Before Brilliant Throng of Spectators the Red and Blue Again Nosed Out Victory. Orange and Black in Nip-and-Tuck Contest—Score 3 to 2.

Watts Twins in Race, Farmington, Drives in Winning Runway.

With a true fighting spirit, that brought every one of the eight times, the Red and Blue over the finish line in an atmosphere of excitement, Pennsylvania overcame the Tigers' lead in a brilliant last inch rally and turned a definite defeat into victory, thus giving the Red and Blue the final decision of the score of 3 to 2. Saturday's contest was one of the most exciting ever seen on Franklin Field, and the final moments of the struggle furnished a fitting climax.

This year the weather was fine, sunny, and delightful. There was little wind, and the thermometer did not go above the 70-degree mark. Never before, in fact, has the weather been favorable for the track meet on the college grounds.

The win was a great one for the Red and Blue, and was a fitting climax to a thrilling athletic season. It was a great day in Ithacan-Bow to Red and Blue in An-

THE PRINCETON GAME.

It was a glorious struggle, an inspir- ing upfield fight against almost insur- mountable odds, and a magnificent victory!

To Captain Wood, to each of his men, to Coach Hanley, belongs the credit. They were condensed, and they had something with which to back up their confidence. And behind them stood the loyal undergraduates cheering for the last every inch of the way.

We are proud of our team, and our pride is exceeded only by our feeling of confidence that succeeding games will be but a repetition of that great struggle.

SENIOR SINGING.

There are many ways in which to assure that neither indolence and fleeing feeling of University spirit, One is to sit in the south yard of Franklin, and watch the first back great, making holes in the opposing line, or see the star batter drive one home run with three men on bases. Others watch until four hours, but our only recordings and reminiscences of our overwhelming feel- ings are an acclamating or a raw throat.

But we have an institution here at Pennsylvania, which, when supplied with the proper amount of enthusiasm and life, will cause the undergraduate to experience the maintenance of feel- ing and love for the University and kindness for the fellow Pennsylvanian. We refer to Senior Singing.

So for this year there has been too little interest shown in the cause. One attempt was made last week to start the scheme again, but so few were pos- sessed of the roll that it was post- posed.

This evening, and Wednesday and Thursday evenings as well, we ask that every Senior in the class meet at 8 o'clock, for thirty minutes at his time and go to the fence at the back of College Hall, where to give vent to all his ex- cess love and tender feeling for his alma mater. It is a beautiful custom, one which must not be neglected, and it is 1910's duty to see that it is not neglected.

We have one suggesting to make, however, and that is that it be held after this in the Dormitory Triangle. In the first place, it is a more acces- sible spot; secondly, we are sure that more men will put in their appearance there than in such an out-of-the-way place as the back of College Hall, where no one gets the benefit of the songs except those who chance to be strolling along there after.

TENNIS INTEREST RENEWED.

Improvements Planned for Dormitory Courts—Membership Increasing.

The Dormitory Tennis Association is planning for a prosperous and suc- cessful season. Among other things a reorganization and increase of the membership has been contemplated, which, should the added membership warrant it, will result in the addition of a new court. It is also more than probable that backstops will be placed on the courts to-day. The courts are at present in excellent condition, and the increased membership of them given evi- dence of the popularity of the new organization.

No tournaments have been held yet, but it is expected that one will be ar- ranged this spring similar to the one held last year. When a gold medal was awarded to Mr. C. K. Dixon. Although no definite announcement has been made, it is hinted that an Interuniversity-ity Tourney may be formed on lines similar to the football organization. Such a tourney would undoubtedly prove to be a popular one, and should result in an interesting series of matches.

The Dormitory courts at present are open only to the members of the Dormitory Tennis Association. All who wish to join, whether living in the Dormi- tory or outside, should see one of the Membership Committees, represented by Philetus, Koschwitz and J. A. Werth, to-day at 1 o'clock. Membership cards for a full year may be purchased for $1.50, and cards good until the end of the college year may be had for $1.00 apiece.

PRESENT STATUS OF FOOTBALL

More Open Formation and Less Mass

Play Now the Aim of Committees

in Effort to Eliminate Danger.

While the Intercollegiate Football Rules Committee has not yet definitely

determined the style of play that shall

prominence in next season's football,

it is generally agreed that in the

rules this far held under consideration

much and has been done toward eliminat-

ing the element of needless personal injury.

A lighter ball and less mass play has been the aim of the

committee, and it seems to be in a fair

way of accomplishing its purpose.

