VARSIY LEAVES FOR THE WEST

FOOTBALL TEAM WILL MEET CARNEGIE TECHNICAL SCHOOL.

All Regulars Are in Good Condition for Game Against Carnegie. 

Owing to the very turbulent weather yesterday afternoon the 'Varsity's practice was of the very lightest variety. The water-saturated field renderd scrimmage work and signal practice impossible, and Coach Kerzser was only able to give the men a short practice before getting down the field under the ponts of Mosse and Hollenbach. All the reguars reported for work and showed a decided improvement for their three days of hard-earned rest, and certain again took part in the prac-
tice, but it is hardly likely that he will be seen in the line up until the lieutenant game. During the past few days two new men—Mosse and Tullven—have shown up excellent. The former is a valuable backfield candidate and the latter has been doing such consistent work in line playning that it would not be surprising if he were given a trial. Hollenbach's hand is causing a good deal of worry. The last he had to do with blood poison is feared. The rest of the injured men have been improving and are now in much better condition than before the Carolina game.

The Board of Athletics, too, will substitutes will leave this morning at 11:30 for Pittsburgh, where they will meet the Carnegie Technical School eleven tomorrow afternoon. The 'Varsity squad is made up of Marks, Irwin, Delichick, Draper, Gaskin, White, Neuman, Nalder, Mosse, and Hollenbach. Cooney, Pike, Hough, Smith, Smiley, Koon, Peach, Miller, Smith, Summer, Reagan and Young.

TO-DAY'S CHAPEL EXERCISE.

We call attention to this meeting's special Chapel exercises. Mr. Louis C. Madeira, of the Class of 72 C., will be the speaker. The Pennsylvanian, on behalf of the undergraduates, extends to Mr. Madeira a most hearty welcome.

FRESHMAN TEAM.

The Freshman football team is in a position to spread the influence of Pennsylvania and add to the number of her friends. Their schedule in coming weeks will send most of their men to other universities. Pennsylvania needs as many men of the right sort as she can get and the good opinion of every preparatory school will help her get them.

The University's fair name is in the keeping of all her students, but especially in those who represent her to the outside world. The Pennsylvanian feels that the student body is very jealous of that fair name, and it wishes to caution all teams, and especially Freshman teams, to do nothing that can cast reproach upon it.

ATHLETIC ASSOCIATION.

There is always some criticism every year in regard to the Athletic Association. A large number of the students feel that the policies and rulings of the association at times are not in accord with undergraduate sentiment. The Pennsylvanian has shared this feeling also, but believes the fault lies to a great extent with the undergraduates themselves, who have the power to put on the Board of Directors men whom they know will truly represent them.

The Athletic Association exists for the University for the good of the undergraduate men and women, and all graduates, and those who have charge of its affairs should give its policy for their benefit and in accord with their sentiments.

The annual meeting of the association will be held on Tuesday, December 8, 1908, at 8 P. M., in the Gymnasium, Franklin Field. At this meeting one member from each of the Law, Medical, Dental and Veterinary Departments and three from The College will be elected to the Board of Directors. Nominations for these elections, however, must be made within the next five weeks, in order that the nominees may be eligible for election.

The letter has been mailed to each holder of an Athletic Association book, in which is printed Article XIV, Section 3, of the by-laws of the association, which sets forth the conditions to be complied with in order that nominees may be eligible for election. We hope each student will read this carefully and give the matter serious thought; then vote for men who have been active in University activities and whom we feel will truly represent undergraduate sentiment. If this is done there will be little cause for criticism of the association.

Wharton Freshman Smoker.

With speeches of welcome and welcome some fifty of the Wharton Freshman men were formally received into the Wharton Association at the smoker which was held in Logan Hall last evening.

Addresses of welcome were made by George P. Hilles, '06, President of the Wharton Association; Harper H. Brinton, '08, secretary; and Ralph H. Marks, E. R. Gettys, in behalf of 1911, urged their adherence of the customs and traditions of Pennsylvania. Captain Harcourt, of the Freshman football team, also spoke a few words on the prospects of the team, and urged every man to get out for some form of University activity.

Chess and Checker Club Smoker.

"The Chess and Checker Club held its annual smoker last night in Houston Hall. There was a good attendance despite the inclement weather of the season. Among those who were present were A. E. Wilson, Jr. C., the first President of the club; President Wastie-odd's, '98 W.; J. Henry Imbrie, '11 L., and Samuel Rosenbaum, '16 C., Mr. Hallett spoke of the early days of the club and of the good it has done the University.

Last Day for Payment of Fees.

The Bursar's office will be open until 8 P. M. to-morrow, long enough for the payment of fees and rents before the 3 per cent penalty is imposed. Signed: W. O. Miller, Bursar.

Veterinary Medical Society.

At the meeting of the Veterinary Medical Society this evening Dean Poore, of the Veterinary Department, will address the society.

Oh, Fresh! Beware.

Chinese Club Smoker.
The Chinese Club held their first smoker of this year last night at the Houston Club Trophy Room, Proven Harrison, Vice-President, and the Deans of the departments in which they are Chinese students were present and gave short addresses. Refreshments were served during the latter part of the meeting.

Valuable Gift to Library.
A very interesting gift has been received by the University Library—a copy of the Korean translation of Dr. Herbert A. Haas's work, "Practical Therapeutics." The volume is the personal gift of the author, and is of possible interest because of the small number of Korean books to be found in American libraries.

Executive Elections.
The elections for the sophomore civil engineers' representative on the Executive Committee, which were held last Wednesday and resulted in a tie, will be voted on this afternoon, at 11:55, in Room 205, College Hall.

Blair Club Events Officers.
