SOHOMOPHES WIN RACE

Best Out the Juniors by Half a Length. Freshmen and Seniors Follow. Dental Day.

In one of the most sensational finales in the history of fall rowing at Pittsburgh, the Sophomore crew rowed the Junior crew about a half-length in the first of the host races, which were held in Fairmont Park yesterday afternoon. At 4½ yards it was 1000 yards from the finish, and 100 yards from the point where the Pennsylvanians and the Juniors were tied for first place. The Fairmont Bridge had been a length ahead, when several "crabs" came in on the line. The situation was then entertained by the American Academy of Tropical Medicine and Science. Professor Leo B. Rowe, of the Wurthum School of Medicine, Elkins \(\rightarrow\) the Japanese students at the University have been given the pleasant task of acting as interpreters for the six students who have entered the University, covering the period on November 1st.

Dr. Pepper Presents Medical Pamphlets

The University of Pittsburgh has been made the recipient of a handsome gift. A large number of pamphlets on medical subjects have been presented by the Dr. Pepper Company to the University. These pamphlets will be distributed among the students of the University, and will be used in the study of medicine.

meet with a hearty reception. It is only right that this should be so, for the team that meets Carlisle must know that every man in the University is back of him and that in its every effort is bringing triumph to Pennsylvania.

The present college generation has not witnessed victory over the Irish. It hopes to witness that victory to-morrow. It has every confidence in the men who will battle against Carlisle, and it intends to reveal that confidence this evening.

Collectors of Senior Class dues have been appointed and their names are published in this issue of The Pennsylvanian. It is an easy matter to appoint collectors. It is far from an easy matter for them to accomplish the work assigned them when the men from whom they are to collect “haven’t the money,” but “will see you next week.”

The Senior Class is in debt. The Senior Class Is in debt. The Senior Class to aid the collectors in this important and thankless task. It is the duty of the members of the Senior Class to aid the collectors in every possible way. Each individual member of the class should realize how thankless is the collector’s task and the exact financial condition in which the class is placed.

INTERESTING CHAPEL ADDRESS.

Dr. Weygandt Draws Text From Job, Speaks of the Disappointments of Life.

Although attendance at Chapel yesterday morning dropped off slightly, it is no way affected the live interest with which one hundred and seven loyal supporters greeted Dr. Weygandt and the three remodeled scenes by the Houston Club Quartette.

Dr. Weygandt drew his text from the Bible, and said in part: “Have we not all known the bitterness of soul that was Job’s? This was a6 melancholy to us who knew in childhood and there was a bitterness that we were cramped and when we thought we were unchained. There are real ‘blues’ growing out of physical ill-health or out of a revised temperament not under the control of its possessor; there is the common disappointment that comes through ambitions beyond our ability; there is the bitterness which comes from unwholesomeness and betrayal of trust; and there is the hopeless ideal that we can do with the loss of those dear to us.”

“Your paper sometimes tells us that open air and change of employment will help the ‘blues’ that accompany physical ill-health and nervousness; and practical wisdom has its time to care for all the other troubles. Absorbing work that compels constant attention, and while it lasts brings forgetfulness, is so much better.

“Then there is that somewhat ignoble sentiment that human weakness finds in the trouble of others. It is in this way that Job, from which I take my next text, brought comfort to many. “Sometimes friends help; sometimes their sympathy only brings further pain. In general it is better, if you can, to take out your bitterness or your depression or your sorrow than to get away from surroundings—a gain if you can—that suggest the bitterness or depression you have, and then work hard, knowing that time will bring healing.”

Wireless Club Meeting.

About three members were present at the meeting of the Wireless Club, at Houston Hall, yesterday afternoon. Although action on the adoption of the constitution had to be deferred owing to the non-arrival of Mr. Cooke, matters of importance were acted upon. A letter was read from the Princeton Wireless Club, in which they welcomed the Pennsylvania Club, and offered valuable advice on the choosing of instruments, etc.

The club has received the sanction of Dr. Godspeed and Vice-Provost Smith in regard to their plans, and the sanction of Provost Harrison is confidently expected.

Secretary Clinn, of the Houston Club, has offered the club the use of part of the lilac room on the first floor for their receiving station. It is the intention of the club to hold off this portion of the room for their exclusive use.

The following committees were appointed:

Committee to Lock Up Instruments—Kerr, Baedeker and Poole.
Committee on Construction—Doolittle, Phillips, and Eyeda.
Roster Committee—Doolittle, Leeb, and Burke.

The next meeting of the club will be held two weeks from last night, at 7:15, in Room 2, Houston Club. At this meeting the constitution will be adopted and permanent officers will be elected.

J. F. Harbison, Record Art Editor.

With the sanction of President Head- deck, of the Senior Class, J. F. Harbison has been appointed Art Editor of the Senior Record, to succeed E. A. Newberry, resigned.

Orchestra Tickets Sell Fast.

Professional students in the various departments of the University do not seem to have interested themselves in the Philadelphia Orchestra University concerts as yet, as there were few sales of tickets reported from those shoues. In the College, however, the sale was large and the results of the first day point to a crowded hall for the concert of the series. There is no limitation whatever in the sale of these tickets, so the Orchestra Com- mittee expects to have eleven hundred people in Wightman Hall every one of the six times the Orchestra appears.

His message to the University man will doubtless be an important one.
