EXHIBITION OF CAMERA CLUB

The annual exhibition of the Camera Club was opened in the Houston Hotel last night, some seventy-five pictures having been hung in the reading room on Tuesday evening. It had been hoped that the pictures would have been larger, but owing to the illness of Mr. Goldstein, a prominent photographer of this city, who has been acting in the capacity of judge of these exhibitions for several years, this feature had to be postponed. The exhibits will probably remain on view until the beginning of the holidays.

The judging exhibitions are by H. H. Jackson, "11, who is showing a series of views of New York, taken last summer in the metropolis proper, and by C. J. Cole, the President of the Camera Club, who has entered a collection of views taken in British Columbia. The pictures will be judged on their artistic merit, consideration being taken of the mounting, toning, subject and general effect.

The competition is to develop material for the purpose of preparing a Stereoscopic Photographic Exhibit, to be held in the agreeable rooms of the Falls of the Ohio Institute, in two lectures of the Camera Club.

The University of Pennsylvania Camera Club will give a reception at the exhibition last year.

Bi-Monthly Spectacular Events. Next Monday evening will be the fourth of these monthly dancing events, which are being conducted through the year by Captain George Kiefer. The usual series of hand-shake events (500 feet relay, 50, 160 and 200 yards dashes, water swimming and plunge for distance) and the 100 feet foot race for the winner, will be the feature of the evening.

Debaters

Twelve men were chosen in the semi-final trials for the Varsity debating team, held last night in the Law School Auditorium. The final trials will be held on Monday, December 21st, at 7:30 P.M., with the contestants speaking in the following order:

Class Room No. 5—Rosenbaum, affirmative, versus Paul, negative: Lanseki, affirmative, versus Culler, negative; White, affirmative, versus Laws, negative.

The final plan of having three men speak on a side will be discarded this year, the plan now being to have two men debate against each other with the other candidates out of hearing. The time allotted will be eight minutes for the first speeches and four minutes for rebuttal.

Athletics Precede Debating.

President Hurby, of Yale, delivered an address at Harvard's annual awarding of distinctions. He said in part: "Two generations ago the intellectual idol of the graduates and students of most of our colleges was the leading debater. Now it is no longer the debater but the athlete who occupies the centre of the stage. Now it is no longer success in oratory but success in sport which is over- identified. There is I think no difference of opinion that we should do a great deal better off if public attention were more largely fixed on the intellectual prizes and less upon the athletic ones. Can we honestly say that the prime winners in our American universities have done as much for the public as the public has a right to expect?" I do not believe that the proportion is nearly as deleterious as it ought to be.

Handicap Track Meet.

A handicap track meet will be held in the near future, probably before Christmas, in order to get a line on the ability of the new men. Good material is not so plentiful this year as in seasons past, and Trainer Murphy realizes that he has a task before him if Pennsylvania is to have a representative team. To draw out new material he proposes to have a series of handicap meets throughout the winter, hoping to find some hitherto unknown stars among the student ranks. Dec. 1st for the coming meet have not been definitely announced, but will be completed in a few days.

Combined Musical Clubs’ Trip.

Immediately after the Christmas holidays the Combined Musical Clubs’ Trip will take the big trip of the year. The trip will go on this trip in better shape than ever before, and though the number of men on the trip is quite as large as usual, what is there is first class. The trip will include six cities, which will all be reached by a special car on the Reading Railroad. The following: January 4th, Allentown; January 5th, Scranton; January 7th, Reading; January 8th, Lebannon; January 8th, Pottsville; January 9th, Carlisle.

Class Pins at 11:15 O’clock To-Day.

The students have ordered Freshman Class pins may obtain the same at 11:15 in the Chemical Laboratory.
