Dr. Smith at Pennsylvania

The track situation does not seem very bright at the present time. Of last year's successful team, which was a close second in the Intercollegiate championship, only two point winners remain, Captain Hartney and Newhall. There are several men, however, from last year's 'Varsity squad and Freshman team who should figure prominently in track athletics this year. These are Parker, Ploklea and Blakesly in the pole vault, Hough and Minds in the sprint, O'Connell, Pohl, Kohn, Dicke, Brauchman and Wolly in the middle and long distance events, and Lane in the high jump. Paul, last year's Freshman team, is showing especially good form, and should develop into a sure point winner for Pennsylvania this spring.

The work of Minds has also been especially commendable, and he will represent Pennsylvania in the milestone relay race at the Boston A. C. meet next Saturday evening. Hough, his mate on last year's Freshman team, is distinguishing himself in this line. He will with Hartney and Holmes will be the remaining members of the relay team who will run at Boston. No official report has yet been made by Manager Gepelian as to the schedule, but it is certain that there will be a dual meet with Amherst on May 16th and that the Intercollegiate relays will be held on April 24th at Franklin Field.

The loss of Jones, Foulke, White, Taylor and Caplinger Cameron, of last year's team, will be felt considerably, but there are not on the radar staff any particular slots. Trainer Murphy hopes to develop a well-balanced team in the spring.

Dr. Holmes is offering a course in Child Psychology and Seminar course in the fourth-year students of the Medical Department. The course in Psychological Psychology, the Psychological Clinic, Child Psychology and Seminar course will continue as before.

Weathering Try Outs.

All candidates for the 158 pounds class in wrestling will be tried out this afternoon at five o'clock for the first meet of the season, which will be with Yale at New Haven on Friday night. Candidates for all other classes will be tried out tomorrow afternoon at the same hour.

Notice, Students.

Subscribers to the "Pennsylvanian" in the present term, according to the requirements of the University, are required to be present in class, in the gymnasium, in the tennis courts, and in other places of public assembly after 5:00 p.m., unless they hold a. leave of absence from the University. Don't unrivaled but help make it better. Subscription reduced from $2.00 to $1.50.

NEW COURSES IN PSYCHOLOGY.

University announces the holding of Clinics, to be conducted by Dr. Witmer and Staff of Dosters.

These are Parker, Ploklea and Blakesly in the pole vault, Hough and Minds in the sprint, O'Connell, Pohl, Kohn, Dicke, Brauchman and Wolly in the middle and long distance events, and Lane in the high jump. PRICE, THREE CENTS

SCHEDULE FOR GYM CLASSES.

Department of Physical Education Announces Roster for the Second Term—To Begin Work at Once.

The Gymnasium roster for the second term has been completed with the exception of the members of the Partial, Special, and First-Year Wharton Classes, who should report at once to Mr. Dorman's office at the Gymnasium and arrange their roster individually, as it has been found impossible to have them card one at an hour as an entire class this term.

The roster for the architects and students in biology will be arranged in a day or two.

This roster supplies to all members of the classes here published unless they have received their rosters individually with the Gymnasium office, on account of conflicting lecture hours:

9:00 A.M.: Monday, 4:30; Wednesday, 3:30.

10:00 A.M.: Monday, 5:30; Friday, 4:30.

11:00 A.M.: Monday, 11:30; Wednesday, 3:30.

12:00 A.M.: Monday, 4:30; Thursday, 11:30.

1:00 A.M.: Tuesday, 12:30; Friday, 11:30.

2:00 A.M.: Tuesday, 12:30; all after Perkins Wednesday, 1:35; Wednesday, 3:15, all to Perkins inclusive.

MEDICAL DEPARTMENT

For many reasons, among which lack of space stands preeminently, THE PENNSYLVANIAN has not been able to give news from the professional departments as much attention as it merited, but realizing the importance of keeping students in those departments in touch with the rest of the University, it has been our ambition to enlarge our service until they were included. From today on, with an increase in the size of our news columns at last realized, we begin the extension of our influence by giving the Medical Department representation on the board.

It is our purpose to report every item of University news of especial interest to medical men. Communications will be included and from time to time abstracts from articles by members of the Faculty and short extracts from medical journals will appear. A box, into which items and notices may be dropped, will be found in the office in Medical Hall.

The Medical News column will be as regards classes, together with the small amount of time at its disposal for participation in University affairs at large, is apt to withdraw somewhat from the general University life and to lose interest in the current University events. We hope that the installation of this department will overcome those tendencies somewhat by bringing it closer to Pennsylvania through the medium of this paper.

PSYCHOLOGY

In another column we print an announcement from the Department of Psychology concerning new courses which will be offered this term, of particular interest to teachers and students who are taking special work in the training of children. As an increase in the efficiency of the department it is to be welcomed, and it marks another step in Pennsylvania's progress as a leader in the preparation of school teachers for their important work. No institution is more important under one form of government than the public school. In it the great majority of the children of
