Football Smoke in Training House Tonight

Relay PROSPECTS

Kirkpatroik and F. Goldburg, J. S. Cadwalader, J. T. Prickett, and L. B. Bowman, captain of the team, will address the undergraduates and tell of the experiences they had during the season. The former offered to bring a bag of souvenirs to hand out to the best athletes during the evening.

deutscher Verein to present excursion

"Her Dienst Zweiher herrn," a roasting fire, full of comedy situations, will be presented by the Deutscher Verein on Friday evening at the New Century Dinner Rooms.

The comedy was the Italian version of Goldsmith's "She Stoops to Conquer," and its humor, ridiculousness and fun-making is bound to appeal to the glee in a gale of laughter during the entire performance. The play is based upon the attempt of a servant, Trollopl, to do a practical joke...
BASKETBALL LEAGUE FORMED.

Includes Princeton, Cornell, Columbia and Pennsylvania.

Five of the six large colleges, which make up the Intercollegiate Basketball League, have recognized Pennsylvania, Princeton, Cornell and Columbia as the Universities which comprise the organization.

This league dissolved two years ago and the formation of the new combination was brought about primarily by the efforts of the students and in some cases by the aid of the faculty.

Harvard, also joined the new league. The reason for such an action is not known.

The schedule arrangement of former years, in which each team met that of every other institution in two games, will be remitted next fall.

The officers for the newly organized league were selected as follows:

President—H. E. Hyatt, Yale.
Secretary—Attorney-Register, Ralph Morgan, Pennsylvania.
Members of the Executive Committee—H. B. Hart, Yale; Ralph Morgan, Pennsylvania; C. F. Yoses, Cornell; W. R. Pope, the Princeton Football coach; and C. G. Oestrich, Columbia.

O.M.M. 281.

No Soccer with Harvard This Year.

Secretary of State Philander C. Knox has received the invitation of the University to deliver the Commencement Day oration at the Academy of Music on June 16.

Mr. Knox, who is a graduate of Union College, Ohio, received the degree of L.L.D. from Pennsylvania in 1909 and from Yale University in 1917. He has been at successive times associate director of the United States War Department, Pennsylvania, member from Pennsylvania and Attorney General of the United States.

Important Medical Discovery.

Dr. Edward Tyson Reekert, Professor of Physiology in the University Medical School, has published a statement in which he asserts that different species of animals can be trained to place their teeth in blood crystals which are not obtained from the blood of baboons, in a strange resemblance to those of the blood of man.

"The general results of my research," said Dr. Reekert declared "are the following: The discovery of the evolution of the theory. But as much remains to be done I think it is premature to make too broad a claim on the strength of what I have succeeded in establishing in the course of my experiments."

No Soccer with Harvard This Year.

Despite the fact that the Faculty Committee on Athletics has given permission, for the first time in several years, to play the Harvard soccer team, it was found impossible to arrange a match. Both teams were anxious to meet, but since the Crimson and the Red and Blue schedules were completed prior to the faculty decision, the idea had to be abandoned. This much has been gained. Previously this game has been frustrated by Pennsylvania, but in so many ways as to be willing to play this season, it will be considered a draw. It is hoped that Harvard will be on the schedule next fall. The season opens with the Cornell game to be played at Ithaca next week.

NEW CRICKET SCHEDULE.

Due to the short season, the Freshman cricket schedule was omitted in recent years. The Pennsylvania Tour games will be played. Additional matches are likely to be called at the discretion of the Invictas, and the most praised by the press agent in local papers.

From this it is evident that sports- Công is a dead issue in the University world. It is perhaps worth while to know so.
THE PENNSYLVANIAN.

SWEDISH ENTERTAINMENT.

To Be Given on April 11—Prominent Swedes to Be Present.

