DEUTSCHER VEREIN PLAY

"Der Diner Zwister Herren" Will Be Presented April 17—Hans Robert, a German Actor, to Croach.

Work on the play to be staged in the next month for the Deutscher Verein, at the New Century Drawing Room, is progressing rapidly. A competent coach has been secured in the person of Hans Robert, one of the leading actors at the German Theatre in this city; and he feels confident that with the excellent material he has on hand that he will be able to make "Der Diner Zwister Herren" the best production ever offered by the society. Several individual stars have been discovered, chief among whom are Kern, who is showing up well as a leading comedian, and McFarlane, who promises to make a welcome figure. Rehearsals are being held three nights a week and the coaching of Mr. Robert, the play will soon be ready for production and set for the performance in April 17.

At a recent meeting of the committee it was decided to present the play in old-fashioned commodity and lay the scene in medieval times. It was also decided to hold a good showing in the 2200-yard event. All of Yale's wrestlers will be in fine form, and the team will be in excellent condition for the season. The Yale wrestlers will be in nine minutes.

The Society of Yales will be on hand to meet the visitors from the Deutscher Verein.

CROWS ON RIVER NEXT WEEK

Indoor Practice Stopped Yesterday. Word Will Retall Men.

Although Coach Ward has only had the men in his charge for the last three months, the men in the gymnasium have been in good form all through the winter, and are in excellent condition for the spring meet. The men are now in the middle of their season and are preparing for the Spring meet. The only change in the gymnasium is the new floor. The men are now in good form and are ready to take on any team in the country.

The next scheduled meet is at Harvard University, where the Pennsylvanians will have a good showing. The men are now in good form and are ready to take on any team in the country.

FRESHMEN HOLD FIRST BANQUET

Arts of 1912 Enjoy a Good Supper

Sixteenth hundred and thirty-two freshmen held their first banquet at the Bassett Hall, Kansas, was a most decided success. The freshmen have been of high quality and ail classes demand attention to the way in which these classes and men are conducted.

The objects of the freshmen's breakfast are not at all detrimental to their behavior. William W. Bancroft, who is in charge of the banquet, was in charge of the breakfast address. The speech of Ralph R. Selden, a former member of the freshman class, was of great interest and won applause from the men present.

DIGEST
Are you in good health? Yes? Then proportionately you are a very fortunate person.
Don't laugh. This is not a joke but an argument. It seems true that it is a great pity that some wealthy person cannot be induced to take notice of our University's need of a thing common, but at any rate, the Pennsylvanian feels it is his duty to take notice of the呈送来的: of the work done in the Dining Hall lunch room in the meanwhile.
If one goes to a fraternity house or boarding house one gets food which, while perhaps unpleasant to eat, is at least nourishing and digestible. But to many places these are not accessible. There is a large population among the student body which devise for its health and welfare the color four places around college and, while we have no wish to entertain the privately run places, Houston Hall as a University institution should be managed in a different manner.
If one wants pie or mock turtle soup or fried oysters or cream puffs or anything rich and indigestible, there is no place like Houston Hall. But if one asks for meat or vegetables or anything nourishing and sustaining, there is nothing to be had. The bright idea begins on fried oysters and chicken and wind up with pie and hot locks. Then they go over to clams and suffer. Poor boys, it is not their fault; it's Houston Hall. We have a department with a half a million dollars to look after the health of our students, but it feels its duty has been thoroughly done when it has strengthened the life and faculties of the students. Our medical and bacteriological departments will examine any unpleasant things with pleasure and care. If a cut suffers from an ache, there is the Veterinary Department to do it back to health. But who is there who will see to it that the students are decently fed with digestible nourishment?

There is a great deal more to this problem than the mere comfort of a couple of hundred men who eat at Houston Hall. Proper work cannot be done in the classroom if the body is unsatisfactorily nourished by health-destrating trash. Gymnastic work will not make health when the system is destroyed by eating unwholesome food. The staff that is served at the present time only destroys the appetite; it does not appease it. Furthermore, we venture to assert that proper food properly cooked and served would double the profit of the lunch room. Duty alone is a poor motive, but when duty and profit combine we feel sure that something will be done.

GYM. MEET WITH C. C. N. Y.
Only an Exhibition Affair—Intercollegiate.
The Spring C. C. N. Y. games will meet an unrecorded team tonight when they compete with the College of the City of New York in the latter's gymnasium. This is the New York team's first game in the Intercollegiate League, and the team has been weakened by the loss of two of their best men. The regular contest has been changed to an exhibition only, to be held as a feature of City College's Alumni Night.

Cannons constitute men's count little different than exhibiting superior form in to-night's contest, although Strother has been successful from an attack of lumps while Pasko's duties in the Architectural Play have prevented him from practicing regularly.

Only three weeks remains before the Pennsylvanians, which will be held at Princeton. In this meet Pennsylvanian providing most of her hopes in Kellor, last year's champion swimmer, who after several as an external man Kellor has exhibited his old form so far as swimming goes, but he is an unknown quantity in diving duty. It is expected that he will run no disappointments. Another man who is expected to carry off several points in the Intercollegiates is Hepp, who is developing into a complete of no mean ability.

