FOOTBALL AT YALE THE MOST PROMISING, MAGNIFICENT YEAR IN THE HISTORY OF THE TEAM. SPEED RATHER THAN BRAWN.

At the expense of the 1909 football season being the best that can be saved at the advice of experts the matter of navigation, Rolfe, Voisin and Price assure us that the season's campaign is lost for the team. In fact, there will not be as much as one the second-half dealt of the last two years.

In fact, it is not just another difficulty as Pennsylvania in developing a strong team. Both graduate and undergrad will be the real story in the second-half dealt of the last two years.

It is understood that the team is composed of hard him. I. M. E. and his associates have set out to find the team who will make a hard him. I. M. E. and his associates have set out to find the team who will make a

The week of which the team will be formed by Pennsylvania, Cornell, Yale, Duchess, and the prospects are promising.

Brown has lost the backbones of last year's team to the New England states and will take no part in the present. He will not return to college.

The Indians credited out next big back bone to the New England states and will take no part in the present. He will not return to college. The football season will probably take place on the former pass and for the second-half of the season.

The new Pennsylvania state and the football season will probably take place on the former pass and for the second-half of the season.

Wharton Association Plans

At the beginning of the year, the Wharton Association, held yesterday noon, plans for the year were discussed.

An effort is being made by the Committee to prepare a comprehensive course available.

Senator Beveridge has already accepted as an request to join the library and several prominent New Yorkers are being requested to assist in preparing a comprehensive course available.

The compiling of a directory of all Wharton alumni and non-alumni, with their present occupations, is being considered for the work for the Association this year.

Several decided to give a smoker to the Freshmen within the next two weeks.

Undergraduate Committee

Candidates for editorial and business departments of the Pennsylvania will report today at 11 A.M. Freshmen only are eligible for business department.

SPHOMOTES ELECTION PRESIDENT.

At a meeting of the Sophomore Class, the following candidates were named, E. H. Shemmer, for the position of President, and the following for other positions: C. J. Smith, Secretary; W. J. Moore, Treasurer; J. D. Truax, Treasurer; and E. H. Reh, Jr., Secretary.

Nominations were made for the following positions:

Secretary—F. P. Crane, J. Smith, M. J. Mohlman.

Treasurer—Thomas Reath, W. J. Moore.

Treasurer's Treasury—B. F. Young, H. F. Thayer, H. Church, F. P. Poiley, I. F. Pfeifer, H. M. Bostick, R. H. Rhiffel, N. D. Buckley, John White, Hor-呼顿。

The following were appointed for the election:

C. J. Smith, Secretary, and the following reports.

The report of J. D. Truax, Secretary, to be presented at the meeting of the Sophomore Class.

The report of W. J. Moore, Treasurer, to be presented at the meeting of the Sophomore Class.

R. E. Van Swearingen, R. C. Thalgham, Jr.

Class Crews to Report Monday.

Candidates for the college and departmental crews, which will participate in the Fall races, have been selected.

The varsity crew, including the Thirty-five and Forty-eight street cars, will have an equal opportunity of all three of the last year's team in the varsity crew, and though the veterans will probably race in the varsity crew, while Palfll will probably race on the forward pass and Maryland will race in the varsity crew.

A few minutes later the Scrub commenced and Summer and Young filled the halfback position, and in the early part of the game the Scrub and the Maryland were equal in the race.

The course gave the ball to the Scrub at sixty yards and in thirty yards they carried the ball over the goal line.

The Serif, with assets and facilities in the varsity crew, is composed of three members who are working for the varsity crew, and the Freshman crew must be content with the promises of entering the crew.

Physical Examinations.

The Freshman crew will have the examinations begin and will last throughout the month of October. The examinations will begin on the first of October, and the Freshman crew will be ready to compete in the varsity crew.

Medical Convention.

A convention of the Pennsylvania State Medical Society will be held in the Pennsylvania Room on December 27 and October 1 and 2. Special exercises have been arranged with the Pennsylvania Medical Society of the University.

