinner; Treasurer, William Potts; Secretary, G. A. Executive Committee, Munson, Rifle, Kinserset, Smith, Sarver.

For the office of President, Secretary, Treasurer and historian no elec- tions were necessary, as only one man was nominated for each of the positions. The vote being overwhelmingly unan imously elected.

Among the others who spoke were: Diamond and Paul, '07 C; Smith, '95 C; Polk, '05 C; Captains Hollenbeck, who urged the men to keep up the wonderful spirit shown last night, and assured them that the present Pennsylvania team will not be defeated this year.

Assistant Coach McGeoan informed the men of the importance of the upcoming meet on Saturday. He said that the meet would be through this season without a football defeat, and referred to the Michigan game as a fair example of his powers as a prophet.

To the football team, on whom so much depends and in whom we put so much faith, we can say nothing that has not been told them in the last few days.

All we can do is to tell you that we are with you, men, heart and soul, and whatever happens in the next two weeks, you can count on us as safely as you can on yourselves.

Pitch into us, Pennsylvanians. We're proud of you, and you know it.

More Out for Class Crews. 

Candidates for all four of the class crew were reported for practices at the boat house yesterday. Seniors, Juniors, Sophomores and Freshmen all made up boats and went over the course, but first-year men under the direction of Coach Ward.

The Juniors have several new men, and the make up of the crew will probably be unchanged for some time to come. The Sophomore crew has almost all of last year's oarsmen back, and will do no round shape in short order.

The Freshmen made up two boats and were taken out separately by Coach Ward, who devoted most of his time to teaching the new men the stroke and getting them to row in unison.

The new men who reported yesterday were: Juniors—Whiteh, Ferguson, Lex and Joyce; Sophomore—Fox; Freshmen—Batson, Potterhoff, Bell, Freeman, McCutcheon and Guine.

Gun Club Meeting.

A meeting of the Gun Club was held in College Hall yesterday, for the purpose of getting together material for the team which will represent Pennsylvania at the Intercollegiate match at New Haven next month.

It was announced that a member of last year's club had offered a handsome silver trophy cup for the best individual shooting by a member of this year's team.

As soon as sufficient men report to make a competitive squad dual shows will be arranged with entering clubs, so as to rapidly develop the form of the candidates.

The Cheer-lie Gun Club has again donated the use of its grounds for the members of the club, and with the unusually good field equipment, there should be no reason why every man who has any skill in this branch of sport should not have every chance for the team which will enter the Intercollegiate at Yale.

Architects to Give Reception.

The Architectural Society will hold a reception to new students of the Architectural Department on Friday evening of this week, at eight o'clock, in the architectural library, third floor of College Hall. Mr. Kelsey, a prominent architect of this city, will address the students.
