ELECTION OF 1912 OFFICERS.
We take this opportunity to make official announcement of the appointment of Mr. A. H. Stanley to the position of Business Manager.

Musical culture has come to occupy a prominent place in the attraction Pennsylvania has to offer its students, and the season this year will be even more productive of benefits than last year's was. A committee is now being organized to manage the student department, and in Monday's issue a full statement will appear, making public the detail of our arrangements for the coming year. The excitement which comes at the beginning of every college year now quiets down and one who have not already done so look about them for those interests with which they are immediately to identify themselves during the year before them. It is an unnecessary matter to touch on the spirit which leads a man to try for his university teams, publications or other college activities. It is not, however, an unnecessary matter to recommend the attention of every undergraduate on active interest in an institution which, too often forgotten, yet, in its quiet way, does a great work at Pennsylvania. We refer to the Christian Association.

Not the least of the work of the Association is the bringing each Sunday to the students of the University of Pennsylvania, aims to accomplish the most satisfactory manner possible. The Pennsylvania!, aims to accomplish the fact that Defining with to-day, "the movement body of the Milage body of Its editorial rooms," happenings in which the University is interested will appear, making public the calendar of university affairs. The first duty of a newspaper is the detail of our arrangements for Thursday, the first issue.

But one means to the desired end.
