The College Boat Club of the University of Pennsylvania will offer a number of new positions to prospective candidates for the "Varisty" and Freshman crews at the University Club last night.

A great deal of enthusiasm was shown by the members of the high school graduating class, who promises to give the new club a very good start this season. A new set of by-laws were adopted and a number of important changes were made. Membership was extended to all those who have rowed on "Varsity" crews and also to "Varisty" coxswains and managers. It was voted that this amendment be adopted.

The change in the by-laws was found necessary, since the Freshman crew and the Club no longer has charge of the "Varsity" and Freshman crews, but is merely an honorary organization.