Perhaps most of the discussion of the Rules Committee hinges upon the

forward pass. There were several mem-

bers who advocated its complete aboli-

tion, while the prevailing sentiment

lentored toward a modification of the present

rules. For the reason that the

player on the offense, in his effort to

receive a pass, is frequently unex-

pected and receives injury when it is

attempted to break up the play, the

rule that the forward pass shall only be

allowed behind the line of scrim-

mage seems to have some chance of

adoption.

At present these are the new condi-

tions of football.

1.-A defender must strike

the ground 20 yards ahead of where the

ball is put into play before the attack-

ing player shall be "on side.

2.-The player first receiving the

ball from the center may carry it

ahead at any point through or around

the rush line.

3.-There shall be no passing or

pushing the man with the ball by mem-

bers of his own team and no inter-

rupted interference.

4.-Punting shall not be al-

lowed.

5.-The game shall be played in

four periods, each 15 minute half to

be played.

These six rules already have been

passed by the Rules Committee.

1st-8th yardage shall be added in

three downs to retain the ball.

2nd-Forward pass shall not be

allowed except behind the line of

scrimmage.

These two rules may be taken as

advised, and so a part of the same as

recommended by the committee of

three men, who will report within two

weeks.

EXCHANGES.

Bugs will be substituted for Ameri-

can football at Kansas.

Governor Hughes will deliver the

Phi Beta Kappa Address at Harvard this

year.

Wisconsin has a Freshman who has

been doing better than 22 feet in the

broad jump.

The base ball team at Michigan is

given weekly lectures on "How to

Play Baseball.

The Students' Christian Association

at Michigan in planning to establish a

women's branch in Ann Arbor.

The Yale symphonic team shows a

deficit of $115,600, and the tennis team a

balance of $15,60 for the season.

The American Red Cross has offered

prices of $10, $15, and $25 for the

best stamp design submitted before next

Christmas.

The North Dakota State College has

recently purchased a supply of the

novelty of play for use in dramatic pro-

ductions at this college.

Besides having an organized police

force and militia, the University of

Colorado has recently acquired a hos-

pital staff of ten members.

Vacination has proved a godsend

for students at the University of

Colorado who have been ill this term.

All men are supposed to undertake the

vaccination process.

A new organization has been formed at

Yale. It is known as the Federated

School and Social Sectional Club, and is com-

posed of all school and sectional clubs

at that institution.

TRACK RECORDS ECLIPSED

In Saturday's Meets New Marks Established

day by Tailor in Hammer Throw and

Berra in Twainie-Mile Event.

---

Great interest is centered about the work of the Big Eastern colleges in last Saturday's track activities. A new world's record of 173 feet 6 inches for the hammer throw was made by Tailor in the State-Carlisle meet, and Berra, of Cornell, the intercollegiate cross-country champion, set a new American mark by running the two-mile event in a minimum of 10 minutes 54.8 seconds.

Harvard met Dartmouth at Cambridge in an unusual dual meet. Captain Little, who has been in poor condition this season, showed a complete reversal of form by clearing 22 feet 6 inches in the broad jump and by putting the shot 45 feet 7 inches. Jacques, who injured his foot in a hammer camp last summer, also proved to be an asset in good condition by winning the mile in 4 minutes 28 seconds.

Yale games with Princeton proved that there is still a strong opposition. Chimboraz won the low hurdles in 25.4 seconds. Conney cleared the hammer 160 feet; Kilpatrick put the shot 45 feet 8 inches; Nelson and Gardner showed their consistency as vaulters by clearing 12 feet and 11 feet 3 inches, respectively, and Kirpsøn ran the half mile in 2 minutes 22.8 seconds. Princeton's performance was also creditable. Of the other events in this fast track; Whitney covered the mile in 4 minutes 37 seconds, and Berman threw the hammer 146 feet.

The last competition of the other college men were made by Batten, of Dartmouth, in the half mile, which he covered in 1 minute 58.5 seconds, and by Palmer, also of Dartmouth, who again cleared 6 feet 9 inches in the high jump.

OTHER COLLEGES

Baron von Bernstoff, the German Ambassador, visited the University of Chicago last week.

The Western Alumni of Michigan University have just completed a four-weeks' trip, taken in the interest of the university. All expenses were paid by the various alumni clubs.

The State Legislature has appropriated $357,000 for the State College of Agriculture at Cornell. Three buildings will be erected, one for class and laboratory work and another for post-graduate work and for the third for home economics.

W. H. Embick & Sons have always proved the most popular tailor for Pennsylvania students, because they have the "young man idea," because the prices are moderate, and because they allow the student 15 per cent discount. 1023 Chestnut street.
