The varsity soccer team was defeated 1-0 by Haverford Saturday afternoon at Hav- erford College. The game was played between the varsity teams of the two institutions on the soccer field of Haverford College, the final score being 1-0. The varsity team was led by the president of the team, with the assistance of the coaches and the assistant coaches. The game was played in good weather, with the temperature being about 70 degrees Fahrenheit. The varsity team played well, and the Haverford team, although they were the underdogs, played well and scored the only goal of the game.

Four representative Pennsylvania teams, including the varsity team, were chosen by the student body for the championship tournament. The tournament was held at Haverford College, and the final results were as follows: College A, B, C, and D. The varsity team was the only team from Pennsylvania to participate in the tournament, and they were the only team to advance to the final round.

The varsity team was led by Captain John Smith, who was also the goalkeeper. The team was composed of four players from Haverford College, two from the University of Pennsylvania, and one from the University of Maine. The team was coached by Mr. John Brown, who had previously coached the varsity team at Haverford College.

The team played well against its opponents, and the final score was 1-0 in favor of the varsity team. The team's success was attributed to the strong leadership of Captain Smith, who was able to motivate the team to perform at their best level. The team's strategy was based on a strong defense, with the goalkeeper and the two defenders working together to prevent the opponents from scoring.

Despite the team's success, the players were tired after the game, and they were eager to rest and recover before their next game. The team's next game was scheduled for the following week, and the players were looking forward to it with excitement. The team's success in the tournament had brought pride and joy to the university, and the players were proud to represent their school and their home town.
THE PENNSYLVANIAN

The big meeting takes place to-night. It is the one opportunity of the year for the students of the University to get together and to tell the directors of the A. A. what they think of things. During the past twelve months, it may be assumed, some few, if any, rates among the undergraduates have suffered from ideas as to how the affairs administered from the office in the Gym. might be improved. This is the time to let the world know what has been thus endured.

There is a strong sentiment abroad that the undergraduates should have more to say in the management of the University's athletics, if this is the opinion of the majority, let them say so tonight. At present the committee in charge of each sport consists of two graduates and two undergraduates. This would seem on paper to point to the logical conclusion of undergraduate direction, but it is said that the voice of two graduates is in a "bigger noise" so to speak, than the best of the younger men's efforts. The time to start reforms is tonight.

ENFORCEMENT NEEDED

Another season has started with defeat—not as unexpectedly this time, perhaps, as when Urtazn sprung the trick, but contrary to all hopes at any rate. The most disappointing part of the game on Saturday night was the absence of cheering to urge the team on. There was hardly a whisper of encouragement. This has been the fate of our teams too often in the past. The Red and Blue quintet is always a good one, and every now and then—and without a great many years interest between recurrences of the event, at that—it manages to cap a championship.

Moreover, every one is interested in the basketball situations. The real part of the story, however, is that no one would suspect this last fact, if he judged only by the nature of the actu-
