**SWEDISH ARCHEOLOGIST HERE**

**Professor Montelius Will Lecture in Houston Club.**

"Sweden in the Time of King David" is subject of noted foreigner—Guest of Mr. Joseph G. Roseengarten.

Professor Oscar Montelius, Director of the Royal Museum of Stockholm, is now in Houston to lecture on the history of Sweden. He is in the world on Northern archaeology and will deliver a lecture on that subject this afternoon in Houston Auditorium on "Sweden in the Time of King David."

Professor Montelius arrived in Philadelphia last night in the company of Mr. Józef G. Roseengarten, the University, later to tour the world on the subject of his lecture.

Professor Montelius was invited to come to this country by the Loyall Institution, for the purpose of delivering a series of lectures in Boston. His lecture of this afternoon is to be in the English language. He is the author of many important works in English, French, German and Swedish. He has been named by several universities and has been decorated with many medals.

It is through the kindness of Mr. Roseengarten that Professor Montelius has been persuaded to deliver his lecture this afternoon.

**Freshman Class Meeting.**

The largest turn out of Freshmen of the year met yesterday to discuss the question of the Push Ball Fight. H. H. Morris, President, presided, and urged every member to take part in the fight and by a victory retrieve the two former defeats at the hands of the Sophomore and Junior Classes. The Junior Class, gave the Freshmen a moral cowardly in the defeat and urged them to show a greater amount of enthusiasm. The vote of the elections of permanent officers of the class will be held next Tuesday, in spite of the fact that the meeting had previously been announced. The meeting will be held in the Freshman Chemical Laboratory.

**Socialistic Mass Meeting.**

A large and enthusiastic meeting was held yesterday in Price Hall, Law School, to discuss the socialistic standpoint of movement. J. Moss, 93, as Chairman introduced G. H. Bauer, 70, who explained with great clearness the principles of socialism. J. F. Kelly, 90, then referred these arguments to the standpoint of a Republican. The meeting ended with a general discussion and debate.

**First-Year Law Elections.**

In an exciting and hotly contested election yesterday the First-Year Law Class met and elected the following officers to serve during the class year: President, Ralph J. Walter; Vice-President, James W. Shimer; Treasurer, Edgar M. Raikes; Secretary, Elmer; Treasury, Tompkins; Chief Leader, Tower.

**Evening School Officers.**

The following officers were elected at the meeting of the Junior Class of the Evening School last night: President, H. H. Waters; Vice-President, M. W. Shimer; Secretary, Elmer; Treasury, Tompkins; Chief Leader, Tower.

President Corkran Announces Marshals for Today's Push Ball Contest.

There will be a meeting of the Undergraduate Committee this afternoon, at 1.15, in Room 201, College Hall. Every member of the committee are to report to the meeting at 1.15, in Room 201, College Hall. Signed: James M. Korbett, W. F. Young, J. H. Lyman.

**To Practice Songs and Cheers in the Triangle for the Indian Game**

At 7.30 tomorrow evening in the Triangle will be held a final preparation meeting before the game with the Indians.

As the team will not be in the city there will not be, in all probability, any speeches by the players, but the coaches will present to help arouse the spirit of enthusiasm which is necessary for the winning of Saturday's game. The University Band will add its martial strain to cheers and songs which will be given.

This game is the season so far as the value of victory is concerned and if the defeat of the two preceding years is to be hurdled back into the teeth of the Indians in the form of a victory for Pennsylvania, it will be through the support that is given by the undergraduate body as a whole to the men who are fighting to keep the goal line unbroken and a clean record of victors for our Alma Mater.

**New Underclass Fight at 1:35.**

President Corkran Announces Marshals for Today's Push Ball Contest.

The Freshman Denial held yesterday in Highland Hall, Signed: W. T. Con-
PEISH BALL FIGHT.
One of the most picturesque cus-
toms enshrined at American univers-
ities and one which has for many
years flourished at Pennsylvania is the
long-established rivalry between the
two lower classes in the undergradu-
ate body.
This feeling takes definite expres-
sion not so much in the denuncia-
try, and a hundred men. It must be.

