University Night Will Be Held This Evening with Provost C. F. Bell as the Presiding Officer.

This evening will be University of Pennsylvania Night at the international Tuberculosis Exhibition, which is being held at 321 Walnut street. Provost Harrison is the important head of the Pennsylvania delegation, and while the subject of discussion is announced as "University," in general, almost all matters of importance are being extended to all college men. This city will be closed during the week, and Pennsylvania will receive a major share of the attention, as this city has an important interest in the disease. Provost Harrison will act as president, and while the subject of discussion is announced, the presence of Provost Harrison will be found most prominent in the support and conduct of the exhibition.

The Tuberculosis Exhibition at Philadelphia, held under the auspices of the Department of Public Health and Charities, was open on February 15th and will close on March 15th. It is believed that this is a more popular exhibition than any other of this kind in the history of the disease and to educate the public as to how it may be prevented and cured. To this end exhibits have been prepared showing the best which the science of America and Europe has to offer, the methods employed in combating the disease, and the progress made in recent phases. Among the more interesting of these is an exhibit prepared by the Henry Phelps Institute of New York, which is expected to show the various forms of tuberculosis, such as bone carrier water on the leper colony, and the effects of tuberculosis on the human body.

Another exhibit is also devoted to the ways in which tuberculosis is combated by the various governments. It is expected that the most striking of the exhibit will be the one on bone which has been conducted by the government, and that some form of bone which has been condemned by the government and sold as wholesome will be offered.

The exhibition has been largely attended, and the local government and All University will be open and will be to be present this evening.

Botanical Club Meeting.

The Executive Committee of the Mask and Wig Club yesterday made arrangements to entertain the Yale crew at a banquet given sometime in the week preceding the race of April 10th on the Schuylkill River. The Rowing Committee and the "Varsity" women of this University will also be invited and will help make the meal an enjoyable one for the New Haven men. The luncheon will be given at the Mask and Wig Club, 310 Quince street.

The arrangements for entertaining the Yale crew during the entire week were in the hands of the Rowing Committee, of which William Isaac Forbes is chairman, and the Mask and Wig committee will confer with these for definite details on the date of their luncheon.

Title: "A. P. A."

Editor of The Pennsylvania.

Dear Sir:—To everybody that has ever been a member of the "A. P. A." I have a fact much to be regretted but never-declared—there are no more than one-third of the total number of matriculates try for the various teams. It is certainly deplorable that less than fifty men, for instance, out of five thousand should try for the crews about the same number for baseball. If athletics are to continue successfully there must be more candidates for the various teams. While the men should come out for their own good and that of the University, if more encouragement were given to the substitutes, those who play, etc., there would be more incentive to the major sports.

Athletic Insignia is awarded as a reward for something done in athletics for the season. It is a sign of recognition of ability. Those with the willingness to make the sacrifice but without the ability that the "Mike" Murphy called "bedrock," and should receive some recognition for their part in developing the "Varsity" teams.

Four or more years ago when numerals with the year of the department were used—1900—were awarded for class and interdepartment teams, a more general system is used to-day, besides matriculants and hip joints.

In answer to question proposed, I should like to make the following suggestions: 1. That the all-sports rank be given to the teams in the four major sports and to the intercollege champions in the principal minor sports where competition is keen enough to make the championship effort worth the time and trouble; 2. That "A. P. A." should be awarded for "Penny" as an honor to the men who cannot play major sports, and should be used as a re- ward for the men in the minor sports.

That the use of numerals with the year in the department be reestablished for class teams, and that they be given to the champion class teams in the major sports.

Hoping that this will aid in the proposed changes, I am

Very truly yours,

1899 C.

The first defeat for Columbia.

(Continued from First Page.)

successful foul goals brought Columbia's score to five and three more by Keinath for Red and Blue total ten. Corinth ended the scoring for the half with a long centre shot, the score at time standing 16–7.

Pennsylvania started the second half at a whirling pace, spectacular throws by Marks and McNichol and two foul goals by Keinath scoring points for the Red and Blue before McNichol scored a goal tally for the Blue and White. Kiefaber made it eighteen on a wonderful shot and Keinath threw two more goals from foul, which were duplicated by Keinath in the last minute of play. Just before the bell rang Brandlock took McNichol's place, but there was no further scoring, and the game ended with the score 28–12. The score:

Pennsylvania: Columbia
Keinath 6 forward... Markis 6 forward 10 Paul
center... McNichol 6 centre... Ryan (Left)
Kiefaber 6 guard... Cerussi 6 guard... Keinath 6 forward (Markis)

Goals from field—McNichol, 2; Marks, 2; Kennedy—McCrudden; Kiefaver—Cerussi 3; Kiefaber 1; McNichol 1; Keinath 1; Ryan 1; Markis 1; Cerussi 1; Kiefaber 1; Markis 1; McNichol 1; Cerussi 1.

The victory brings to a close Pennsylvania's season. Since the Red and Blue have won the Klein shot to the Eastern championship, there will be no games with Chicago, the Western champions, and it is improbable that a return game with Columbia will be arranged.

Curtain Keinath, Kiefaber and McCrudden wound up their intercollegiate baseball careers in the game, each man having represented Pennsylvania for four years. Keinath is one of the greatest basketball forwards ever produced at Pennsylvania, and his work contributed greatly to the two championships that have come to the Red and Blue during his college life.

Kiefaber has played with Keinath for eight years, four at Pennsylvania and four at the Philadelphia Central High School, and has played guard in a skilled and capable manner throughout the last four seasons. McCrudden has also played the guard position, and is a close second to Kiefaber for ability.
