THE PENNSYLVANIAN

MUSICAL CLUBS OPEN SEASON

First Concert, Held Last Night at University House, a Decided Success.

The Combined Musical Clubs last evening opened their season with a concert at the University House, which proved a decided success. The proceeds of the entertainment were for the benefit of the House work, and quite a neat sum was realized, there being present a good sized audience, drawn from the neighborhood. The Clubs exhibited such finished form for their season as is necessary to make any one of their programs of the day, it is true, but the music was very well rendered, and the entire concert was a success.

The next concert is scheduled for to-morrow evening at 11.30 o'clock. Plans have been made for an interesting program, several of the students being to perform in it. The concert will be in the University Club.

Cross-Country Meet will be Formed.

The Varsity cross-country team will be formed, it is understood, by Archie, Roebuck, Wilson, Waldo, Tysons and Griggs, who were taken at last year's meet by the Intercollegiate Committee. The team will consist of two men who will be able to hold the Stratford-Gilbertson the evening before the gridiron struggle with the Ithaca team.

Kelvin Physical Club Meet.

At a meeting of the Kelvin Physical Club, held in the Physics Laboratory yesterday, Dr. Goodspeed delivered the "Philosophical Magazine." Mr. Bergman described two experiments in which the apparatus used was shaped like the symbol for 2400, with an eye toward the practical application of the theory presented in the lecture. Dr. Goodspeed then discussed the theory of cathode rays in connection with the Kelvin Electric Lamp.

Ohio Club Meeting.

A meeting of the Ohio Club was held last night in the University Club. The meeting was called to order by President, William D. Warther, 2nd, and Secretary, George Smith, 1st. Several resolutions were adopted and the executive committee was elected as follows: S. A. Boyse, Vice-President; William Crum, Secretary, and Edward Coldwell, 3rd. The next meeting of the club will be held Dec. 12th, at 7 o'clock.

Montgomery County Club.

At a meeting of the Montgomery County Club in the Houston Club last night, the following officers were elected: President, William D. Warther, 2nd; Secretary, William Crum, and Treasurer, George Smith, 1st. Several resolutions were adopted and the executive committee was elected as follows: S. A. Boyse, Vice-President; William Crum, Secretary, and Edward Coldwell, 3rd. The next meeting of the club will be held Dec. 12th, at 7 o'clock.

Germanc Department Lectures.

"Foreign Experiences" was the subject of two talks given last night by George A. Bickel and R. R. Drummond at the Journal meeting, which was held in the German Department of the Library.

Junior Ball Announcements.

Members of the Junior Class may attend the Christmas ball at the hotel this afternoon from 11.15 o'clock this afternoon in Room 205, College Hall.

Another athletic field is needed at the University. The Pennsylvania has seen the need of this for some time and has taken steps to lay the matter before the Athletic Association. The members of the Association before whom the matter has been brought are favorable to the idea, and all that is needed to make the Association act is the expressed desire of the entire student body in some tangible form that an extra athletic field be given them.

Franklin Field is supposedly the athletic playground for the students, but it is not. Itis an arena built for the purpose of turning out teams in the three major sports and as a place for witnessing intercollegiate contests. The Field is not large enough for our teams and for a general recreation ground of the student body at the same time. As long as intercollegiate games are in vogue this will be the case. During the fall and spring—the only time when it is desirable to exercise out of doors—Franklin Field is out of question as a recreation ground for the students except to those few representing the University on its teams.

It must be evident to everyone interested that another field is necessary to the well being and general health of the student body. The only field of easy access to the students is situated near the Exposition buildings and reached from Thirty-third and Spruce streets. The Athletic Association could not do a better thing than have this, if unable to buy it, and open it as a general recreation ground to all students who are members of the Association. The Pennsylvania certainly commands the matter to their serious consideration.

The Wrong Spirit.

The Pennsylvania hones to no one in its loyalty to our teams. We are proud of every man on everyone of them and are willing to do any amount of work or make any sacrifice to help them to their deserved success. In getting a cheering section to go to Michigan, in the promoting of mass meetings at home, and in giving support on Franklin Field we are willing to do more than our share. But we also have a loyalty to that which makes our teams possible—our University. We believe that the students here are working in earnest, we believe that our Faculty and courses are second to none, and we do not believe in an exaggeration of either of these sides of our college life.

The Pennsylvania does not believe in the custom of declaring a "student's holiday" after every game we win. When the team returned from Ann Arbor on Monday it was right to receive them as we did; but it was not right that the reception should make it impossible for the professors to hold hours all day. When hours have to be broken up it is no time for a holiday. When they spontaneously cease to exist, then we are sure the professors and students alike will spend the day repeating. Such a day was spent after the Harvard game four years ago.

It is hard to find fault with Pennsylvania spirit, but these are among its shortcomings: Not quite enough men ready to themselves to go to Michigan and cheer the team, and too many ready to break up our serous work when there is no definite form of celebration calling them away.

Red and Blue" Candidates.

At a meeting of the candidates for the "Red and Blue" staff, held in Room 213, College Hall, yesterday, Professor Quinn, of the English Department, a former associate-chief of the publication, urged the men to do their best in not only trying for the staff but in promoting interest in the paper.

Professor Schuyler, of the English Department, will give an address this evening before the Niemcine and Antiquarian Society of Philadelphia, at the Union League.

Cornell-Pennsylvania Joint Concert of Musical Clubs, Bellevue-Stratford Ball Room, Wednesday Evening.
Honor List Announced.

Lecture by Professor Montelsius.

Yesterday afternoon Professor Montelsius delivered an illustrated lecture on "The Mycenean Age" in the lecture room of the Museum. Professor Montelsius opened his lecture with pictures of the ancient tombs of Mycena. Next was shown the entrance and interior views of the tombs. Other interesting slides showed various urns and weapons of the day which had been found about 1782 in one of the five graves discovered at this time. Plots of ancient palaces, both at Mycen and Tiryn, were shown and fully explained by the lecturer. Professor Montelsius has written many books on archaeology.

Zoetropic Play Trials.

The preliminary trials for the Zoetropic Society's annual play were held last night in College Hall. The Society's play this year will be Manninger's "New Way to Pay Old Debt," and will be given some time in June.

Veterinary Lecture.

Dr. Allen J. Smith, Professor of Pathology, lectured last evening in the surgery lecture room of the Veterinary Hospital on "Internal Regulation and Production of Tumors."

Date of Theatre Party.

The Junior theatre party will be held at the Adelphi Theatre Monday evening, November 23rd, instead of November 30th, as stated in yesterday's Pennsylvanian.

Veterinary Medical Society.

The Veterinary Medical Society will meet tomorrow, November 16th, at 8 P.M., in the Veterinary Building.
