FORDHAM DEFEATED, 32 TO 17

Varsity Five Wins Fast Game from New Yorkers—McNichol and Fitzpatrick Star of Contest.

In the final game of the Northern trip this season, the Varsity team defeated the Fordham College team, 32 to 17. An estimated crowd of 7,000 witnessed the game with the score kept on edge throughout the entire contest. At the close of the game the members of the University baseball team were presented by the students with a gold medal for his subject "The Progress of the World." His speech, which was ideally delivered, was one of the best heard at the services this year. He said in part: "In which we have our places is not the same as that of by-gone. That we may not contradict winter with the day of a while ago we must confess that the tide of time has been changed.

"It is not in the exceptions that we find this progress but in the commonplaces. The great men of the past have had many more of noble heart, high mind and best aim. If they had not always breathed of vision, these world-makers, they have always had depth of purpose. The present has no more stalwart heroes. It is not in that we find the change, but in this world full of spirit and empty of aims. It is desired that every man should possess a better self.

"The lattering centuries of the past have poured out their heart on us which might have been expected.

"Yet when we study the lives of the great, the commonpleaces are all changed by the fact that everyone of them has passed beyond the shadow of the task was finished. As we gather here in the shadow of the present we cannot help but sense that which has so large a share in the intellectual life of the world, it is due that we receive such guidance to carry on their work. The finest thing that we can take away from our predecessors is this great relay race of the centuries, to receive the torch from him who bore it here before and carry it a little further in the name of the beneficentions of the past, but that we take up the cross and so live that we may earn of the work, is our duty. Shall we choose to link our name to a larger heritage than before us? This is the momentous option."

MASK AND WIG.

Today the registration of candidates for the annual Bluster production of the Mask and Wig Club takes place. In any undergraduate activity it would be our duty to urge all to enter into the competition, but with Mask and Wig it is different, as the same name and fame of the Club speaks for itself.

Few people realize what the Mask and Wig Club means to the University of Pennsylvania and what a tremendous amount of good it has accomplished. After two years of existence this organization has resolved a position that is equal to no other amateur dramatic club in the college world. This is a proud distinction indeed and one that is partly earned. Created, developed, and guided to a large extent by graduate members, the Club, however, is in great part an undergraduate institution. Mask and Wig is one mote Pennsylvania—and it is for the forth coming of its interests that the Club works. No institution, club or other college activity has done so much for Pennsylvania as has this Club. It has attained distinction and favor throughout the East and the entire college world. It has long been a source of financial aid to the University, and has lately given a home in the Demolition. The greatest work of the Club, however, lies in the aid and support it gives to other undergraduate activities. It has in this done noble work.

This year, the production, "Spaghetti Land," should be a memorable one. During the last eighteen months the Club has passed through a crisis. In this short period three of the foremost men connected with the Club have died, and it was largely the labors of the late William Ernst, Jr., the author and playwright of the Club for the past twelve years, Success to the Mask and Wig Club.

[Address]

The call for candidates was issued last Friday, and it is expected that a large number of men will report for rehearsal on Thursday, February 11,th, between 5 P.M. and 6:30 P.M. Last year eighteen golf club men were taken this way.

At present the Mask and Wig Club is very busy preparing for the founders' dinner, to be given on February 15th, in honor of the four founders of the club, which was organized on April 31, 1889. Many of the other events are to be held at the club house, among them a hand-written paper announcement of a meeting of all men interested in the formation of a dramatic organization, which was also the time that there have been twenty mask and wig shows, which was treated to a concert at the dinner to be given on the thirteenth.

DANGERS WILL REPORT TODAY

Mask and Wig to Have Gee Chorus. Unique Founders' Dinner Feb. 13.

Candidates for the Mask and Wig dancing chorus will report for registration at the hotel lobby at 9:15 Quince street between 6:30 and 6:45 P.M. If the majority of the heap and Wig has not wanted, and from all appearances quite the opposite is true, several hundred men will be on hand.

Of those about forty will make place in the show, being divided between a first, a second and a third chorus. The Broad Street, which will be followed by an extensive cut, will be held on Wednesday evening, February 9th. Rehearsals will take place regularly on Sunday and Wednesday evenings and Saturday afternoons.

It has also been announced that a golf chorus will once more be a feature of the production this year. Until two years ago very little attention had been paid to singing in the Mask and Wig show, but in 1920, singing was expected to sing and dance at the same time with an almost impossible, and singing was subordinated to dance in so great a degree that the want really became flagrant. In 1921 an attempt to introduce a chorus of high quality was made, but with no marked success. Undetermined, however, the structure of the play continued their plan last year with so good a result that the singing was considered one of the jewels of the production. "Lazy Land," rendered by the golf chorus, was the most popular of the musical numbers of "Tulie Sam's Ditch."

Medical News.

From time to time a favorite topic for intercollegian discussion in Sidereal Hall has been the identity of the back-ground figures in the portrait of Dr. Agnew, the following is a description of the picture, and the names of the subordinate likenesses will be recognized as belonging to men at some time prominent in connection with the University:

"The painting exhibits in the fore-ground a life-size portrait of Dr. Agnew leaning against the rail of the elicycle seats bettering to a class of medical students upon an operation which he has just performed. The canvas is seven feet, and upon the frame appears the following inscription: "Dr. Hayes Agnew, M. D. Chirurgus experimientalis; sciptor et doctor scriptorius: Civis, ecclesiae et curae. All of the subordinate figures in the group are about life-size, and are actual likenesses, the names of those depicted being as follows:

"Dr. J. William White, Dr. Joseph Ledy, Jr., Dr. Edward C. Kirby, Dr. Fred H. Millikan, Thomas Ralstons (the actor, as painted by his wife, Miss Clymer as nurse), J. Allen Scott. Charles S. Macartney, Francis E. Carpenter, Jr., John Bacon, Benjamin Brooker, J. How Adams, William C. Posey, Henry Toutoula, John Rothermoh, John K. Kulp, Alfred Stengel, Clarence A. Bocken, Joseph A.
