Full dress suits

It is conceded that we make more dress suits than any other firm in the city—a fact of which we are justly proud—and we mean to retain that honor by the same means that we won it: hard work, quality, price, style and several other things.

At $35, $40, $45 and $50 they are much better than you usually get at these prices. At $55, $60 and $65 they will equal the highest priced tailors' suits at $75 to $90.

We put large outlets in all our dress suits so they can be made bigger should you gain in weight. A made-up suit does not contain these features, so avoid them for your own good. With the Opera and social season in the foreground, now is the time to have one made; one week or less will do the work.

A white or pearl vest is usually worn with a dress coat and we have nearly one hundred patterns from which to select.

We would be very glad to have you and your friends call, as we think we can interest you.
