SPECIAL GLEE CHORUS
Candidates for the Special Glee Chorus of the Mask and Wig Club (the regular today at Clubhouse). The PENNSYLVANIAN would like to see everyone the man in the university who has a voice that is worth while for this chorus. The Special Glee Chorus is a new feature in Mask and Wig productions during the past couple of years. Its introduction into the chorus work of the Club's production, however, proved a great success, and it will be kicked in the future as a permanent feature.

The Mask and Wig Club holds a coveted position in the college world, and its Easter productions are famed throughout the East. It is a high honor to make a place in any of its choruses, whether it be the regular chorus or the Special Glee Chorus.

The registration for the regular chorus on Tuesday was over two hundred, and we would like to see the registration for the Special Glee Chorus reach as high.

No University activity does more good for Pennsylvania than does the Mask and Wig Club, and we want to see the best men and the best voices in the University represented in its productions.
