MINOR SPORTS COMMITTEE

New Committee Formed Yesterday to Suppress "Red and Blue"

D. H. Smith, chosen secretary.

The first step in an organized movement to raise and maintain the scholastic standing of members of the University in the world of education is being taken. The new committee known as the "Red and Blue" is expected to meet Tuesday night at 8 o'clock to determine its first steps. The members of the committee will be chosen from the Freshmen, Sophomore, and Junior classes.

The Pennsylvania's recent announcement to the effect that episodes for the Pennsylvania's reception enthusiasm so long have caused and even Faculty objection, has been no doubt the result of a condition that has been prevalent against at the Huntingdon Club, but the defiers have fallen upon the present stormy ground. Pennsylvania is gaining its first slip from the toils of democracy.

THRILLS AND AWARENESS

Awakening was slow.

The dulcet awakening was slow. In the chess and checker field, the downfall of the Pennsylvania cant, the downfall of the scholastic standing of members of the Pennsylvania newsmen, and is continued.

"Red and Blue" Managers Arrive for Basketball Game

Thanks to the success of last week's experiment at the Wednesday performance, the managers of "Red and Blue" have succeeded in recruiting a new man. Fred W. Jenkins, who has control of the Lyceum, has been asked to paper the Pennsylvania undertakings enjoy the beauty of refinements in rules there.

In all probability the Freshmen will enter the game without the services of writer, one of the candidates for a forward position. He was badly shaken up in the scrimmage, which students will be given the privilege of securing the best seats in those two houses at a material reduction in price. Next week the schedule will be released.

Adelphi Theatre, where "The Man from Missouri" will be played this evening, was filled to its capacity Tuesday night, 610 seats for $1.15; 590 seats for $1.00. Wednesday night, 710 seats for $1.15; 590 seats for $1.00.

Theatre, where "Maine X" is now playing, will be closed Wednesday and Thursday night. The Manager, Mr. Charles, has decided to close the theatre at the close of the week.

Evidently intending to be at the theatre at the close of the week.

The score, 11-1, showed very little to be gained by the game. The score, 11-1, showed very little to be gained by the game.

The halfback line is steady and progressive, with an average man at the game, King; to-day to take on the State Normal, St. John's College of Cricket Club, on Thanksgiving morning. The Freshman football picture: King; New Committee Formed Yesterday to Suppress "Red and Blue"

This afternoon, at Wayne, the University hockey team will practice on the ice. There will be a practice against the St. Luke's School team, and practically all of the men on the Wayne team will get a chance to play. The first scheduled game will be played next Saturday in the old rink, New York City, when Princeton will be met.

Captain Hayden is pleased with the showing the men have made in the gymnasium for the past two weeks. Practices with Haverford and Swarthmore will be arranged for next week in preparation for the Princeton contest.

The squad consists of thirty men. Captains Hayden want to have the men to report this afternoon at West Philadelphia Station at 1:15 to be notified by phone when the train for Wayne. All these who have made blanks are to report to the Freshman football picture: King; New Committee Formed Yesterday to Suppress "Red and Blue"

The team, although critics admitted that the Freshman team had a hit the better of the argument at the second half. The "Varsity" is one of the best balanced teams turned out in a number of years. The forward line is very fast and aggressive, with an exceptional knowledge of the fine points of the game. Torry, Thomson, Vecchi and Swarthmore will be all the time, as the Xavier valves and bulkheads will have great difficulty in breaking on their Viscount attack. The bulkhead line is steady and strong. Kelly, Walton and Allan are all very active men, with a great deal of fighting in them.

The forwards have proven on numerous occasions a serious proposition to attempt to wound second man at the game, and the Freshman team has played in a real game, it is hard for the Viscount to withstand the Viscount, but if it fights as well as it has been expected, the Freshman will be able to outfight the second man at the game, and the Freshman team has played in a real game, it is hard for the Viscount to withstand the Freshman team.

The "Red and Blue" managers are making no predictions, merely stating that the game will be close either way.

At the same time that the "Viscount" team will report the next Saturday to Haverford College second team, on the latter's field. As this is the first time that the second team will play in a real game, it is hard for the second team to stand up against the Freshman team.

Basketball Notices

Following Freshmen will report at the gymnasium at 7 o'clock tonight. Captains Covert, Perry, Kennedy, Eissman, Berman, Peber, Tafel, Ceres, and forward, began with the Freshman team will be made the trip. Butcher, Hollow, Fisher, Tofil, Ceres, Turkey, and Randle.

The schedule will be released. Adelphi Theatre, where "The Man from Missouri" will be played this evening, was filled to its capacity Tuesday night, 610 seats for $1.15; 590 seats for $1.00. Wednesday night, 710 seats for $1.15; 590 seats for $1.00.

As this is the first time that the second team will play in a real game, it is hard for the second team to stand up against the Freshman team.

SUPPORT FOR BASKETBALL
It is an unfortunate fact that all the minor sports hold very little interest for the undergraduate body at Pennsylvaniu. Little or no support is given to the teams which during the winter months are doing their best to bring credit to the Big Ten and so keep Pennsylvanians among the leaders to all branches of intercollegiate athletics. Despite this lack of interest and support the various teams making Weightman Hall the center of their activities have, as a whole, been successful, and especially is this true of basketball. Pennsylvanians has always been among the leaders in this sport, and many times has the intercollegiate championship escaped them. Basketball is the greatest of American indoor games, and in public favor. It is needed to balance baseball and football. It is a game requiring skill and splendid physical condition on the part of every member of the team. The men representing Pennsylvania in this sport are described of the most loyal support. This is the more urgent this year that it may not be from lack of the proper spirit among the undergraduates that the team falls in its attempt to win the championship of the newly-formed Intercollegiate League. The admission paid to the games is small, and out of loyalty every one should make it a point to come out and cheer the team whenever it plays on the home floor.

