VARIOUS TRAVELS.

Rolls a Score of 20 in leisurely game full of fuss. Stambaugh's good showing.

Although Pennsylvania had little trouble in defeating Ursinus on Franklin Field yesterday, they scored only 20 points in the entire game.

While the score of 22 to 0 the Varsity played wretchedly and allowed their lighter opponents to repeatedly penetrate the line and commence gams. Punish- ing was much in evidence.

The offensive work of the eleven was very poor, especially in the first half, when Irwin and Young were at the half-back positions. The plays were gotten off in a sluggish manner and the line rarely penetrated the defense of the Ursinus.

Following punts, 21 yards, and 23 yards, Isenberg and Hehney did yeo- man's work.

The line was composed of Danthett, right guard; K. Thompson, left guard; Willard, center; Danthett, right tackle; Hunting- ton, left tackle; Young, left half-back; KejrMi, right end; KejrMi, left end; Ireland, right tackle; K. Thompson, left tackle; Isenberg, center; and KejrMi, right half-back.

Next Monday all candidates report at the Boat House after three o'clock, and then hours for practice will be arranged. Cars leave the gymnasium on the half-hour.

INTER-DEPARTMENT CREW RACE.

Candidates to Report on Monday at Boat House for Practice.

In order to interest the professional school men in rowing, an effort is being made to arrange hours for practice, so that they may not be inter- fered with. If the professional enthusiasm is shown there will be an inter-department race, besides the college inter-class race. Until three o'clock, the hour is open to those on the account of the additional hours in the professional schools the men were unable to row without cutting hours.

Freshmen in the college department are especially urged to report this fall, as a strong Freshmen crew means a strong Varsity crew or two or three. Those who report this fall will have a big handicap over those who come out for the Freshmen crew next spring. Absolutely no previous experience is necessary—in fact Coach Ward prefers given men to whom he can teach his own style from the start.

Last year's race was won by the Seniors from the Sophomores, only after a hard fight, the Freshmen third and the Juniors fourth. This year's race will probably be held on the 23rd of February. The meeting will be arranged. Cars leave the gymnasium on the half-hour.

Freshman Class Meeting To-Day at 1 O'clock.

EVERYONE WILL BE ON HAND, AS IMPORTANT BUSINESS WILL BE TRANSACTED.

HARRISON LABORATORY, 4th and Spruce Sts.

With much enlarged faculty this Department to organize today.

This afternoon at 3 o'clock, in the Houston Hall audotium, the graduate school will be formally opened for the coming academic year by a meeting to which all former members of the class, in addition to the Faculty and students now in attendance, are invited. Vice-President Smith will deliver an address of welcome and the special investigations, conducted by members of the Faculty and by students during the past year, will be given a brief survey. The principal feature of the meeting will be an address by Thomas H. Montgomery, Jr., Professor of Zoology, on "The Making of the Investigator." The meeting will be followed by an informal reception to the students and guests by the Faculty, College of Fellowes and student body.

The school will doubtless open with the usual attendance, which has been about 200. As registration will continue for some time, the total en-rollment cannot as yet be stated.

An important addition to the faculty has been made in the person of Rev. James Allen Montgomery of the Episcopal Theological Seminary, who will lecture in Semiotics. Other notable additions have also been made. Dr. Chaddock has been added to the de- partment of Economic Reading; Dr. Edward Rapiel to the department of Anthropology; Dr. M. H. Jacobs to the department of Sociology; Dr. J. P. Lich- tehemer to the department of Botany; and Dr. Janus Rust to a new course in Philosophy.

MUSICAL CLUB REORGANIZING.

Proposals for a successful season for the musical clubs are very good according to the reports of R. H. Burns, manager of the Musical Clubs, and Paul Raso, musical director. The Man- dul Club returned for the first time last evening, and it was gratifying to see so many old men present. On Thursday evening at 7:30 the trials of candidates for the Glee, Mandolin, and Band Clubs will be held, and all fellows with musical ability should be present. Although many of the old members are back, including the en- tire quartette, new men are needed, and will be heartily welcomed. A joint concert with the Cornell Musical Club will probably be played at the Bellvue- Braddock on the 19th. Thanksgiving football game, and two trips have been practically arranged, the first to take place in the early part of February.

NEW EDITOR OF TO-DAY'S ISSUE
J. F. HARRISON.

After many years of apparent inactivity the undergraduate committee has at last come to its own and started the new year in the right way.

There are many minor matters at Pennsylvania that need careful attention. Little things come up day by day which have been neglected merely because there has been no official head to manage undergraduate affairs.

This committee is the past has been in a dormant state. The awakening is most gratifying and from now on all class matters of general interest will be in their hands.

The Freshman Class in particular must realize it is their duty to obey the rules laid down for their guidance.

As we have stated before there are customs and traditions to be learned by all new men. To accomplish this the undergraduate committee has established itself and its decision in university affairs is final.

We heartily endorse it and trust that they will realize the importance of their position. There is work and plenty of it for them and now that a beginning has been made it is to be hoped nothing will occur to change their purpose or lessen their work.

For the first time in their undergraduate career the class of 1912 will assemble today. The freshmen, late as they have acquired themselves as well as if not better than, the average entering class. It would be well for each and every first year man to understand right now that it is not only to his advantage but his duty, to attend his class meetings. There is little time left for the time-honored customs of Pennsylvania, becomes acquainted with his classmates and he learns to adapt himself more easily to university life and spirit.

It is our conduct and efforts during the first year at college that mold our later careers as undergraduates and a good beginning can not be made soon enough. Too late do some men realize the meaning of "Pennsylvania spirit," but the man who starts right seldom fails to do so. Right attitude and interest are all-important. There is everything to gain and nothing to lose; why not sacrifice a small amount of time and forget one's self in his duty to the class and Pennsylvania?

The Business Manager to-day foresees his second call for candidates for Second Assistant Business Manager on the Pennsylvania Board. As only freshmen are eligible there is great opportunity for enterprising men to acquire business experience and become acquainted with college activities.

As the Board is at present much too small, many places are open for those who prove worthy of this honor. As yet few have reported to the Business Manager, and, as there is a large field to cover, candidates will have ample opportunity to show their worth. Elections are made on the amount of work done and the results achieved.

A Letter from the Vice-Provost.

My dear Editor,—I would like to call the attention of the boys of the University to the fact that attendance upon Chapel exercises is now voluntary. Students from all departments of the University are currently requested to attend these exercises. The Houston Hall Quartette, with which all are familiar, will be present every morning, beginning tomorrow. Thursday.

The services will be conducted by different graduate preachers every week. Next week Dr. Josiah Penniman will have them in charge, and members of the Medical, Law, Dental, and Graduate Faculties have given their promise to take part in this work. Let everybody turn out.

Yours sincerely,
Eugene P. Smith,
Vice-Provost.

"Punch Bowl" News.

Under the editorship of J. R. Shewalter, '10, the "Punch Bowl" will begin its monthly appearance about the middle of October. P. B. Braunsberger, '11, is unable to return to college this fall which leaves open the position of managing editor. W. L. Irish, '11, and A. McLa, '10, are nominated to fill this vacancy. Only two nons, W. L. Barrett, '99, and J. Rustin, '99, were lost through graduation, but there is a call for good material in the editorial, business and art departments. All candidates will report in room 2, Benjamin Thib, at 1 o'clock on Monday, October 4.
