Pennsylvania Freeholder basketball five, fresh from 'the finest college victory,' according to the Judge, was permitted by Pennsylvania in weighty ball on Saturday night by the score of 20 to 18.

The contest was evenly fought throughout, and the only reason why it was not a walkover for the Red and Blue, was the great deal more one sided than the final score would indicate.

Cornell only tallied one field goal in the first half, which shows clearly the supremacy of the James Madison in Pennsylvania's favor, and not a walkover for the Red and Blue.

The splendid defense displayed by tin clear-cut superiority of the first half, when Kelnat by long shots from the center of the floor told the story, was also a feature of the play, seven goals being credited to him out of eight attempts.

Reeder and Kelnat played marvelously in this their last contest for the University, and are one of the record four of intercollegiate basketball in the Columbia game.

In an interview conducted by the correspondent to give the Red and Blue a game in the event of a victor) over Columbia next Saturday. He also stated that it is extremely likely Columbia will agree to a third meeting, the last neutral field should they lose the contest in weight- man Hall on last Wednesday evening for the chance of an educated man than the fulfillment of the requirements of the class room. The influence of music and the drama in the making of an educated man, or what is better, a cultured one, has long been recognized at the seats of learning, and the generosity of Mr. Hammertime in opening the doors of his fine opera house to University students at reduced rates, will make some welcome to our doors the refining influences of the best opera and drama. The giving of an event of more than usual importance to us, we will not think those who have planned this undertaking will have to bear the heavy charges of their obligations to the University have brought about.

"Sincerely yours,

"FRANCIS C. SCHOLLING."

The following from Professor Schelling which appears in this morning's PENNSYLVANIAN. We feel very much gratified that Professor Schelling has thought enough of the projects in question to write us in commendation of them.

VARSITY LETTERS.

There has been a good deal of criticism among the undergraduates from time to time as to the methods of the Athletic Association. It has been said that student sentiment is never taken into consideration; that the alumni run the Athletic Association as they see fit regardless of those who play on the teams or sit in the stands. In view of this the PENNSYLVANIAN was very much gratified a few days ago to publish a letter from the Committee on Varsity insignias, stating the advice of the students. This question is one of vital interest to the undergraduates, especially as there has been much adverse criticism of the present system. Here is one case where the Athletic Association has deliberately appeared to student opinion before taking any action. The letter aided five different questions, each of which could be answered in a few words. Not one reply has been received answering these questions. We have received many lengthy letters upholding the merits of one form of sport or another, but for some reason no one has had the interest or the ingenuity to give the systematic and concise answer desired. The committee does not wish arguments for the minor sports against the major, or vice versa. It knows it cannot please everyone and it certainly will be very little influenced by any argument that is personal in its nature. What it does want is live ideas as to systems of 'Varsity insignias. The five questions are asked below. Here is a chance to give the Athletic Association your advice. THE PENNSYLVANIAN would like to print answers to these questions:

1. Shall there be two sizes of the 'Varsity "P," viz., one in the four major sports and one in those minor sports? Which shall be interleaved in championship, is won by an individual or by a team?

2. Should the 'Varsity "P" ever be awarded to members of second teams in the major sports who are also awarded "Penn?"

3. What substances, if any, shall be made in microscopic forms as regards the minor sports?

4. What questions, if any, shall be made in microscopic forms as regards the minor sports?

5. Should the 'Varsity "P" ever be awarded to the individual champion or any member of an intercollegiate championship team in baseball, fencing, cricket, golf, gymnastics, boxing, shooting, soccer football, swimming, tennis or wrestling?

VARSITY BASEBALL Report.

Candidates for 'Varsity and Freshman teams have already reported, and work will be begun in earnest at an early date. The dormitories have been vacated carefully and every man has given his answer in the affirmative or negative as to whether he will try for the baseball teams.

Size Chart Report.

The following candidates for the Mark and Wig Chorus will report at the Club House on Tuesday at 5 P.M.: M. R. Miller, Jones, Haley, Norton, Burt, Haverford, Hood, Hart, Hunt, Wind, rubber, Ryan, Heiler, Aberle, Priethoff, Wright, Schachtschabel, Hartt, Park, Bradford, Turner, Register, Pulin, Grevis, Crowell, Stafford, Leap, Foerster.

'Varsity Wins at Soccer.

The soccer game between Pennsylvania and Brooklyn Cricket Club teams, which was held at Haverford on Saturday, resulted in another victory for the 'Varsity by the score of 2 to 1. The game was a very exciting one. Crockett scored three goals for the varsity and played the star game of the day.

In his early career on the subject, Wright laid great stress on the possible index as a guide to the condition of the patient; but of late the great difficulty and complex variables involved in determining the index has led Wright and other workers in this field to abandon it almost entirely, and to rely upon such clinical signs as fever, subteraneous conditions, etc., in determining the size and frequency of the inoculation.

"The Servant in the House." The Servant in the House is acting for more than ordinary attention at the Chestnut Street Opera House. There is little for wonder in this, for it is an extraordinary piece; a dramatic curiosity; one might say, the like of which has never before been seen and will not be seen again unless another one as original and powerful comes from the pen of its brilliant author: Mr. Charles Rann Kennedy is the first dramatist "with a purpose" who has been able to treat a great critical question in actual terms of the stage, making it drama of the most intensely absorbing human kind. In "The Servant in the House" the Henry Miller Associate Players give us one of the most remarkable all around performances known to this city. For individual excellence and general effect no organization equaling them has been seen in recent years. Tyrone Power's portrayal of The Devil Man, the ostracized in whose life is proved the fact that the stone rejected oftentimes becomes the head of the corner, is a dominant towering perf- ormance. Matinees are on Wednesdays and Saturdays during the engagement of "The Servant in the House" at the Chestnut Street Opera House, which will continue for several more weeks.

Notice, University Students. The Evening House and Library Association, near Twenty-second and Chestnut streets, has comfortable dormitories accommodations for four resident male workers. These are given to the residents in return for work in the House on two evenings of each week.

The House is a boys' club, largely given over to entertainment and exercise, but with a certain amount of class instruction. Any student of the University desiring a comfortable room in exchange for two evenings of service is requested to apply at once to George E. Nieves, Bureau of Publicity, third floor of Houston Hall.

Final Date for Paying Fees. Tuition and Gymnasium fees and Dormitory rents must be paid on or before March 1st, at 5 P.M. In order to avoid natural penalty imposed under the University rule for non-payment within thirty-one days from February 1st. The Bursar's office is open from 9 A.M. to 5 P.M. daily. Each term there are students who overlook their accounts until the last date of payment and as a result are compelled to pay several dollars extra, as penalty for their forgetfulness. A word to the wise may save three per cent.

Final Record Notice. All seniors, non-senior and school chubs, as well as all other organizations who desire to place insert in the Record, must hand in their materials immediately. Otherwise inserts will fail to appear. Business Manager may be found in the office, 3615 Woodland avenue, daily, between 1 and 2 P.M. Signed: H. Polifer, Business Manager.

Lost—Leather Watch Fob. Lost, between the Gymnasium and College Hall on Thursday afternoon, February 26th, about 3.45 o'clock, a leather watch fob with a Pennsylvania seal about the size of a quarter. Kindly return to H. L. Campbell, 259 Hopkins, Dormitories, and receive reward.

Baseball Practice To-Day. There will be baseball practice in the Gymnasium at 1.30 today. Last year's Tority squad as well as the present candidates will report. Signed: M. Gibson-Neill.