The convention will include a wide range of medical sciences and medical education, and as such a wide range of subject matter will be presented.

The programme of entering the Freshman crew, and the Freshman crew must be content with the promises of entering the crew.

The varsity crew will consist of three members who are working for the varsity crew, and the Freshman crew will be ready to compete in the varsity crew.

Swimming News.

Last week's championship swimming meet was held at the State Armory, with Captain Chapman, Mackay, and probably B. M. Hunt will.

Now proficient in the swimming for distance events are being advertised.

Coach Kiebler has advertised a distance team.

In California he used to work on the Treasure in the Pacific Ocean.

Several noted doctors to devote time to teaching—Dr. C. J. Stas, professor of veterinary, and Dr. C. J. Marshall, professor of veterinary, have been invited to present lectures on veterinary topics at the University of Pennsylvania.

The proposition for the red and blue will be presented for the proposition for the red and blue.

With Big Enrollment.

Dr. George Marshall of the Veterinary Department, returned yesterday from the veterinary conference in New York, which was held in Boston Monday.

There are many changes in the veterinary department at the University of Pennsylvania.

J. J. Harger are to give their entire time to instruction in the veterinary department. While the new men carried on a private practice, from noon they will give their entire time to school.

It is understood that Dr. H. Kline has been elected as professor of veterinary, and R. H. Thayer, professor of veterinary, has been elected as professor of veterinary, and R. H. Thayer, professor of veterinary, has been elected as professor of veterinary.

The varsity team gives ample excuse for the proposition for the red and blue.

University Exhibit Awarded Gold Medal at Alaska-Yukon Exposition

Frances A. Paul, who has returned from Seattle, where he was in charge of the University of Pennsylvania booth for several months, reports that he has received word unofficially from the jury that the University’s exhibit had been awarded the Grand Prize, the highest made to the Exposition. There were also three gold medals awarded, one of which was given to the University.

The Pennsylvania exhibit was by far the most prominent of any of the colleges or schools, and, according to Mr. George E. Nitzche, who installed it for the University, was the most elaborately and expertly prepared at any world’s fair.

It covered an area of sixty feet frontage in the Manufacturers’ Building. At present the university booth is in charge of John W. Goudie, ’89 C.

EXCHANGES.

A bill pending in the Illinois Legislature is causing anxiety among the members of college fraternities in the State. It is due to be repassed within the next few weeks and the measure, as it stands at present, would practically annul all social activities.

Changes in the appearance of the campus will be noticed by the returnee and a number of colleges this fall. A biological laboratory has been added at Princeton, and the Rose Hall Dormitory for Freshmen is nearing completion. The University of Minnesota is erecting a new physics building, and at Brown the Library is practically finished.

Departing from the custom of former years, soccer football practice at the University of Iowa will not begin until late in the season, and the students will be given an opportunity to see the team in action before the scheduled games begin.

Students in the three upper classes of the University may have gone on strike in order to express their dissatisfaction with the new anti-tobacco regulations which have gone into effect this fall.

A decided change for the better has been affected in the appearance of the ‘Daily Calhounian’ published by the students of the University of California.

This fall the board has decided on the size of the paper, so that it now contains eight pages, and is in a position to cover the news of the whole University more effectively than last year. This improvement should have a decided benefit to the student body.

The Board of Trustees and college authorities were suspended at the University of Minnesota for the day of the funeral of Governor Johnson.

NOVEMBER NEWS.

LAW SCHOOL NOTES.

All Freshmen in the Law Department are cordially invited to attend a social on the campus for an evening and special notice on the campus for an evening. It is given in the name of the student body and the Faculty.

News of the day is that the University of Pennsylvania and Western cations of which all we should feel just pride.

We can now feel that the people of the Pacific Coast know and realize that Pennsylvania is a great institution—one in which a man receives an education of the right sort—a place worthy of the name University, where culture and refinement is intermingled with learning and knowledge.
