INDIAN FIGHTER MAKES ADDRESS

Secret practice was again held on Franklin Field yesterday afternoon. The usual long preliminary exercises and the rudiments of the game were gone through, including running up and down the line, passing and falling on the ball. Coach Smith gave several plays to Ransdell, Irwin, Young and Marks, who were drilled extensively in new formations for the backfield and in getting quickly under way with the ball. Each practice Smith laid special stress on the interference which should be given the man with the ball, a point in which the backs have shown weakness.

The line was next put through a lengthy drill in running down the field under kicks and getting quickly on the kick as one of the teams which the player displayed more life than it has for some time.

Captain Miller was put at his old position again and ran the line through a series of variations. It was run for about half an hour, when the Captains led up again at the request of the line for their democratic spirit. Marks, Hinchon, Irwin and Miller were the players on the line of the fleet, with Fisch and Frerier making up the backfield.

The "Varsity" are only able to score one touchdown on their opponents, and that was made by Peck on a fake, but the successful kick was put full of life and dash, which was especially noticeable in the last few moments, when the players were starting the scrum on their own line.

Coach Gates and Coach Smith plan to make the Freshman usual through a drill in preparation for their game on Saturday.

There is not much known at present to-day while little is known of Harvard's ability, it is supposed that from their former teams that the Freshmen must play their best to win. The following men are to report to Coach Gates at 2 p.m. to take the train to Harvard: Miller, Harker, Lee, Kibbuck, Dilson, Mitchell, Murphy, Eagan, Sprague, Corney, Wallace, Monday, Jespers, Mercer, Wulker, Weiser, Luders, Harrington, Kennedy, and Baker.

Debate Trials and Nomination of Officers.

Besides the regular debate, debate trials and nomination of officers for both the Undergraduate and Post-Graduate branches of the society are to be held the evening of the sixteenth and the formation of the debate teams will be made to take place tomorrow, at o'clock, in Phillips Hall.

The course of instruction covers a period of two academic years and the student's classes are divided into two periods each and concurrently, classes are of the same subject and do not require more than one hour each week.

A depth of general knowledge has been required of all these courses, but even the students have had an equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work of equal amount of work.
degree of embarrassment than were those who were undergoing the discipline of the Sophomores.

It is needs too to tell the story in its entirety. It is not needless, however, to inform the Sophomores of that which they should know only too well. Having if there is to be confined to the campus and to the college body. However interested the public may be, its interest is that of an outsider, and it does not reflect being made a part of college life. We hope to see within a very short space of time a decided improvement in the attitude of the Freshmen towards those things which are required of them by University tradition. We have already seen of what stuff the class is made physically. We wish to see more than this. We look to the Sophomores to see that their younger brothers in Pennsylvania are started on the right path, and we expect from the second-year men some other than a conservative attitude in their policy towards the Freshmen.

Dental Society Meets.

The members of the Dr. James Trans- D to Dental Society and for organization in Houston Club last night, Dr. Transum, himself, was present and de- ferred an address.

"Pennsylvania," the following song has been turned into consideration by John Adams, 71 F.

C.-Chorus of "Fiddle-Dee-Ey!"
Pennsylvania does Ey! Pennsylvania does Ey! I don't care what becomes of me When the name is a sweet victory, Oh! Pennsylvania, Pennsylvania does Ey! Well, what about Holley now? Old Cornell may he fast, Pennsylvania is made phys- big and rehearsal, 7 SO, Law Ser- dent. Since it is all too evident that the Freshmen are not wearing their black caps, and are standing on the cam- pus, and entering College Hall by the main door; since they evidence nothing towards the few simple require- ments which have been set for them, we must ask the Sophomores to take immediate action that conditions as they exist may meet with a prompt remedy. Our word to caution the suggestions to individual Freshmen will prove as efficacious as any bating.

Since we have spoken of bating, we shall take this opportunity to add another word of advice, this to the Sophomores. Our attention has been called to an exhibition of bating which recently took place on one of the city streets, and in which the public was put to an even greater

FRESHMEN BEAT HAVERFORD

Five Points Are Scored in the Game With Much Fumbling and Many Penalties

In a game repeat with penalty and fumbling, the Freshmen scored no touchdowns but a single touchdown against Haverford School at Haverford yesterday. The 1932 team is still in a very low state, but it showed slight improvement over Saturday’s performance. The touchdown was scored by straight halfback from the Freshmen’s thirty-yard line Rogers was pushed over and Murphy failed to kick the goal. The game developed into a punting duel, in which the Freshmen were about even. Haverford was outplayed, but played a very good game. For the Freshmen Rogers, Murphy and Corell excelled. The line-up

Dr. J. F. Johnson Talks.

Former Pennsylvania Professor in Leading Figure in School of Journalism at New York University.

Professor Joseph F. Johnson, formerly a professor in the Wharton School of Finance and Commerce has started a school of journalism at New York University. Many newspaper men are on the faculty of this school.

Dr. Johnson, when interviewed concerning "the teaching of journalism," said:

"The usual criticism directed against the teaching of journalism is based on the claim that it can be taught only through actual practice and experience. By experience means, Dr. Johnson means, means that the student in the school of journalism at the University of Pennsylvania some years ago can do very much very successfully. He and I are quite certain that their University training and teaching have made them much better than they would have been without it."
