freshmen and Scrubs both succumbed to superior play of varsity baseball team.

Two brick, napkin covers and the other four covers were one-sided contest, followed through the final score of 30 to 0 in favor of varsity. 

The meeting was followed by an open question period, with most of the questions being worked out in the course of the game.

Dean F. M. Burke, the varsity manager, stated that, in his opinion, the varsity was not in its best form, but that the Scrubs could not be considered as yet ready to face the varsity, and that the Scrubs would need some work to bring them up to par for the final game.

The meeting was well attended, and many students took part in the discussion, showing that there is a large interest in baseball among the students.

The meeting was adjourned at 11 o'clock, after the final score was announced.

The large audiences which have attended the lectures of Senator Burton on "Corporations" are sufficient testimony of the interest in the subject and the man who has so ably presented it. A noteworthy fact—though in a way also a deplorable one—was that a large part of the audiences was composed of people not connected with the University, and that there seemed to be little interest shown in the manner in which the lectures were presented. Despite this, Senator Burton proved conclusively in what high repute the lectures secured under the George Lieb Harrison Foundation are held. By his six splendid lectures the Senator has not only benefited those who have heard him, but has added to the fame of the University.

A man of such prominence as Senator Burton should speak under Pennsylvania auspices cannot but impress one with the importance of the University as an educational center. Furthermore, the series which closed yesterday shows the efforts of the University to bring honest students informed in the best manner possible on problems of the moment. We are pleased to have Senator Burton among us. Not only have we learned a great deal as individuals of corporations and the problem which their control presents, but we feel that it has added to the dignity of the University to have a man such as he become under the George Lieb Harrison Foundation.

NOTED MISSIONARY TO SPEAK

Rev. Arthur H. Smith, author and missionary, is to be the speaker at the Sunday services tomorrow.

For thirty-five years he has been a member of the American Board of Foreign Missions. The greater part of his life has been spent in China, and today he speaks the Chinese language as fluently as his native tongue. He was in Pekin at the time of the memorable siege and suffered great hardships before the united troops of the allies finally stormed the city. Of recent years he has lived and worked in China, where his most recent book was written. The work of advancing the schools and helping the missionaries of that region has been of late years largely delegated to him. The great number of Chinese converts may in a large measure be ascribed to his continuous efforts.

For years Rev. Arthur Smith has been considered one of the highest authorities on all matters Chinese. He is the author of many books of great value; among them stand out prominently "China in Convulsion," "Chinese Characteristics," and "The Gift of China."

This evening he talks before the Missionary Conference, taking for his subject, "China, a Land of Opportunity."
