CAPTAIN HAYDEN.

Princeton has an established reputation, and they have some men on the football team who are a little fast for us. Say, the Princeton cap-
tain, was the fastest forward in the game last year. He will be played against King, Pennsylvania's heavy and swift Captain, De Witt. Branson will be Pennsylvania's other center man. On the wing the Red and Blue will have E. Thayer and R. W. S., three of the finest forwards of the season. Hayden and Young have worked together for three seasons on the 10 this year at St. David's and made very good line. They are heavier than the usual football back field. The Pennsylvania back field will consist of Captain Hayden, center: Young, point; and W. Br. Green, half back. Hayden and Young have worked together for three years in the Pennsyl-
aviana back field, and they will show up plenty of opposition to the Princeton attack. They are both good forwards.

Practice was held yesterday at Haver-
dale. Only three men were present. Hayden, Armstrong and Hatton were the only back men present. The rest of the team were also in the line-up.

The Pennsylvania team will go to New York this week to play some exhibition games. Many of the Massachusetts teams are trying to place men over there and the University. The probable line-up of the teams will be:

SOCCKET MATCH CANCELLED.

Dangerous Condition of Franklin Field Made This Course Necessary.

Owing to the dangerous condition of Franklin Field, the management of the Varsity soccer team found it necessary to cancel today's game with Providence.

It was the intention to clear the field of the greater part of the snow before the sudden cold wave has frozen it to such an extent that the field produces an appearance of rock-like, jagged ice, which would be impossible, and, at the same time, make it ex-

Nine degrees were conferred by the University at the commencement at the annual University Council, and twenty and two were awarded as of the classes of 1880 and 1889. All departments were repre-

nentatives present from the College. Henry Rodman Wylly, Hon. C. A. Frank Kenneth Wallis, was present from the University, Lee and George Adams Lippincott from the University for the degree of Bachelor of Medicine Class of 1899, respectively.

The Rev. Mr. W. E. Harrison Last Night.

"There are silent givers," he said, "many who do their work in the rear of the work of the University with a generous spirit whose constant benefactions remain unknown. One of these is Mr. Rowan, and, as a testimonial and an appreciation of his services, the Hon. Dean Elizabeth was invited and accepting the portrait for the Trustees, Dr. Harrison dwelt upon the work of the Varsity and the association of the Trustees in the time when Dr. Rosenberg was lady of the class. Dr. Rosenberg has recently been admitted to the leading institutions of Harvard University and the office of the....

APPRECIATION.

Three thousand undergraduates attempted to voice their appreciation of Professor and Mrs. Harrison last night.

Without need to say, the demonstration but foolishly disclosed the fullness of their feeling.

It marked the close of an epoch that has been the greatest in Pennsylvania's history. To attempt to detail the results of Charles Caspar Harris- son's efforts for Pennsylvania would involve many hours of arduous work.

His achievements may be summed up by saying that whatever phase Pennsylvania occupies today is largely due to his efforts. "Love, Ability, Fidelity and Victory" aptly characterize the man.

And when the University presented its jubilant union of cadets at the reception, it merely testified to the love and respect that every Pennsylvania has for the educator and Constructors who has so long directed the advance of the Red and Blue.

In Mrs. Harrison, the Provost has had a wondrous side, and the stud- ents' affection for her is no less great than for their retiring leader. Provost and Mrs. Harrison have always been coupled in their relations with the University. It is impossible to think of one without the other. Pennsylvania has been blessed in the re- sult of their combined labors.

A FREQUENTER RETURNS.

Bishop Taitoll Will Again Be Speaker at Sunday Service.

Dr. Ebenezer Taitott, Protestant Episcopal Bishop of Central Pennsylvania, and for many years a regularly scheduled speaker at Student services, will again be heard in Houston Hall tomorrow morning at 11 o'clock.

A graduate of Dickinson College and of the General Theological Semi- nary, Bishop Taitott has been noted as one of the most popular speakers among college men. He often visitates Princeton, Cornell and his Alma Mater, and has innumerable invitations from other institutions of the East.

One ounce of fact outweighs a pound of theory. It is what you see for yourself, not what you read or what you hear, that really benefits you.

I AM ADAM

Long experience in the tailoring business has taught us that it is facts that count. We make no suits to fit theoretical men. When your suit is cut here it is cut to fit you, to provide for your individuality, and develop your figure to the best advantage.

This matter-of-fact training leads us to sell tailoring on a matter-of-fact basis, to say to you or to any man, "Come in, look over our seasonable suits and overcoats; prices from $25 to $40."

"Look around without feeling any obligation to buy."
Each bolt of cloth is plainly given with the price per suit. Make your selection and compare that selection with the best you can procure elsewhere—remember that on style, fit, and management the suit must be entirely satisfactory to you before we are willing that it shall leave our establishment.

We deal in facts, we welcome matter-of-fact comments, are glad to furnish samples for the purpose.

Full Dress Suits

The making of Full Dress Suits is an important part of our business because it seems as if every customer we have places an order with us.

This condition is due to our success in the fit, in the finish of the garments and the moderation in price. We make a fine silk-lined suit at $40 and one at $50 is also a leader.

Do not forget that this is no higher than a ready-made suit, yet the latter will be outgrown in a year perhaps, while ours will last five, owing to the fact that we provide large outlets. Which will you choose?

Perhaps you only need a coat? Or a white waist? Of the latter, we show a hundred patterns at 47 to 112.