And some of those at Penn-
sylvania, the Campus Fight and the
Bowl Fight being the ones now car-
ried on. A third fight, however, in
which the Corner and Cemetery
was a fixture on the schedule until
1906, when the Dean forbade the
creates the use of the basement in
College Hall, which had always been
the scene of the fight. To take up
place that year a so-called Ball Fight
was held on Franklin Field, the objec-
tive being to rush a football through
the opposing class and across a goal line.
This, however, like the Wall Fight in
1900, proved a dismal failure, and
now the much-talked-of Peish Ball
Fight is to be tried, and if found suc-
cessful, retained as the third of the
annual encounters.
The Push Ball Fight seems to con-
tain elements novel enough to ensure
its popularity. The introduction of
such an unusual object of attack as a
seven-foot push ball should be suf-
ficient to provoke a revival of inter-
rest on the part of every recurrent "scrap." It is,
however, an experiment, and we await
the result with interest.

Brown Preparatory Club.
At the meeting of the Brown Pre-
paratory Club held in Houston Club
yesterday, it was decided to hold
meetings the third Wednesday of each
month. The following officers were
elected: President, Mann; Vice-Presi-
dent, Crowe; Secretary, Archibald,
and Treasurer, Osterlund.

University Band Rehearsal.
A rehearsal of the University Band
was held last night in the Law School.
About thirty members were present.
Owing to the fact that the uniforms
have not yet arrived, they will not be
able to play at the Indiana game. They
will, however, play at the mass meet-
ing tomorrow night.

MICHIGAN TRIP.
In Tuesday morning's issue of The
Pennsylvanian we printed a communi-
cation from the committee in charge
of the Michigan trip. This article
gave all the necessary information in
regard to the trip, including the itin-
erary, and requested all students con-
templating the trip to take the matter
up with them at once. The committee
in charge—J. Shipley Dixon and Ralph
J. Waite—arranged the trip to Michi-
gan last year, and deserve the highest
praise for the work they did. This
year they have arranged even a better
trip. A special train of Pullman sleep-
ers and observation cars has been se-
cured and an exceptionally attractive
itinerary has been scheduled, includ-
ing a visit to Niagara Falls on the
return.

The capacity of this train is limited,
and everyone of the hundred ticket-
sets necessary to fill the train must be
sold in order to carry out the arrange-
ments successfully. Only three weeks
remain before the Michigan game,
and we feel that a concerted action on
the part of those who are interested
in helping the committee make the
trip a great success should be taken
at once. To send a Pennsylvania
homecoming section of a hundred men to
Michigan we feel would insure a vic-
tory, and a hundred men it must be.
To insure the success of this, how-
ever, we would suggest that the com-
mittee appoint a body of influential
Seniors as a sub-committee to canvass
the University at once. If this is done,
we feel that within a week the entire
number necessary to fill the train will
have been secured.

Wharton Association Meeting.
At a meeting of the Wharton Association, held in Logan Hall yesterday afternoon, a new measure in regard to cuts was announced for the first time, and considerable discussion arose as to its probable effect. This measure, which is under consideration, has been acted on by the Faculty, provides that no student may use any cuts remaining to his credit either during the week before or the week after the Christmas vacation, and in the event of his violating this rule he shall receive a condition in each subject in which he shall take a cut, the only exception to this rule being made in favor of men who live at least forty-eight hours' journey from Philadelphia. This new measure will affect a great percentage of college men, who have hitherto been accustomed to obtain the full length of the vacation by leaving two or three days before the close of school and remaining away from classes at the end of the vacation for the same length of time.

**Rescued Boy from Drowning.**
Professor W. H. Lyle, of the Civil Engineering Department, Lafayette College, on Tuesday last rescued a boy from drowning in the Lehigh River. Professor Lyle had a class in swimming out on the river bank. Noticing two boys on the opposite side struggling in the water, he plunged in, swam across, and rescued one of them. The other sank before Professor Lyle could reach him. Up to within two weeks, which is understood to have been consulted with the Civil Engineering Department of this University.
