DR. HARRISON HONORED

Sphinx Senior Society Presents Loving Cup
Entertainment and Rehearsal Precede Reception

DR. HARRISON HONORED

The first formal expression of regret at the resignation of Dr. Harrison from the叠加 Board of Governors of the University of Pennsylvania was made yesterday by the Sphinx Senior Society of the University. It was presented to him at his office a silver loving cup, in recognition of his services and contributions to the University.

Although there has been widespread grief and lamentation over Dr. Harrison's resignation, there has been no indication that this was to be a continuation. Dr. Smith and I have always been as close as in any relations with Dr. Harrison, although there has never been a day that he did not call me up to say that he was leaving Philadelphia. He left me to tell me that he had no such feeling about me. I think he was more devoted to me and, we would discuss the matter and he would call me from time to time. The only choice of Dr. Smith, as unprecedented in the history of American universities, was the President of the University.

There was absolutely no celebration in honor. He personally refused to allow any of his immeasurable talents in the faculty or among the students to be invoked in his favor. His election was made on the basis of his personal qualities and the results of the General Election, which was practically the entire parallel in the history of our university. The President of the University, however, never so enthusiastically and practically united in the history of Pennsylvania in the way in which there was an account of the student body on the day of his election yesterday. I regard that event as the most affecting that I have ever heard of in college history. It was, however, only a small expression of the profound affection in which the under-graders hold their President-elect.

The occasion of the presentation was extremely impressive. The Sphinx Senior Society, generally speaking, the most representative group in any college in America, who have achieved things about the University and who stood out among their classmates as leaders. The nine men who represented the Sphinx as its Board of Governors on the occasion filed into the private box at the Cup, who new and shook hands with each man as he entered. At 9 o'clock, Dr. Howard Kennedy Hill, President of the University, appeared on the stage. The speech was in the nature of a congratulatory address to the Board of Governors for the occasion. It read:

"Dear Mr. President: It is impossible for me to express more completely my feelings when we consider what this event means to us. It gave me the twelfth of December just as it has happened in the past. The age of the University is a crisis for Pennsylvania in the way it has done in its history. the Institution without action on the man. but he may not be dropped from college as well as the university is truly admirable. In advocating the adoption of a similar plan at Pennsylvania we do not wish to be misinterpreted as suggesting that there is any immediate need for it. We believe that at present the amateur standing of the men representing the University is as clean as it could be. Yet the adopting of such a measure would be a splendid move to prevent against any unfortunate occurrence which might arise and injure Pennsylvania's splendid record for clean athletes.

Honor System Amended.

Wharton Association Extends Scope of Examinations.

"Two important amendments were elected to the constitution of the Wharton Association at the meeting held yesterday noon in Leaun Hall. One amendment deals with the honor system, and their adoption was brought about by the efforts of the Honor System Committee. They read as follows: (1) "Examinations shall be considered under the honor system when the honor pledge is signed," (2) "All examinations in Wharton School courses given to Wharton instructors shall be under the honor system." Much importance is attached to this latter change, as it entails that all examinations in Wharton courses held in College Hall will hereafter be under the honor system.

Rugby Game Today.

Pennsylvania Team Will Meet Crescent A.C. Team on Franklin Field.

Following the Freshman football game to-day on Franklin Field, Penn's team, students will have the opportunity to witness a game of Rugby. The Freshman team will meet the Wharton team representing the Crescent Athletic Club of Brooklyn, in its first game on the home field. The Crescent team, which is better known as the "Brooklyn Nomads," defeated the Pennsylvania aggregation last season, and is confident of repeating its previous performance. Captain Walton, however, has had his men out on Franklin Field every morning this week, and he thinks his men will turn the tables on the New Yorkers. Rugby has been recognized by the Athletic Association as a minor sport, and great interest in the sport has aroused among the student body.

THOMAS FERN
D.R. SCHHELLING'S VIEW.
Rejoices Over the Appointment of Dr. Smith to Provostship.

Dr. Schelling, of the English Department, who has known Dr. Smith for over thirty years, made the following statement yesterday in regard to the selection of Dr. Smith as Provost: "I am enthusiastic over this choice for the Provostship. I have known Dr. Smith for thirty years and I have never known him other than devoted to his friends, his students, his profession and the University that he has served so long and so efficiently. "It is a great thing for us now that we should have a scholar of note and a teacher to lead us, to strengthen and make impregnable the material conquests that we have won; and to carry on to their completion the many projects, scholarly, as well as material, which we owe to the devotion and untiring efforts of Dr. Hartson.

"I rejoice with all friends of the University in the extraordinary demonstration of personal esteem and loyalty that our students displayed the other day. Chosen by our Board of Trustees, trusted and esteemed by all our faculties, beloved and acclaimed by our students, our Provostship can dare and do Clarkson. In his hands, our beloved University is not only safe, but certain to continue even more and more worthy to fulfill the highest ideals for which education is aimed.

The annual meeting of the College Boat Club, composed of all men who have worn their "Varsity" F in rowing, and the managers and several honorary members, was held last evening at the rooms of the Lawyer's Club, Real Estate, El C TAB Building.

The meeting was well attended. A short history of the past season was given by Thomas Beach, of the Rowing Committee, in which he briefly commented on the work of the 1939 Varsity crew at Princeton. It was announced that only $4,000 had been raised by the committee for the erection of the new Boat House, for which $18,000 is required. It was proposed that active work in soliciting funds be started at once, in view of the deplorable condition of the present structure. The election of officers follows: President, Samuel Henderson, Secretary-Treasurer, R. F. Wood, Jr., Rowing Committee, Captains Lloyd W. Hoagland, Allon Bennett, and J. W. Townsend. Delegates to Schuykill Navy Board, H. R. Zane, C. R. Patta.
