ACTIVE CAREER OF DEAN KIRK.

His Successful Administration of the Dental School Has Continued for Thirty Years.

For the past thirty years the Dental School has been one of the most remarkable of the nation's dental schools and has been successful in the administration of this school during this time Dean Kirk has administered the affairs of his school without a break since that day the Dental School of the University of Pennsylvania ranked second to none in the country.

Dean Kirk was born in Sterling, Ill., on December 9, 1856. He is the son of Benjamin. F. and Elizabeth Kirk. At an early age he was brought to Philadelphia where he received a thorough preliminary education. When only 17 years of age he was appointed a teacher, filling the office of Assistant, first to Professor Frazee and then to Professor Bumstead of the Medical College of the City of Philadelphia.

In 1878 he entered into dentistry being placed on the Medical Faculty of the University of Pennsylvania, and from that day he has been associated with the Dental College of the University of Pennsylvania. The following year he was made a full-time teacher of Dental Surgery and was associated with the dental school until 1878. From this year also he has continued his connection with the University of Pennsylvania and has been an active participant in the development of its dental school.

Shortly after the reorganization of the school, in 1882, Dr. Kirk was appointed to the lecturership in Operative Dentistry and later to the instructorship in Clinical Dentistry. Both of these branches were conducted under his direction through his untiring efforts he succeeded in getting the Dental Act of Pennsylvania passed in 1897. This statute at once placed dentistry upon a much higher plane, giving it that prestige which it now holds. The services which he has rendered to dentistry are incalculable.

Dr. Kirk has contributed many articles to the dental literature, and is a member of the National Dental Association, American Academy of Dental Science, and a member of the Pennsylvania State Dental Society, and a member of the Pennsylvania Society of Operative Dentistry. He has contributed many articles to the dental literature, and is a member of the National Dental Association, American Academy of Dental Science, and a member of the Pennsylvania State Dental Society, and a member of the Pennsylvania Society of Operative Dentistry.

Dr. Edward Cameron Damn, During Executive Ability to the Country.

The Dental Department has had as its head a man of great ability and experience, namely Dr. Edward N. Kirk. He was a graduate of the University of Pennsylvania, and took his degree in 1881. Dr. Kirk was appointed the head of the Dental Department, and has been executive over its entire staff and personnel.

The Dental Department of the University of Pennsylvania has been a model of efficiency, and has been the source of much benefit to the medical world. It has been a source of much benefit to the medical world.

Dr. Kirk has been a leader in the development of the Dental School of the University of Pennsylvania, and has been a leader in the development of the Dental School of the University of Pennsylvania.

LE CERCLE FRANCAIS PLAY.

Annual Production Will Be Presented at the New Century Drawing Room on April 28th.

Le Cercle Français, an organization consisting of the French students at the University, will produce its ninth annual play at the New Century Drawing Room on April 28th. This play will be selected by the committee appointed to the task of selecting plays by the University. The play will be presented by the University Orchestra and will be performed on two evenings, Thursday and Friday.

SCRUBS DEFEND VASICITY.

Win Out by Four Runs in an Eleven-Inning Contest.—Game Was Marked by Fine Hitting.

Killed by the bracing influence of the keen spring air the 'Varsity baseball candidates engaged in a strenuous practice yesterday afternoon.

The 'Scubs lined up against the Regulars and defeated them in an eleven-inning contest by a score of 11 to 7. There was no great display of fancy pitching, as the pitchers recognized the necessity of gradually working up to training. As a consequence they were hit rather heavily.

Borela led the hitting with three singles, while McEntee followed with a double and single. Watkins and Reagan only failed to register a hit. The candidates lined up as follows: Regulars—Thayer, centre field; Torr, right field; Moore, left field; Cicer, catcher; Cikrak, shortstop; Brokaw, second base; Smiley, third base; Wadby, first base; Watta, Collier and Shultz, pitchers. Regulars—Messer, centre field; Clancy, second base; Bumm, shortstop; Merrick, first base and centre field; Winold, left field; Reagan, centre field; Garrison, first base; Cosma, catcher; Beams, Hughes and Chapman, pitchers.

Following the play a dance will be held, the University Orchestra furnishing the music.

Public Speaking Trials.

Trials for the contest in public speaking will be held Tuesday, April 30th, at 7:30 P.M. in Room 206, College Hall. This contest is open to all students taking the courses in public speaking. There will be three prizes, $25 for the first and $15 for the second and third respectively.

APPROPRIATIONS FOR UNIVERSITY

Bill Pending Before the Legislature for $960,000 During the Following Two Years.

A bill is now before the State Legislature which provides for the appropriation of $960,000 to the University of Pennsylvania. It will be voted upon before the middle of next month, and its passage depends largely upon the action taken by the alumni association of the University. All those who live in this State should urge upon their representatives at Harrisburg, informing them of what this appropriation would mean for Pennsylvania.

The money is to be divided as follows: For each of the two years—from June 1, 1909, to June 1, 1911—$450,000 for Hospital maintenance and $50,000 for new buildings of the Hospital. $400,000 for the continuation of the new Veterinary Building, $25,000 for the maintenance of the Veterinary Building, $100,000 for the maintenance of the general University, $50,000 for the purchase of chemical equipment, $9,000 for the purchase of scientific equipment, $200,000 for the purchase of scientific equipment, $25,000 for the purchase of scientific equipment, and $25,000 for a Department of Architecture. The bill is a measure for the continuation of the medical school, the continuation of the medical school, the construction of a new medical school building, and the construction of a new medical school building.

The following universities receive appropriations from their respective States: Harvard, $425,000; Columbia, $425,000; Yale, $425,000; and Illinois, $425,000. The Legislature of the State of Ohio appropriated $500,000 for the University of Pennsylvania, $500,000 for the University of Illinois, and $500,000 for the University of Michigan. The Legislature of the State of Illinois appropriated $500,000 for the University of Pennsylvania, $500,000 for the University of Illinois, and $500,000 for the University of Michigan.

Keith's Theatre
One of the clumsiest and most versa
tiles programs ever offered in vande
town in Philadelphia is the Keith at
traction for the week of March 21st.
It is likewise a whirled program all
the way through. The supreme head
liner is Neil Doherty with his admir
able company, presenting a tabled
version of the nationally famous pic
ture of country life, "The County Fair."
This wonderful play has been boiled
down as if to be, in the essentials, re
taining the principal characters and
atmosphere; the love romance and the
humorous incidents together with that
most thrilling scene, the horse race.
In which "Cold Molasses" wins the
$3,000 prize against overwhelming
odds. The presentation of this play in
an abbreviated form marks an epoch
in vaudeville for its success is bound
to be followed by others of national
repute. Another play that is of quite
a different order, but is certain to
please everybody, is "The Home
Breaker," as presented by Edwin Barry
& Co., well known to vaudeville people. It is a
most laughable skit, based on the
fraudulence of a young preacher and his
afflicted household. One of the most
recent innovations comes from
Fair Pesit, the land of the Shah—the
Mozartidesque Temple of Varvarian
performers, doing acrobatic feats and
operating a whirling Orlando Fantasia
that is full of life and color. These
people have appeared before the Sixth
many times, as well as the crowned
heads of Europe.

Wanted—Senior for Special Work.