A SPLENDID MOVE
The hostile feeling which exists in some quarters toward intercollegiate athletics is due to the belief that membership on a Varsity team is at the expense of scholastic standing. The statements made by those upholding this view are usually grossly exaggerated, but there is no doubt that there is some justification for the general assumption. Faculty regulations regarding scholastic standing necessary for eligibility in athletics have not sufficed to quell their opposition, for it is felt that this applies only after men have failed in their work and over nothing to prevent their failing behind.

The attitude lately assumed by the Major Sports Committee seems to meet this objection. The board, made up of the managers of the major sports and one representative from among the managers of the minor teams determined to keep posted on the scholastic standing of the men on the various teams and prevent their becoming ineligible. The importance of this move lies in the fact that it aims to prevent men from becoming ineligible through merely helping them once they have failed in their work. It is deserving of the highest praise. The principle on which it is based has long been recognized as one of the soundest, being best expressed in the phrase "an ounce of prevention is worth a pound of cure." It will do much toward the realization of the ideal that athletics are but a supplementary to a college education and not an end in themselves.

DEBATE TRIALS MIDWINTER
Semifinals Eliminate All but Twelve Candidates from Competition.

Twelve men were chosen in the semifinal trials last night for further competition for the Varsity debate teams. On Monday, December 12, they will argue against each other in the finals. In the following order:

Group 1:
1. H. I. Hymen (12 L.) vs. J. B. Ulbrich (12 L.)
2. F. H. Kilemire (12 C.) vs. W. Trumbauer (12 C.)
3. P. Fitts (11 C.) vs. W. C. Crrop (12 C.)

Group 2:
1. H. M. Schober (12 L.) vs. R. Ne bureaucr (12 L.)
2. G. A. Hughes (12 C.) vs. V. L. Aheley (12 C.)
3. J. B. Hunt (11 C.) vs. C. B. Rhodes (12 C.)

Each speaker will be allowed a single speech of eight minutes and a rebuttal of four. The trials being so conducted that each pair of speakers hear both the positive and negative cases and no one else.

From early indications, the opinion was expressed last night that all the teams this year will be upon quite up to the standard. Two teams will be chosen, each of three speakers and an alternate.

Funds Nominated Officers.
A club held a very interesting meeting last evening. The literary program consisted of several essays, songs and a debate on: "Resolved, That United States should establish endowed theatres. The affirmative speakers were: Hamilton, Smith and Qun, while the negative was upheld by Bonchek, Griffith and Shloemaker. The negative received the decision.

Nominations for officers of the second term were to be voted on next week, as follows: For Moderators, Hugers and Craster; First Censor, Qun, Second Censor, Flithman and Trumbauer. Secretary, Bond and Learned; Recorder, Griffith and Adhes, Treasurer, Shloemaker. Librarian, Birkett.

Indiana State Club Meeting.
The Indiana State Club will hold its first meeting for this year next Thursday night in Hoesten Hall at 8 o'clock. During the smoker talks will be given by prominent men. It is especially important that every member be present, as plans for a meeting during the Christmas vacation will be discussed.

Zoological Society Meeting.
"Modern Drama" and "Books" were discussed at a meeting of the Zoological Society held last night. J. A. Wessels plead for the former and A. Mercier an argument based upon intelligence to the latter. J. B. Barrett, C. H. 12, was elected to membership in the society.

was a speaker at the Pennone Place
Student Conference. In previous years
he has also attended the Northfield
Conference and the Silver Bay Con-
ference. After the end of the service
Monday morning all persons interested
in immigration questions would come
and hear Dr. Jenks deliver a second
address on "The Immigrant as a Fac-
tor in the Industrial World." This
evening Dr. Jenks will hold an informal
meeting in Houston Hall, taking for his
subject "What Students Can Do to Help
the Immigrant Problem." He will
come to the University the afternoon
direct from a visit to Washington, where
the United States Immigration Commis-
sion has been holding sessions.

New Veterinary Building.
Work on the Veterinary Building is
progressing with the utmost rapidity
despite the severe weather. Three

LA ST LECTURE OF SERIES
Dr. John Dewey Delivers Last Lecture on "The Problem of Truth" at Houston Hall Yesterday.

Dr. John Dewey, of Columbia University, declared that the mind of the savage in point of quality and quantity was the mind of the modern man, in the last of his series of lectures on "The Problem of Truth." in Houston Hall, yesterday. The difference, he said, resided only in the respective equipment of the two.

"The savage was savage," he said, "is not inherently inferior to that of a modern man. Quantitatively and qualitatively it is the equal of the mind of the educated and civilized man. The difference in intellectual output may be ascribed to the difference in equipment and experience."

Dr. Dewey's statement was pursuant to a discussion of the various schools of thought, commonly listed as "idealism," "realism" and "pragmatism." Dr. Dewey's presentation was the last of the best exponents of the last-named school. His lectures have amused, interested, and instructed the graduate students and instructors in the philosophy department.