ARMY-NAVY GAME HERE.
Great Football Contest Will Be Played on Franklin Field November 26.

It was officially announced yesterday that the familiar football game between Annapolis and West Point would be played on Franklin Field on November 26. The "Middies" schedule is not a difficult one, and with the exception of the University of the City of New York, all the teams have been played before. As none of the "Big Four" are to be met, the Carlisle Indians will probably be their strongest opponents.

Zeta Debutantes Chosen.
Shirley Aronoff, John R. Hart and J. F. Hennessy, with G. C. Wil- lard, alternate, were the men chosen by the Zeta Beta Beta; last night to debate against Phi alpha in the annual interdebate debate. A feature of the trial was the windshifted arguments of Hennessy, who appeared in his uniform as "Mike," the dormitory guard in the Architectural Play. Immediately at the close of his debate he was requested to return for his next assignment at Grub Street Theatre. The judges were G. G. Hecht, instructor in the Washington School, and R. Helton and C. H. Adams, past members of Zeta. Short addresses were delivered by Charles Young and Maurice White, last year's president of the society.

Crow Notices.
There will be no crew practice today. A list of those who will report at the river on Wednesday will be published in Tuesday's Pennsylvanian.

RELAY TEAM RUNS CORNELL

Two-Mile Quartette Meets Ithicans at
Georgetown Games—Four Men Will Compete in Handicaps.

Eight members of the Varsity track squad will compete in the Georgetown University Indoor Games at Wash-
ington, tonight. The two-mile relay team will meet Cornell for the second time
this year, and it is expected that the meet will prove the feature event of the meet.
At Buffalo, the quartet composed of Captains Paul, Ivory, Levering and Gray, defeated the Ithicans by four
years, and is a week below. In New York, they finished twenty yards ahead of the Buffaloes. The team will be even
faster tonight, as Baker, who replaces Gray, has a record of 1:18 for the half-

miles. He was the sole in a time trial on Thursday afternoon, when he de-
ated Gray, who has a record of 1:20 for the half-

miles.

The two-mile relay team consists of Hethcock, Taylor, Jones and Nixon.

Handcuffs are to be carried in the Relay handicap dash. Butchick, who has been clearing the bar at

six feet recently, will compete in the hand-

icap high jump. Trainer Murphy has also entered Roskey for the two-

mile and one-mile novice races.

The meet leaves West Philadelphia this afternoon at 1:30 o'clock.

On Saturday, March 19, the relay team and several members of the squad will compete in the indoor

Games at Johns Hopkins University, at Baltimore.

CHESSE MATCH POSTPONED

Princeton Will Be Played When Wire-

less Apparatus is Ready.

The illusory chess match be-

tween Princeton and Pennsylvania, which was scheduled to be played
to-day by wireless, has been postponed on account of some changes which had to
be made in the wireless apparatus. A direct current has been used heretofore,

but in order to make perfect ar-

rangements an alternating system is being installed by the Philadelphia

Electric Company. This work should be completed by Princeton next week and the match will be played off short-

ly after that.

This is the first use of wireless tele-

graphy in connection with a college chess match.

Charles H. Edmunds, and a Chinese In Emmanuel Reformed Church, at 2:30 by Charles H. Edmunds. A Chinese group will be held in Houston Hall to-morrow afternoon at 2:30, with Dr. W. H. Embick, so leader.

The subject of to-morrow's talk, which will last only three-quarters of an hour to prevent conflict with the 11 o'clock period, will be "Religion Character." These talks are especially designed as an adjunct to the Bible Study Movement, and will be exceedingly interesting, especially to students active in the movement. Besides the opportunities now offered to the undergraduates in the Dormitory and fraternity Bible study groups, several of the near-by churches have arranged for special groups for University students in their Sunday schools. These will differ from the University groups only that the regular Sunday-school lessons will be strengthened. Since the practical side of things will be given special attention. Special student classes will be held in St. Mary's Parish House, Locust, above Thirty-ninth, at 10 o'clock Sunday morning, by Professor Newbold; in Ashbury Methodist Episcopal Church, Chestnut Avenue; Thirty-third, at 2:30 in the afternoon, by Dr. Merline, and in Emmanuel Presbyterian Church, at 2:30 by Charles H. Edmunds. A Chinese group will be held in Houston Hall to-morrow afternoon at 2:30, with Dr. W. H. Embick as leader.

CIRCUS CANDIDATES REPORT. Only Thirteen Men Have Presented Themselves—Pennsylvania Next Week. Almost thirty men have reported to Mr. Cunne so far, in response to his call for two hundred men for the circus. Some of those have signed up as clowns, dancers, charmers, and animals. Other men have to be large, strong, for heavy ornaments, bronzed bears, banded giraffes and giraffes. The small men are definitely scarce.

The men are divided into two groups of three each, as men under 5' 10" will not be admitted. The kinds of jobs are similar: "The White Elephant" (from "Streets" and "The Man Who Owned Himself.""

Regular rehearsals begin next week. Every Thursday evening at 8 P. M. the young men will practice. And on Wednesday afternoon at 4 in men who are candidates for the circus will report for practice in the gymnasium.

Rooming priests, on the harbor at Yale has been held for the last few days and seems point to a more powerful current than last year.
