WHarton Mozart A Success

Trainer Murphy and Prominent Undergraduates Give Words of Advice to Incoming Students.

Realizing that seldom in a single evening is offered the opportunity of meeting the present mortar and the most prominent members of the Student Body, and notably that the crowded last night attended the annual reception given by the Wharton Association to all incoming students.

President R. H. Hite welcomed the new students, after which H. P. Braddock, President of the Senior Class, made an earnest appeal to every man to live up to the honor system even though it may cost him a condition. He pointed out that the success of the Opera House box of the Opera Committee, Mr. H. He, returned to a continuous expression of good will and cordiality to the Union.

The party arrived at The Pennsylvania at three o'clock yesterday afternoon, and after being In the library, put out a daily news sheet, were escorted about the campus and through the buildings of interest by three members of the Opera Committee. Mr. J. Heer, Manager of the Philadelphia Opera House, was particularly interested in the young man. Mr. Wallace has charge of the reduced rate window at the University box and has a thorough knowledge of the young men, and has been noted in Philadelphia theatrical circles for his enthusiasm.

Although Mr. Howard was himself not present at the reception, coming out from the opera, he sent through his representative that he has always been friendly with the young men and will cordially to the University students whose opera concert is on Saturday night.

Philadelphia To-night.

The number of candidates reporting for the Architectural Society was 10 on Friday, all of whom were given a fair try out and were assigned each day to an Important position in the society. May be given a fair try out and be represented of the reduced rate at the University box and has a thorough knowledge of the young men, and has been noted in Philadelphia theatrical circles for his enthusiasm.

Although Mr. Wallace was himself not present at the reception, coming out from the opera, he sent through his representative that he has always been friendly with the young men and will cordially to the University students whose opera concert is on Saturday night.

NOTICE, CANDIDATES.

The adoption of a constitution was voted at last night's meeting of the Architectural Society. The Architectural Society gives its Architectural Smoker To-night.

FRIDAY, OCTOBER 15, 1909.

New Editor of Today's Issue, Allan Hunter, Jr.

The Pennsylvania takes pleasure in announcing the election to the editorship of the Pennsylvania. "Red and Blue" has an encouragingly large report.

Thirty-eight candidates from the Freshman class have entered the competition for places on the "Punch Bowl" board. Each a greater number are trying out for the Pennsylvania. The Freshman, "Red and Blue" has an encouragingly large report.

Two years ago such a healthy state of affairs existed only in the dreams of the editors. Today we have the reality, which proves that Pennsylvania's undergraduate publications are on the upward road. Election to any one of the three boards will this year mean that a man has worked hard conscientiously and consistently, and is as deserving of honor at the hands of his fellow students as are the men defending Pennsylvania's name in contests athletic.

Too often the college world judges a college by its athletic teams. They are good standards to judge by. On the other hand, the men of the University of Pennsylvania would be glad. We would make it still more a university.

The press of the country knows and admires the undergraduates who are perhaps the most favorable. We believe that this is the judgment favorable. We would make it still more so. We believe this is the year in which this is to be accomplished. The spirit is on the rise. Interest is on the rise. We believe this interest is to continue on the rise and that the end will be even better than the beginning.

In a manner characteristically Pennsylvania the Wharton School Association welcomed the entering class of the Wharton Department at the reception held last evening. The ideals of the University were presented to the men in words current and enthusiastic. The Freshman listened and understood.

We wish to congratulate the men who spoke, for what they said was good. We wish to congratulate the men who had the opportunity to hear them. In particular, we wish to congratulate Trainer "Ske" Murphy, whose words struck at the very heart of what a university should mean to a man. We wish to congratulate the Association for the great work it is carrying on and in the success of its last night's reception.

We cannot urge too strongly that every Wharton Freshman identify himself with and take an active interest in the organization which will be of the most service to him in his University career.

NOTICES.

The Freshman Football Team will meet the Freshman, "Red and Blue" has an encouragingly large report.

The Zelosophic Society will hold its regular weekly meeting-to-night at eight o'clock in Zeta Hall. John B. Hart, '11 C., will open the program of the evening with an address. Following this will be a debate on the question, "Resolved, That success in extricating political reform is more likely to be obtained through the present dormant parties than by the formation of new parties." The affirmative side will be upheld by A. Rosenhain, C.; R. Beulander, '12 C.; M. H. Tuttle, '12 C., while the negative will be defended by J. R. Hargens, '16 G.; C. E. MacFarlane, '11 C., and C. W. Ashby, '12 C.; M. W. Jacob will act as critic of the evening.

Annual Rifle Club Shoot, O. R. Payne, and C. E., President of the University Rifle Club, announces the annual shoot to take place Thursday afternoon, October 21st. The First Regiment Rifle Range will be used, which has been secured from Major Hunt, of the National Rifle Association. The contestants will leave on the 9:45 train from the Baltimore and Ohio Station, Twenty-fourth and Chestnut streets.

The 250, 500 and 500 yard ranges will be used, ten shots being allowed to each man. All men will use United States Army Springfield rifles. The prize is offered by the National Rifle Association.

Eight men competed in last year's shoot, which was won by O. R. Keiser, of 10 C, while the number this year will probably exceed a dozen.

More Wireless Progress.

Since Provost Harrison and Vice-President Smith gave their consent to the installing of a wireless telephone station at Pennsylvania, the project has been progressing rapidly. It is estimated that the total expenses will not exceed a hundred dollars, which expense will be covered by contributions from three millionaires agreed by the members. The speed of the work has been increasing so rapidly that the radio station is expected to be completed at any time. The first test of the equipment will be made as soon as the rig is complete, the engineer being present to watch the progress of the work.

Good Profit for Energetic Student.

ENERGETIC STUDENTS can make good PROFITS in their spare time as SELLERS of some of our various types of projection apparatus, a high-grade spectrograph, a solar-lantern for country schools, class rooms, etc. Money can also be made by giving special entertainments or operating the lantern for churches, country schools, etc. The best reason for sales is that the goods are made in such a manner that there are no salesmen. Better sales methods will be given to those who are willing to try out the system. Prices are moderate, and the prices are moderate, and therefore the student should be able to succeed.

THE PENNSYLVANIAN.