The Cosmos Club is anxious to continue its splendid series of foreignTurkish Nights in its usual space and with its usual success. On Thursday, April 11, in Houston Hall, it offers a Swedish Night, with an unusually attractive program. Its Ex-Educateur, Herman de Lagervallan, Swedish Minister to the United States, has been secured to officiate as presiding officer. He is well-known as an able, magnetic speaker in his native land, and has maintained his reputation in Washington. He has promised to give a short address at this meeting. Dr. MacDenn, of Upsala University, Sweden, who is at present at work preparing for publication a couple of volumes for the University Museum, will give a talk on Sweden which will be illustrated by excellent slides prepared especially for this occasion.

Dr. Atkinson Johnson, of the University of Pennsylvania, will give an illustrated lecture on "The Swedes in Early Pennsylvania." Dr. Johnson has been at work on this subject for over five years.

Kennel Club Progressing. Judging from the enthusiastic replies received from Pennsylvania kennelmen by Mr. Clute, the University Kennel Club should be a success. The usual dues are so low that they are not prohibitory to student dog lovers, and it is hoped that a large undergraduate membership will be obtained. Arrangements for the first bench show, which is to be held on Franklin Field on Tuesday, April 22, are well under way, and men who desire to exhibit dogs are urged to report to Mr. Clute, at the Houston Club, as soon as possible.

June 13th for Class Day. The Senior Class Committee has decided on Monday, June 11, for Class Day this year. The usual exercises will be held at 10 A. M. The Ivy planting will take place at 4 o'clock, and the Senior Promenade at 3. There will be a meeting of the committee at 1 o'clock today in The Pennsylvania office.

NOTICES.

Soccer practice at 4 P. M. today.

Meeting of Senior Class Committee at The Pennsylvania office at 1 o'clock today.

THE REACH
Ball
The marvelous pitching records made by present-day slab artists are due in great part to the Reach Base Ball. It is only a ball as perfect as the Reach that consistent control of intricate curves is possible. The Reach Ball is the only authorized ball of the Great American League, and was officially adopted by the World's Series. It is the ball used by the big college teams in championship games—more the best is good enough, and Reach Base Balls are conceded best by all.

Harvard is to have a Chair of Play-Writing.

Coach O'Neal has thirty men prac-
ticing daily on the Cornell University baseball squad.

Four fair co-eds were expelled from W总量 University last week for smoking cigarettes.

The rowing management at Yale isائد becausc there are only only
two freshmen crew candidates.

At the University of Chicago repre-
sentatives of the university met to
consider methods to bring about clean
campus politics.

Purdue University will have the larg-
est University machine shop in the
country when those now in process of
 erection are completed.

President Thomas, of Bryn Mawr College, has expressed her gratifica-
tion at the decision of the students in
college to abolish hazing.

Every student at Harvard hereafter
will be compelled to pass before his
junior year a special oral examination
on reading of French or German.

Lehigh University's Board of Trust-
ees recently decided to lend fraternity
members amounts of money for build-
ing chapter houses on the cam-
pus.

Many students at Washington and
Jefferson are addicted to the drunk
habit. The habit is especially
in examination time, to sharpen
the wits.

President Jordan, of Leland Stan-
ford University, in an address before
the University Conference, declared
the "rattling" of visiting pitchers at
baseball games.

To protect graduates from poor in-
vestments after they leave college, the
University of Michigan is giving a
special course in "road tricks" and
other metal counterfeiting.

About twenty candidates reported
for spring football practice at Brown
on Monday. At present the main work
will be the listening to blackboard
lessons, but outdoor work will soon be-
gin.

The Science Mechanics at the Case
School of Applied Science will make an
inspection trip which will include stops at
Rice, Fla., Niagra Falls, Buffalo,
Scheneectady, New York, Washington
and Pittsburgh.

Columbia has an endowment of $25,
000,000. This is the largest endow-
ment in the country. Leland Stan-
ford is second with $21,600,000, and
follow Harvard, Chicago, Yale, Cor-
nell, with Pennsylvania seventh.

W. H. Emboch & Sons
have always proved the most popular
tailors for Pennsylvania students,
because they have the "young man idea,"
their prices are moderate, and
because they allow the student 10 per-
cent discount. 4128 Chestnut street.
